PROFESSIONAL BUSINESS ADMINISTRATION FRATERNITY

FOUNDED 1907

JANUARY 1964

The International Fraternity of Delta Sigma Pi

*Professional Commerce and Business
Administration Fraternity*

Delta Sigma Pi was founded at New York University, School of Commerce, Accounts and Finance, on November 7, 1907, by Alexander F. Makay, Alfred Moysello, Harold V. Jacobs and H. Albert Tienken. Delta Sigma Pi is a professional fraternity organized to foster the study of business in universities; to encourage scholarship, social activity and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial world and students of commerce, and to further a high standard of commercial ethics and culture, and the civic and commercial welfare of the community.

IN THE PROFESSIONAL SPOTLIGHT

In this issue our Spotlight turns to a civic project of Gamma Psi Chapter at the University of Arizona. Here we see members of Gamma Psi Chapter enlisting donors for the Arizona Eye Bank which activity was conducted jointly with the local Lions Club.

JOE M. HEFNER
Beta Upsilon—Texas Tech.

A PROFESSIONAL FRATERNITY is not an honorary society as some people think. It is a specialized fraternity which limits its leadership to a specific field of professional education. It maintains mutually exclusive membership in that field and it organizes its group life both socially and professionally, to promote professional competency and achievement within its field.

Delta Sigma Pi is such a fraternity in the field of business and commerce dedicated to the task of helping solve one of the greatest problems facing the world today—that of the lack of understanding among business men.

First, let us look at the advantages of professional fraternity membership during college years. The association with other men in a specific field, such as business or commerce, offers opportunities to develop sound professional philosophies. Chapter projects and programs of a professional nature broaden the educational advantages of our members. It offers the opportunity for our members to observe the everyday working routines of business while studying the basic principals involved in their college courses.

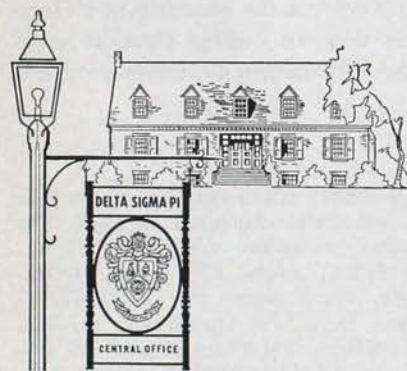

Delta Sigma Pi as a professional fraternity, also maintains a close relationship between its chapters and the college or university where they are established. Service projects by Delta Sigma Pi chapters for the college or university are highly encouraged by your Grand Council, such as registration information centers, special volumes for your libraries pertaining to business or commerce courses, or the sponsorship of outstanding speakers for the benefit of the student body.

There is another important area in which our fraternity contributes to the college or university. Scholastic requirements for individual members are always above their department average—therefore our chapters help and encourage higher academic standards.

Still another advantage of our fraternity is the opportunity for active chapter members to maintain a close relationship with alumni already established in their chosen field. This becomes an invaluable asset after graduation. We do not profess to be “employment agencies”—but many a graduating senior has had many a door to opportunity opened to him by his alumni brothers.

In addition to the wide variety of services to the campus, the community, and your chapter, Delta Sigma Pi is an integral part of American life and education. It brings to our brothers a concrete experience in American democracy, develops leadership and builds character. Every headline about Berlin or Russia makes it clear that this is a testing time for Americans. The conflict between the ideas of the free world and those of communism has never been more apparent than it is today.

Because God has seen fit to give us peace and prosperity in this great land, we must shoulder the difficult burden of leadership, not only in the business world, but in the free world. Through our profession and the media of oral communication, we can contribute significantly to a more articulate nation. But whether your professional field be accounting, management, marketing, foreign trade or teaching—your fraternity deserves your best. Give to it your time, talent and energy . . . now and after graduation. For it is from our membership that America will find her business leaders of tomorrow.

A Word From The Central Office

THIS PAST FALL has been one of the busiest that I can remember at The Central Office. It seems like the mail is greater, requests for Chapter Efficiency Contest points are greater, the enrollment of new Active Life Members is greater, alumni activities interest is greater, pledge classes are greater, participation in *The DELTASIG* is greater, in fact everything is greater. We believe that this is a clue to a record breaking year for Delta Sigma Pi.

In addition to the things I have already mentioned, our visitation program this Fall has kept us mighty busy. By the time that the first semester ends, Charles and I will have been on close to 60 campuses or half of the Fraternity. It has also been our privilege to represent Delta Sigma Pi at the officers' meeting of the Interfraternity Research and Advisory Council, the 68th Annual Congress of American Industry of the National Association of Manufacturers, and the meeting of the Council for Professional Education for Business. Attendance at the presentation to Watrous Irons, *Deltasig of the Year 1963*, and an Executive Committee Meeting of Delta Sigma Pi has given us a more than full travel program. We believe, however, that our Fall travels will pay off in a tremendous Spring.
—JIM THOMSON

The New Grand Council Now Administering Delta Sigma Pi

THE DELEGATES to the 24th Grand Chapter Congress in Bedford, Pennsylvania elected Joe M. Hefner of Lubbock, Texas as Grand President of Delta Sigma Pi and gave him the following administrative body with which to work during the coming biennium: as *Director-at-large*, Charles I. Sutton of Scottsdale, Arizona; as *Director of Business Education*, Walter A. Brower, Jr., of Trenton, New Jersey; as *Director of the Eastern Region*, M. John Marko of Irvington, New Jersey; as *Director of the Southeastern Region*, William N. Bowen of Columbia, South Carolina; as *Director of the East Central Region*, Andrew T. Fogarty of Cincinnati, Ohio; as *Director of the Central Region*, Thomas M. Mocella of Chicago, Illinois; as *Director of the South Central Region*, Max Barnett, Jr., of New Orleans, Louisiana; as *Director of the Midwestern Region*, LaVerne A. Cox of Lincoln, Nebraska; as *Director of the Southwestern Region*, Frank L. Strong, of Dallas, Texas; as *Director of the Inter-Mountain Region*, Warren E. Armstrong of Albuquerque, New Mexico; as *Director of the Western Region*, Burell C. Johnson of Orinda, California; as *Past Grand President*, Franklin A. Tober of Buffalo, New York; as *Executive Director*, James D. Thomson of Oxford, Ohio; and as *Executive Secretary*, Charles L. Farrar of Oxford, Ohio. Following are sketches of each of these men:

JOE M. HEFNER, Grand President

HEADING the Grand Council of Delta Sigma Pi is a man that has proven himself to be a most capable leader and one devoted to Delta Sigma Pi. During the past 16 years, since his initiation as a

charter member of Beta Upsilon Chapter at Texas Technological College in Lubbock, Texas, Brother Hefner has served in most every position of leadership in the Fraternity from the undergraduate chapter to the Grand Council. Almost all of the scholarship and incentive programs of Beta Upsilon Chapter bear his name and were created by him. Joe has endeared himself to the chapters in the Southwestern Region of which he served as Regional Director, and has won the respect of the Grand Council of which he has been a member for the last six years.

Brother Hefner makes his home in Lubbock, Texas where he is employed as a special representative of the Amicable Life Insurance Company. He has made his mark in his field and holds many honors including membership in the Amicable Million Dollar Club. Joe and his wife Tommie are the proud parents of two children.

JAMES D. THOMSON, Executive Director

IN 1940 Jim became a member of Beta Chapter at Northwestern University which chapter he later served as president. While at Northwestern he was president of the Commerce Club, and received its award in recognition of his contribution to the welfare of the School of Commerce. He also won the Delta Sigma Pi Scholarship Key and was given the Psi Gamma Rho prize for the outstanding junior. Jim also was president of the Student Council of Northwestern University Chicago Campus.

As Assistant Grand Secretary-Treasurer, Jim joined the staff of the Central Office of Delta Sigma Pi in 1946. At that

time he was purchasing agent for a food manufacturing firm and had nine years of experience in industry and banking. Upon the retirement of H. G. Wright in 1955, Brother Thomson became Executive Director and now has close to eighteen years of service in The Central Office.

Jim lives in Oxford, Ohio with his wife, Lillian, and two children.

CHARLES L. FARRAR, Executive Secretary

A POPULAR figure among the undergraduate chapters is Charles L. Farrar, the Executive Secretary of Delta Sigma Pi. Charles joined the staff of The Central Office in 1959 as a Field Secretary after having served as president of Beta Psi Chapter at Louisiana Polytechnic Institute in Ruston, Louisiana. He has also served this chapter as vice-president and DELTASIG correspondent. After a most outstanding record as Field Secretary, Charles was elevated to the position of Executive Secretary and given the responsibility of supervising the undergraduate chapters of Delta Sigma Pi.

Brother Farrar is a native of Louisiana, but presently makes his home in The Central Office of Delta Sigma Pi in Oxford, Ohio. Prior to joining The Central Office staff, Charles served in the armed forces and was employed by the Olin Mathieson Chemical Company in Arkansas.

FRANKLIN A. TOBER, Past Grand President

BROTHER TOBER hardly needs any introduction, especially to those that were in attendance at the 24th Grand Chapter Congress in Bedford, Pennsylvania. Frank is one of the senior members of the

Grand Council, having served as Director-at-Large and as Regional Director, prior to his becoming Grand President at the 23rd Grand Chapter Congress in Asheville, North Carolina. Brother Tober is a member of Alpha Kappa Chapter at the University of Buffalo of which he has served as president and later as Chapter Advisor. While in college Frank won the Delta Sigma Pi Scholarship Key.

Frank is manager of industrial engineering of the Remington Rand Division of Sperry Rand Corporation's plant in Tonawanda, New York. He makes his home in Buffalo, New York with his wife, Jane, and five children.

CHARLES I. SUTTON, Director-at-Large

RETURNING to the Grand Council as Director-at-Large is Charles I. Sutton

of Scottsdale, Arizona better known as "Buzz." "Buzz" became a member of Gamma Omega Chapter of Delta Sigma Pi in 1955 and a year later served as president of this chapter at Arizona State University. Following graduation, he became a District Director of Delta Sigma Pi and then Director of the Inter-Mountain Region of the Fraternity.

Brother Sutton was born in Indiana, grew up there, and then moved to Phoenix, Arizona in 1945. After several years in various businesses he decided to go back to college to complete his degree which he accomplished in three years graduating cum laude. He now is manager of the Mesa Office of the Arizona State Employment Service which position he has held since 1961. "Buzz" is also an active member of the Coconino County Mounted Sheriff's Posse.

WALTER A. BROWER, Director Business Education

CONTINUING the fine work he began six years ago in the post of Director of Business Education is Walter A. Brower, Jr. an alumnus of Beta Xi Chapter at Rider College. Brother Brower became a member of Delta Sigma Pi in 1954 and since that date he has served as Chapter Advisor, president of the Trenton Alumni Club, and as a member of the Executive Committee of Delta Sigma Pi.

At Rider College, where he is employed, he is the Dean of the newly created Graduate School. He is the author of several books in the field of business education and he holds memberships in many educational organizations.

Brother Brower makes his home in Mount Holly, New Jersey with his wife Shirley and his young son, Douglas.

M. JOHN MARKO, Director Eastern Region

IN HIS THIRD YEAR as Director of the Eastern Region is M. John Marko an alumnus of Beta Rho Chapter at Rutgers University. John is a charter member of this chapter and has also served as its president and later as its District Director. He also holds the distinction of being president of the Newark Alumni Club of Delta Sigma Pi. Another Fraternity office that John holds is that of vice president of the Educational Foundation.

Shortly after his graduation from high school, John became associated with the Western Electric Co. where he has served in a management capacity in various company phases including manufacturing, engineering, merchandising and labor relations. He is currently a department chief responsible for the negotiation

and administration of contracts with the Government.

WILLIAM N. BOWEN, Director Southeastern Region

MOVING UP from the post of District Director to that of Regional Director in the Southeastern Region is William N. Bowen, an alumnus of Beta Gamma Chapter at the University of South Carolina. Bill became a member of this chapter in 1953 and held several offices in it including that of president. Following graduation Brother Bowen continued his interest in Delta Sigma Pi participating in three Regional Meetings, one of which he served as chairman.

Brother Bowen's career in the business world after graduation involved the responsibilities of assistant treasurer of the University of South Carolina, executive secretary of the alumni association,

director of the alumni activities, and executive director of the educational foundation. Today he is the executive vice president of the South Carolina Savings and Loan League. He makes his home in Columbia, South Carolina.

ANDREW T. FOGARTY, Director East Central Region

ONE OF THE NEW MEMBERS of the Grand Council is Andrew T. Fogarty, an alumnus of Alpha Theta Chapter at the University of Cincinnati. Andy became a member of this chapter in 1950. In 1951 he served as president and later as president of the Cincinnati Alumni Club of Delta Sigma Pi. He has been the Official Delegate to two Grand Chapter Congresses and was a member of the Committee for the 22nd Grand Chapter Congress. Andy has also served as a District Director.

At the present time, Brother Fogarty is a sales representative of the International Business Machines Corp. which organization he joined in 1957. Andy makes his home in Cincinnati with his wife and children. Rosemary, his wife, is the current president of the Delta Dames, women's auxiliary of the Cincinnati Alumni Club of Delta Sigma Pi.

THOMAS M. MOCELLA, Director Central Region

THE NAME MOCELLA is not new to the Grand Council of Delta Sigma Pi, but Tom is. Following in his brother Bob's footsteps, Tom became a member of Beta Chapter at Northwestern University in 1947. While an undergraduate he won the Delta Sigma Pi Scholarship Key, two Commerce Club Awards, the H. G. Wright Scholarship Award, and the Northwestern Service Trophy. He also served as president of the senior class.

Brother Mocella is employed as an officer in the Public Relations Department of the Harris Trust and Savings Bank in Chicago and is a part time member of the faculty at Northwestern University. He is a past vice president of the Chicago Junior Association of Commerce and Industry and was named one of Chicago's ten outstanding young men in 1959.

Tom makes his home in a Chicago suburb with his wife Lois and three children.

MAX BARNETT, JR., Director South Central Region

A MOST FAMILIAR FACE on the Grand Council is that of Max Barnett an alumnus of Gamma Mu Chapter at Tulane University. Prior to his becoming Regional Director, Max was chairman of the 1958 Regional Meeting that Delta Sigma Pi held in New Orleans, and he also served as a District Director during which time he developed our chapter at Loyola of New Orleans.

In New Orleans, Max is also a most familiar person and has been twice selected as New Orleans' most outstanding young man. He has also served as president of the Young Men's Business Club, which has a membership of 3,500 young men. Other groups of which he has served as an officer are the Chamber of Commerce, the Metro Safety Council, the International House and the Executive's Club of New Orleans. On several occasions Max has been called upon to make trips to foreign countries as an ambassador of good will from the United States.

LAVERNE A. COX, Director Midwestern Region

RE-ELECTED as Midwestern Regional Director is LaVerne A. Cox of Alpha Delta Chapter at the University of Nebraska. For a number of years LaVerne served as Faculty Advisor to this chapter and was instrumental in their obtaining their present chapter house. Up until recently he was president of the Alpha Delta Chapter Housing Corporation, and the Lincoln Alumni Club of Delta Sigma Pi.

Brother Cox is on the staff of the College of Business Administration at the University of Nebraska and is in charge of the Data Processing Center there. Previously he worked in The United States Treasury Department and the Federal Security Agency. He has been active in the National Association of Accountants, and chairman of the education committee of the Systems and Procedures Association.

FRANK L. STRONG, Director Southwestern Region

A NEW MEMBER of the Grand Council is Frank L. Strong an alumnus of Beta Nu Chapter at the University of Pennsylvania, who has been living in Dallas, Texas for some time. Frank not only held many offices in Beta Nu Chapter, but also served as an officer of the Philadelphia Alumni Club before moving to Dallas. In Dallas, he served as treasurer and then president of the Dallas Alumni Club and then as a District Director in the Southwestern Region of Delta Sigma Pi. In total, Brother Strong has been serving Delta Sigma Pi for 16 years.

Frank is employed by the Atlantic Refining Co. in the Crude Oil Supply Department. He is also chief accountant of two subsidiary companies, Iran Atlantic Company and Atreco, Inc. Brother Strong makes his home in Dallas with his wife, Jean, and son, John.

WARREN E. ARMSTRONG, Director Inter-Mountain Region

CONTINUING as Director of the Inter-Mountain Region is Warren E. Armstrong an alumnus of Gamma Iota Chapter at the University of New Mexico, where he became a member in 1950. Prior to becoming a Regional Director, Warren served as president of both Gamma Iota Chapter and the Albuquerque Alumni Club, and as a District Director of Delta Sigma Pi. During this period he participated in several Regional Meetings

and the installation of new chapters in his area.

Brother Armstrong lives in Albuquerque, New Mexico and is the owner of the Armstrong Chemical Company which he operates there. He is also active in the Lions Club, of which he has served as president, and is a member of the Shrine.

BURELL C. JOHNSON, Director Western Region

ENTWINED in the history of Delta Sigma Pi on the West coast is the name of Burrell C. Johnson, the present Director of the Western Region. Since 1949, Burrell has been active in the expansion of Delta Sigma Pi in the West and has played an important part in the installation or reactivation of all of our chapters there. In addition to serving as president of Phi Chapter at the University of Southern California, which he reactivated, Burrell has been a District Director of the Western Region and president of both the Los Angeles and San Francisco Alumni Clubs of Delta Sigma Pi.

Brother Johnson is manager of the San Francisco area of the National Cylinder Gas Company, with offices in San Leandro, California. He makes his home in Orinda, California with his wife, Sherry, and his two daughters, Gay and Heidi.

Watrous H. Irons Honored As "Deltasig of the Year 1963"

FROM MANY outstanding candidates submitted by our chapters, alumni clubs and national officers, Dr. Watrous H. Irons, president of the Federal Reserve Bank of Dallas, was selected by the Grand Council of Delta Sigma Pi as "Deltasig of the Year 1963." Brother Irons is a former faculty member of Beta Kappa Chapter at the University of Texas.

This award was made in recognition of outstanding achievements in Finance and Banking at a luncheon on December 7, 1963, at Holiday Inn Central in Dallas. Past Grand President Kenneth B. White was toastmaster and Grand President Joe M. Hefner of Lubbock made the award.

In attendance were many of Dallas' leading businessmen, including Mayor Earl Cabell who presented the *key to the city* to Grand President Hefner. A large number of area Deltasigs and their wives were also present. Dr. Robert Raible, who gave the invocation, is a charter member of Eta Chapter at the University of Kentucky and was initiated in 1920. Undergraduates from nine Southwestern Region chapters were present.

The new Executive Committee of Delta Sigma Pi, Joe M. Hefner, M. John Marko, Walter A. Brower and Charles I. Sutton, held their first meeting at the Holiday Inn Central in conjunction with the award luncheon. Other members of the Grand Council attending the luncheon and Executive Committee meeting were Executive Director J. D. Thomson and Southwestern Regional Director Frank L. Strong.

DELTA SIG OF THE YEAR 1963, Watrous Irons, receives a plaque from Grand President Joe M. Hefner at the ceremonies in Dallas.

Brother Irons attended the University of Georgia and Pennsylvania State College, receiving his B.A. from the latter in 1925. He also holds Master's and Doctor's Degrees from the University of Pennsylvania. Upon receiving his Ph.D. from Penn in 1937, he served as professor of Banking and Finance at the University of Texas until July 1945 when he

joined the Federal Reserve Bank of Dallas as Director of Research. In quick succession, he became Vice President in April 1946 and President in February 1954, the position which he now holds. Dr. Irons is a nationally known economist and highly respected in banking circles, particularly in the Federal Reserve System. He is currently chairman of the Committee on Research and Statistics and a member of the Committee on Legislation of the Conference of Presidents of the Federal Reserve Banks; chairman of the Investment Committee of the Retirement System of the Federal Reserve Banks; a member of the American Economic Association, the Southwestern Social Science Association and the American Finance Association. He is also active in civic endeavors, being a member of the Dallas Citizens Council, a former director of the Texas United Fund, and a member of the Advisory Board of the Salvation Army.

This is the 12th annual "Deltasig of the Year" award. The first such award was made in 1952 and was inaugurated by the late Allen L. Fowler, who served as Grand President of Delta Sigma Pi. The present program is being perpetuated in his name by a trust fund created by Brother Fowler's family.—FRANK L. STRONG

THE NATIONAL OFFICERS, past and present, that were in attendance at the Deltasig of the Year presentation in Dallas, Texas. From left to right: Director At-Large Charles I. Sutton, Director of Business Education Walter A. Brower, Jr., Past Grand President Kenneth B. White, Grand President Joe M. Hefner, Southwestern Regional Director Frank L. Strong, Eastern Regional Director M. John Marko, Executive Director James D. Thomson, and District Director Jack Fincher.

Excerpts From Address of Deltasig of Year Watrous Irons

I AM DEEPLY APPRECIATIVE of the signal honor the members of our fraternity have bestowed on me today. To be selected as the "Deltasig of the Year" is an honor that can come only to a very few. Obviously no such recipient can truly feel that he is adequately worthy of being so selected, but I am equally sure that all who have received this award have experienced the same sense of humility and deep satisfaction that I feel today, and I thank each Deltasig who has had a part in this occasion.

A few weeks ago when Brother Kenneth White advised me of this event he also advised me that it would be appropriate if I would address the luncheon group on a subject of my choice. Inasmuch as the interests of Delta Sigma Pi are concentrated in commerce and business administration at the collegiate level, it seems appropriate to me to speak briefly and informally on the general subject of Business Conditions and Problems. The great majority of this audience either is now or will soon be facing these conditions and problems, therefore to talk about them today, even though only superficially and for a few minutes, may be of interest.

First, a few words about business in 1963. At this time of year we are near enough to the year-end to be able to say with some assurance that the year 1963 will prove to be our "best" year. Almost

all of the major economic indicators that are watched closely by analysts will end the year at record levels. Moreover, the expansion that has taken place in economic activity during the past eleven months has been general in its coverage and has come about without the development of any serious unbalancing factors.

I will not dwell upon the statistics except to mention quickly a few of those which reflect the broad general growth in economic activity that has taken place. The value at current prices of all of the goods and services produced during 1963—the so-called Gross National Product—will show an increase of approximately five percent over the comparable data covering 1962. Furthermore, the value of the nation's output in the form of goods and services will closely approach, if it does not reach, the \$600 billion mark by the end of the year. The output of our factories, as reflected by the Industrial Production Index, will show an increase of near five percent. Employment is at a record level, while consumer expenditures as indicated by retail trade figures also will reach record proportions by year-end.

Personal income, which has moved upward almost every month, will show a satisfactory increase in the neighborhood of five percent; at the same time consumer liquidity as reflected by the

growth of savings is very favorable. In the durable goods area of our economy records have been approached.

Perhaps the most glaring exception to the high level of economic activity that has prevailed is in the area of unemployment, where the number of unemployed as a percentage of the labor force has shown no real improvement during the year. The unemployment rate continues at the high level of just less than six percent, a performance that is not satisfactory and constitutes one of our major problems.

Now, as we move into the year 1964, the outlook is favorable. It seems almost certain that our economy will move into the \$600 billion plus range and that further increases are ahead in industrial production, retail trade, personal incomes, private capital expenditures, and expenditures of consumers, business, industry and government. Fortunately there do not appear on the surface serious imbalances of the sort that in the past have signaled a change in the trend of economic activity.

At the same time, however, one should quickly emphasize that a number of major problems of an economic nature have not been solved and will continue to plague us during the months and possibly years ahead. Even a quick review of these problems emphasizes the danger of the development of complacency in our economic thinking. This we must avoid at all costs. We cannot conclude that merely because 1963 will be a record year and the outlook for 1964 appears favorable that we will not face major problems, solutions for which must be found. This is certainly a challenge that at the present time faces all of us.

Despite the overall growth in economic activity of about five percent, as reflected by the Gross National Product, there is still the serious and controversial question as to whether five percent growth in economic activity is sufficient to maintain our economy in a healthy state and to utilize our resources, human and material, as fully as is desirable. There are those, with some basis, who believe a growth rate appreciably higher than five percent must be attained if we are to put our work force adequately to work.

Immediately, this question leads into the problem of unemployment. Admittedly an unemployment rate of 5.8 or 5.9

WATROUS IRONS, Deltasig of the Year 1963, addresses over 175 Deltasigs, their wives, and guests at the Presentation Luncheon held at the Holiday Inn Central in Dallas, Texas.

GRAND PRESIDENT JOE M. HEFNER formally presents Watrous Irons as the Deltasig of the Year 1963 in Dallas, Texas.

percent of the labor force is undesirably high. We must seek the answer to this problem and determine to what extent it is basically in the area of cyclical, structural, or possibly frictional developments. An increasing portion of our time must be devoted toward achieving on a sound sustainable basis the optimum growth in economic activity and the optimum utilization of our ever-growing labor force. The search for the achievement of this objective will not be an easy one.

Relatively little progress was made during 1963 toward the fundamental solution of our international economic position. The nation's balance of payments continues to show an undesirably large deficit. Short-term dollar holdings are accumulating abroad and they do represent, at least in part, a potential demand for our gold. The Federal Reserve System and the Treasury, working cooperatively with foreign central banks have built up a series of mechanisms which have been serving as a line of defense, but much work of a fundamental nature remains to be done. There is no more important problem facing the American nation in an economic sense than the problem of confidence in the dollar. Unquestionably there is confidence abroad in the American dollar. This is evidenced by the fact that foreigners are willing to hold dollars in growing amounts. We must not permit that confidence to be lessened in any degree.

In another area, namely fiscal policy and the Federal budget, I think we would agree that it is time to bring our fiscal house in order. Still another problem area about which there is considerable uncertainty is the matter of the tax structure. This subject has been widely dis-

cussed and is at present under legislative consideration. Until we know what type of tax legislation is effected we will not be able to determine its potential economic influences.

Finally, in my judgment, we cannot overlook the possibility of recurring inflationary pressures. Here again, business, industry, labor and government—and one might also add consumers—must bend their every effort toward preventing an inflationary movement from reappearing and gaining strength in our national economy.

A quick review of this sort can do no more than to point up a few economic signs in the wind. Such a review, however, does emphasize the challenges that will confront us during the year ahead and the compelling necessity for at least their partial solution. This stands as a challenge to all groups that comprise our American economic system.

I think it is appropriate at this point to say a few words about the need for a better trained, better educated pool of

economic manpower in this country. We know that we are living in an age of automation, electronics, computers and the other marvels of our time. We have read and heard a great deal regarding the need for an increasing number of highly trained, skilled, educated men in the fields of physics, mathematics, chemistry, and other sciences. Undoubtedly this demand for scientists is present and very real but we should not overlook the fact that we cannot continue to achieve the tremendous advantages of these scientific developments unless we can maintain a sound, healthy economic system. Actually our space science developments, our rockets, electronic devices, and the many other miracles of the period are based fundamentally on the existence of a sound, sustainable, expanding economic system. Without the latter we simply cannot enjoy the great advantages of the former.

If this is true, then it emphasizes the growing and compelling need for better trained men to enter into the field of business management, business administration, money and credit, and economics. Those of us in these fields are well aware of the difficulty of obtaining the competent manpower that we need in our respective business operations. We know that we must have more men and women to take on the jobs at all levels in business, banking, production and the various other economic segments of our economy if we are to be able to meet the pressing problems that confront us. To our educational institutions and to organizations such as Delta Sigma Pi, with its active interest in commerce and business in all their ramifications, this is the ever present challenge which faces us in the years ahead.

MAYOR EARL CABELL of Dallas, Texas surprises Grand President Joe M. Hefner with a Key to the City.

Alpha Chapter Quarters Dedicated Founders' Day at New York University

ON NOVEMBER 7, 1907, an idea was born and nourished in the fertile minds of four New York University students. Today that idea is embodied in an organization of over 54,000 initiates.

Appropriately, after 56 years of proud progress the eyes of Deltasigs everywhere are turned again to New York University's Washington Square Campus, where the bedrock of Deltasig was laid. On this same ground the Deltasigs of Alpha

merce. For the past five years much of their time has been spent planning and fund-raising. They pursued this tirelessly so that Alpha chapter could occupy its rightful place among the fraternal community. They have indeed succeeded. Moreover, the actives have learned to become more closely bound in brotherhood because of the outstanding example of the alumni brothers.

Significantly, the arrangement of locating fraternity quarters within the complex of New York University's dorms represents a unique venture in university-fraternity relations. In the dorm floor immediately above Alpha chapter, brothers may live in with private bath. Yet Alpha chapter's private street entrance enables the chapter to be an independent unit within the New York University facilities.

Deltasigs in the New York area celebrated this year's Founders' Day in our new home. In attendance to help celebrate both the christening and birthday were some of the Fraternity's earliest brothers, including Frank McGoldrick, Bill McKay, Phil Warner and Henry Warden.

A PART of the new library of the Alpha Chapter House at New York University showing pictures of Founder Alexander F. Makay and Alpha Chapter's first advisor, Dr. Lee Galloway.

We would like to extend a cordial invitation to all Deltasigs who might be in New York to drop in at the new Chapter House, at 5-11 University Place, Greene Street entrance.

All Deltasigs can be proud not only of the new Alpha chapter quarters, but even more of the strong and lasting bonds of fraternalism that have made it possible.

NEW YORK ALUMNI CLUB President Francis J. McGoldrick presents to Alpha Chapter President William V. Smalley the key to the new Chapter House.

Chapter have rallied and built a glowing tribute to the spirit kindled more than a half-century earlier.

Located in the second floor of a just-completed ten story men's residence hall Alpha chapter's new six-room home has a private entrance facing Greene Street on one side and, on the other, a ten story girl's dormitory.

The new Alpha chapter home is a showplace. Tastefully furnished in Danish modern furniture, and plushly carpeted, the new Alpha chapter quarters are the envy of every fraternity on campus. All this would have remained a dream but for the unstinting work of the Alpha chapter alumni, true men of com-

ADMIRING the new Alpha Chapter House at New York University are President William V. Smalley, Past Grand Presidents Francis J. McGoldrick and Philip J. Warner, Eastern Regional Director M. John Marko and District Director William W. Myers.

Delegate Reports on NAM's Congress of American Industry

By John M. Harmon, Beta Kappa Chapter

THE 68TH ANNUAL CONGRESS of American Industry, the yearly convention of the National Association of Manufacturers, was held December 4 through December 6, at the Waldorf-Astoria in New York City. More than 2,000 delegates and guests, representing five regional divisions and the NAM Education Division, attended the daily sessions and the Annual Banquet and saw the sights in Gotham.

The NAM Education Division had more than 30 student guests and numerous educators from all over the nation. The student guests included representatives from various manufacturers' asso-

ciations, manufacturers, business organizations, and a scholarship winner from each regional division. Grand President Hefner, Executive Director Thomson and I represented Delta Sigma Pi.

During the morning of December 3 the Education Division guests were taken on an interesting bus tour of Manhattan and surrounding areas. That afternoon we went to the site of the 1964 World's Fair and saw an elaborate model of the fair grounds. The next morning the Congress convened and held sessions each morning and afternoon.

Wednesday afternoon Mr. W. P. Gullander, President of the NAM, delivered

the keynote address, "Prosperity, Jobs and Economic Growth," and dedicated this as the general theme of the Congress. Other interesting presentations included an address by David J. McDonald, president of the United Steelworkers of America, "Time-Life Reports," a panel discussion between C. D. Jackson, Publisher, *Life Magazine*, and three of his top assistants, a panel discussion by four members of the Young President's Organization, and an address by Rev. Dr. Norman Vincent Peale at the Annual Dinner.

Perhaps this brief presentation will afford some idea of the events of the Congress. So much happened that it would almost be impossible to mention it all. The trip was certainly enjoyable and educational and would be well worth the time for any brother who goes as the Deltasig representative in the future.

Epsilon Phi Chapter Installed at Sacramento State College

THE EPSILON PHI CHAPTER of Delta Sigma Pi was installed at Sacramento State College on Sunday, May 5, 1963. This is the eighth chapter to be installed in the State of California, the others being Phi at the University of Southern California, Rho at the University of California, Gamma Xi at the University of Santa Clara, Gamma Omicron at the University of San Francisco, Delta Omicron at San Francisco State College, Delta Sigma at Loyola University of Los Angeles, and Epsilon Theta at Chico State College.

The installation ceremonies took place at the El Mirador Hotel in Sacramento, California, and began with the registration of the visiting delegations in the morning. A tour of the campus was followed by an informal luncheon at the Hotel. Early afternoon found the installation team in action formally initiating the new members of Epsilon Phi Chapter. The installation team headed by Regional Director Burell C. Johnson and Executive Director James D. Thomson consisted of the following: District Director H. Nicholas Windeshausen, District Director R. Nelson Mitchell, and members of the Gamma Omicron Chapter at the University of San Francisco, Delta Omicron Chapter at San Francisco State College, Delta Pi Chapter at the University of Nevada, and Epsilon Theta Chapter at Chico State College.

At the conclusion of the formal initiation, the scene shifted to the beautiful Sky Room of the El Mirador Hotel for the Installation Banquet. Burell C. Johnson, Western Regional Director, served as toastmaster and began the program by introducing John R. Cox, Executive Dean of Sacramento State College, who welcomed the new chapter to the campus. The chairman of the Division of Business Administration, Herbert J. Chruden, then told the history of the Division, and Jeffrey P. Cowan, secretary of Delta Sigma Chi Fraternity, related the local fraternity's founding. The highlight came with the presentation of the charge and charter by Executive Director James D. Thomson, Dale R. Brinsley, President of Epsilon Phi Chapter, accepted the

charter on behalf of the chapter with a few well chosen words. Fraternal greetings were then extended by District Director R. Nelson Mitchell, who read a number of the many telegrams and letters that had been received from all parts of the fraternity world.

The History of Sacramento State College

Located on the east side of the city of Sacramento and close to the banks of the American River, Sacramento State College educates and serves the people of California's growing state capitol and neighboring counties. Sacramento State College was created by the California State Legislature in June of 1947. A report of a state-wide survey of higher education had recommended that the college be established in Sacramento, yet be designed to serve the lower Sacramento Valley and surrounding area.

The story of Sacramento State College is the story of rapid but orderly growth in the fifteen year period since it was founded. Initially the college offered course work in the junior and senior

years only, while utilizing classrooms and facilities of Sacramento Junior College. In 1949, a new legislation authorized the college to extend its offerings to the full four year undergraduate program. The College was then under the control of the State Board of Education and subject to the laws and regulations governing California State Colleges. Land for an independent campus was later purchased on the east side of Sacramento. Construction of the first stage of campus buildings, following the master plan for a modern integrated campus complex, was completed in the spring of 1953. The first freshman class was admitted in the fall semester of 1954.

Since then the college has grown substantially both in educational program and physical plant. From the 100 students, who first enrolled in 1947, last fall's enrollment reached a record of 7,274 students. Of these students 4,505 are full-time regular students and 2,769 are part-time or limited students. From the first limited course offerings in only selected fields, Sacramento State College now offers a bachelor's degree in 40 different liberal arts and professional fields

THE LIBRARY on the Sacramento State College Campus is one of the examples of modern architecture that is carried out over the entire campus.

ranging from anthropology to zoology. Master's degrees are awarded in 15 different areas of study. Within the near future, it is anticipated that joint doctoral degrees will be awarded in cooperation with the University of California. In 1947, when Sacramento State College first opened its doors, the staff included only four full-time instructors and 27 part-time staff members. Today the faculty is approaching 400, of which 325 are teaching on a full-time basis. The academic reputation of Sacramento State College rests squarely and securely on the shoulders of these competent and talented people. In today's competitive market for teachers with the doctoral degree, Sacramento State College boasts a faculty of which over 50 per cent possess the doctorate. The national average of all U. S. colleges and universities does not exceed 40 per cent.

The campus of Sacramento State College represents an investment of approximately \$25 million. Recent additions have included an engineering building and art center. A three story, 80,000 square foot library serves the students and faculty. Sacramento State's campus also serves the community.

Today Sacramento State College is one of the eighteen state colleges supervised by the trustees of the California State Colleges, a board created under legislation approved by the governor in April of 1960. This board now provides the colleges with a new and important measure of autonomy. The college is fully accredited by the Western College As-

sociation, the regional association that accredits colleges and universities in California and other western states.

History of the Division of Business Administration

The Division of Business Administration was one of the original six divisions of study when Sacramento State College was founded and started instruction in 1947. The first semester offered twelve units of business courses. By 1949, the business administration program offered 35 courses of study.

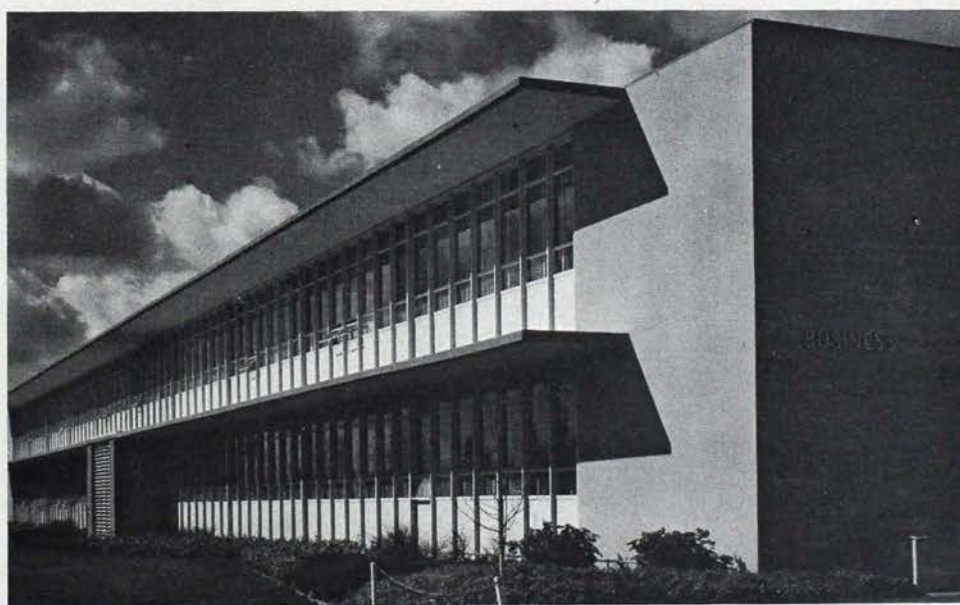

The Business Administration Division of Sacramento State College has had a

history of excellent leadership, a fact attested to by the promotions of its division chairmen to high level administration positions of the College. The Division's faculty is equally outstanding. Today there are twenty-six full time instructors and a number of part time teachers drawn from the academic world and business. A number of leading textbooks in the field of Business Administration have been written by staff members. A majority of the instructors possess doctorate degrees; five are C.P.A.'s and two are lawyers.

The Division's students are drawn from many areas. Today's full time and part time enrollment of over 900 consists of recent high school graduates, veterans, military men, foreign students, and business executives from the surrounding metropolitan area.

Business administration students enjoy classes in a modern, two story building, complete with accounting laboratories, research facilities, lecture rooms, and faculty offices. In the near by social science building, two large rooms of business machines are available for classroom instruction and research use. As the campus expands more facilities will become available for the use of the Division.

The current curriculum of the Business Division offers degrees of Bachelor of Science and Master of Science in Business Administration. The following academic areas of concentration are offered: accounting, finance, industrial management, marketing, personal management, secretarial administration, and

THE BEAUTIFUL LANDSCAPED GROUNDS of the Sacramento State College Campus are pictured here with the Administration Building in the background.

general business. Soon to be offered will be a program in real estate and insurance. A minor in business education is also offered. The division currently offers some 70 courses in business on the undergraduate and graduate levels.

The Division of Business Administration is a member of the American Association of Collegiate Schools of Business.

History of Delta Sigma Chi

During the Fall semester of 1960 an interested group of students in the Division of Business Administration at Sacramento State College, met with Field Secretary Charles L. Farrar of Delta Sigma Pi to discuss the formation of a business fraternity on campus. Enough enthusiasm was generated and a local fraternity was formed, however this group did not apply for a national charter. There were 18 members and the fraternity continued in operation through the spring semester of 1961. During this time the organization held many meetings and had a number of guest speakers. The leaders of the fraternity were seniors and graduated in June 1961. Apparently when these leaders left the campus they took with them the enthusiasm of the group, for in the fall of 1961, there was not sufficient interest and the fraternity died a quick death.

On February 19, 1963, a meeting was held when a small group of students expressed an interest in re-activating the Delta Sigma Chi Fraternity. During the

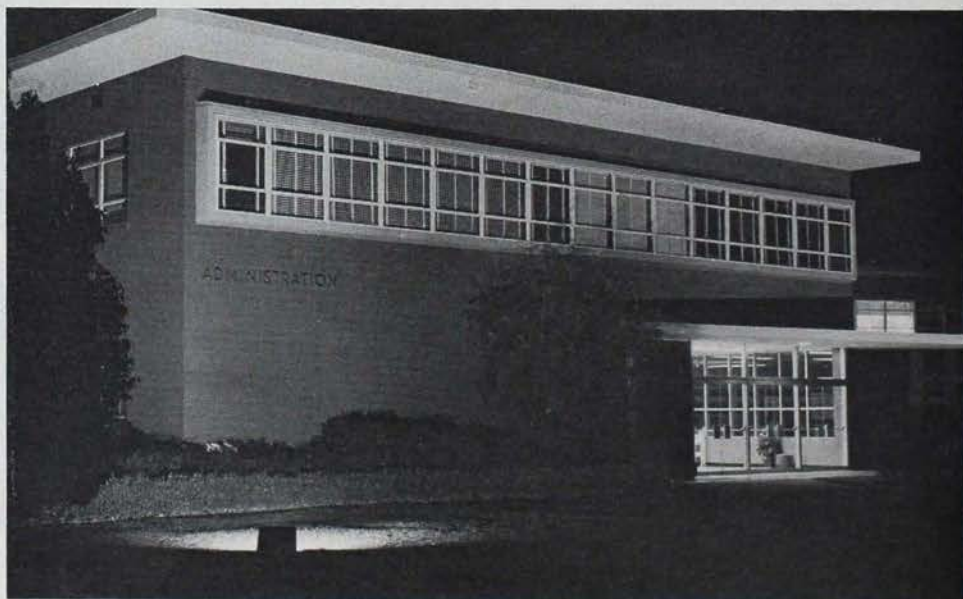

remainder of February several meetings were held to orient new students with the objectives of Delta Sigma Chi. The following officers were elected: President Dale Brinsley, Senior Vice President Ken Marques, Vice President David Swidrak, Secretary Jeff Cowan, Treasurer Roger Peake, Chancellor Bill Nelson and Historian Walter Barnes. Dr. H. Nicholas Windeshausen, a Delta Sigma Pi member, was asked to be faculty advisor to the Fraternity and expressed genuine interest in assisting the organization. On March 8, 1963, the members decided to apply to the International Fraternity of Delta Sigma Pi for a national charter.

On March 12, 1963, reactivation papers of Delta Sigma Chi were turned in to the board of Directors of the Associated Students of Sacramento State College and were subsequently approved. At the same time plans were made for the preparation of the petition for a national charter; committees were appointed and the plans were put into motion.

On March 19, 1963, the pictures were taken for the charter application, money for dues was collected, and work was reported to be progressing very satisfactorily. As plans to go national progressed we found there was an increasing number of new inquiries from fellow students.

On Sunday, May 5, 1963, their goal was reached when the following undergraduates and faculty members were initiated as charter members of Epsilon Phi Chapter of the International Fraternity of Delta Sigma Pi: Walter O. Barnes, James J. Barnett, David A. Barton, William E. Beckner, Dale R. Brinsley, Daniel R. Buzard, Paul R. Carty, Herbert J. Chruden, Robert K. Coe, David H. Cofing, Jack L. Cornelius, Jr., Jeffrey P. Cowan, John R. Cox, Walter F. Ford, Clifford A. Gehrt, Harley L. Harris, Jr., Robert L. Howe, Chester J. Jones, Daniel I. Larsen, Albert D. LeBel, Richard L. Maples, Kenneth E. Marques, William C. Nelson, Clark R. Olovson, Richard M. Oswalt, Everal G. Parmenter, Roger A. Peake, Lawrence H. Rackham, Robert M. Roesti, John D. Swidrak, Thomas J. Turcotte, Edward F. Walker and Earl L. Woodruff.

SACRAMENTO STATE COLLEGE ADMINISTRATION BUILDING

WITH THE ALUMNI THE WORLD OVER

Sanyour Becomes V.P. of Volkswagen of America

MICHAEL L. SANYOUR, JR., *Rutgers*, has joined Volkswagen of America as vice president of its marketing division. In his new post, Brother Sanyour will direct operations of the automobile company's merchandising and sales organization departments.

MICHAEL L. SANYOUR
Beta Omicron—Rutgers

Prior to his association with Volkswagen, Brother Sanyour was vice president of Harbridge House, Inc. of Boston. He is a graduate of Rutgers University and has a master's degree from Harvard University Graduate School of Business Administration.

Married and the father of five, Brother Sanyour lives at 668 Birchwood Drive in Wyckoff, New Jersey.

General Electric Chairman Is Nebraska Deltasig

GERALD PHILLIPE, *Nebraska*, has recently been elected chairman of the board of the General Electric Company. Brother Phillippe served previously as comptroller of the firm from 1953 to 1961 when he was elected president.

In 1933, Brother Phillippe received his master's degree from the University of Nebraska's College of Business Administration and went to work for General Electric Company as an accountant. While at the University of Nebraska, he was a member of Beta Gamma Sigma, Phi Beta Kappa, and the Alpha Delta Chapter of Delta Sigma Pi.

Thomas Reese, *East Carolina*, on April 19, 1963, to Ann Devane, at Clinton, North Carolina.

William L. Sutton, *East Carolina*, on August 13, 1963, to Betty Lou Ayers, at Elizabeth City, North Carolina.

ROBERT F. ANDREE
Beta Tau—Western Reserve

Andree Now V.P. of Copper and Brass Sales

ROBERT F. ANDREE, *Western Reserve*, has been appointed to the newly created position of vice president of Branch Operations of Copper and Brass Sales, Inc., Detroit, Michigan. Brother Andree has served in various capacities at the Cleveland branch of the metals service center for the past 13 years, most recently as assistant manager. His initial assignment in his new job will be in Oakland, California at the company's subsidiary, The American Brass and Copper Company. Upon completion of this assignment, his office will be in Detroit, from where he will supervise all activities of the company's branch locations except sales.

Brother Andree is a member of the Golden Council of Delta Sigma Pi having previously served as Director of the East Central Region of Delta Sigma Pi. He makes his home in Oakland, California with his wife, Lu, and a daughter.

Past Grand President White Heads Unitarian Campaign

PAST GRAND PRESIDENT Kenneth B. White, *Boston*, was recently named 1963 National Campaign Chairman for the Unitarian Service Committee, Inc. This Committee is an international non-sectarian private agency working in the fields of social work, education, medicine and community development. It is conducting self-help projects in the United States and in a dozen foreign countries. Brother White's goal is \$884,340.00.

BROTHER PAT FLYNN of Mu Chapter at Georgetown University receives congratulations from Mrs. Edward M. (Ted) Kennedy and Father Joseph Sebes, S.J., on the publication of his monograph, *The Functions and Processes of a Property Management Firm*.

AMONG THE ALUMNI CLUBS

TWIN CITIES

OUR 1963-64 BUSINESS YEAR officially began on September 20, with the "Fall Kick-Off" and election of officers. Elected President was Roger Klietz; Vice President, Ron Cowden; Treasurer, John Horton; and Secretary, Gerry Brine. Every brother in attendance expressed his desire to take part in promoting and supporting the Twin Cities Alumni Club throughout the coming year. A complete slate of social and professional programs is being planned. A witness to this fact was the highly successful Homecoming Dinner-Dance held October 26. Fifty couples enjoyed a complete evening of dining and dancing. Included in the short program following dinner were reports by the Housing Corporation, active chapter and the alumni club officers. A professional business meeting is to be held in January which will include a unique program as planned by the Twin Cities Alumni Club Booster Committee. To any Deltasig coming to the Twin Cities, we extend a cordial invitation to join us in our many and varied activities. You can contact us by writing the Twin Cities Alumni Club, Box 8782 Northstar Center, Minneapolis, Minnesota.—GERRY BRINE

PHOENIX

THE THUNDERBIRD ALUMNI CLUB of Phoenix, Arizona, sponsored a Founders' Day luncheon November 7. We had 27 Deltasigs present. The luncheon was presided over by Jerry Johnston, president. He outlined fraternity alumni goals, as discussed at the last Grand Chapter Congress. He asked for suggestions for the betterment of our alumni club. It was decided to hold luncheon meetings about every other month.

The second annual Las Vegas Nite party held in October was most successful. There were over 100 people at Bill Wilson's home. Bill Wilson was recently appointed a District Director, filling the vacancy created by election of C. I. "Buzz" Sutton to Director at Large.

In September we completed a major project of compiling and distributing 400 copies of an alumni directory of Deltasigs in the Phoenix area. A copy may be obtained by writing, Thunderbird Alumni Club, P.O. Box 3491, Scottsdale, Arizona.

The officers are very enthusiastic about the recent response to the various activities of our club and feel that we may soon be the number one alumni club of Delta Sigma Pi.—JAMES R. CONE

DETROIT—Gamma Theta

THE GAMMA THETA ALUMNI CLUB is very proud of the fact that many of its members have been taking an active part in school wide alumni affairs at Wayne State. Brother Pete Bakalis, president of the School of Business Alumni Association, will address the first term business school graduates on December 6 at the McGregor Memorial Center. Brothers Jack Renick, Cal Bogart and Brad Brown have also been members of this year's alumni association. Recently brother Bill McGarrity represented the sales field as a part of the University's annual Job Outlooks Conference. Recognition should also be given to brothers John Breneman and Gene Dimick who have served as president of the Wayne State Alumni Advisory Council for the past two terms. Congratulations to these men for the job they are doing for both the school and the fraternity.

December will see the appointment of new board members and election of officers

to head our 1964 activities. Our last social event of the year will be a dinner dance November 30 followed by an invitation from the active chapter to join them for New Year's Eve. Hats off to Karl Gmeiner, with a big assist to his wife Pat, for a most successful Millionaire's Party held October 5.—ART NEFF

DALLAS

THE DALLAS ALUMNI CLUB held their fall kick-off meeting September 27, at the Big Thicket Club near White Rock Lake.

The meeting began with a covered dish picnic supper with our families, after which the men retired to an adjoining room to hold their business meeting and election of officers. The new officers are as follows: President, Jack Fincher; Vice President, Harry Hall; Secretary, Lowell Winkler; and Treasurer, Lewis Martin.

We are looking forward to the annual Founders' Day dinner scheduled for November 8, 1963, and the "Deltasig of the Year Banquet" honoring our own Dr. Watrous Irons, scheduled for early December.—LOWELL WINKLER

PITTSBURGH

THE PITTSBURGH ALUMNI, after strongly supporting the Grand Chapter Congress of Bedford Springs, began another eventful year with a solid program planned for over 50 members.

Present at Bedford were Brothers Herb Finney as Pittsburgh's Delegate, Ed Langer, Bob Rees and Jack Fallon, along with their wives. At the Congress Brother Langer was appointed District Director for Western Pennsylvania and West Virginia, and Brother Finney was appointed National Chairman of Alumni Activities.

Alumni celebrated Founders' Day with a 'do-si-do' at a Square Dance held at the Westinghouse Recreation Center. Several weeks later, many alumni attended a Smoker sponsored by Lambda Chapter, and held at Cantor's Restaurant in Oakland. In addition, an alumni cheering section has rooted Pitt's Golden Panthers onward in the finest football season seen at *Skyscraper U.* in recent years.

Pittsburgh is always proud to report alumni who have made notable achievements. Brother Michael Solomon is now manager of the Homestead Office of Mellon Bank, Brother Frank Lentz is now a feature writer for *Tean Teay*—a professional transportation magazine, and Brother Walter Schratz has twice appeared on Station WQED—Pittsburgh's Educational TV station. Brother Schratz is president of the local Society for the Advancement of Management chapter, an executive's group of 275 members in Pittsburgh.

Officers for 1963-64 are Jack Fallon, president; Edward Langer, vice-president; David Tischuk, treasurer; and Edward Gascoine, secretary. Executive Committee members are Herbert Finney, Elwood Moore and Frank Lentz.—BOB GOLLINGS

NEWARK

THE NEWARK ALUMNI CLUB held a business meeting at the Beta Omicron Chapter house on October 18. This was the first meeting since the election of new officers in May.

The officers are now in the process of planning a social program for the coming months. A party will be held early in January and a trip to a hockey game in New York is being planned for March.

The next business meeting will be held in May and it is hoped that more alumni will attend.—JOSEPH E. POMPEO

EL PASO attorney Neil Weinbrenner, right, president of the El Paso Alumni Club, presents the alumni scholarship to Ernest Anderson of Gamma Phi Chapter at Texas Western College. The scholarship will cover Brother Anderson's tuition for two semesters.

WASHINGTON

THE WASHINGTON ALUMNI CLUB opened the 1963-64 year with its annual Barge Trip on the C&O Canal from 7 o'clock to 11 on the evening of August 10. Some 60 members, wives, and guests enjoyed the cool evening breezes amid the sounds of music, laughter, and chatter as they devoured a variety of refreshments during the four hour round trip from Georgetown in D.C. to Brookmont, Maryland and return. The barge is propelled by two-mule power just as were the barges in the heyday of the Canal as a major freight artery between Washington and Cumberland, Maryland.

As a new twist, the Club held its first regular business meeting of the year at Captain Jerry's Restaurant in Silver Spring, Maryland on September 20. Dinner was served ala carte at 6:30 P.M. followed by the business session at 8. Upon the completion of all business, those attending were entertained by a movie on The Language of Advertising.

The Club is planning its next event in observance of Founders' Day. This affair, scheduled for November 8, will be a banquet at the Black Saddle Restaurant in Washington, D.C. with a speaker and ap-

propriate Founders' recognition. Local undergraduate chapters and faculty members from the University of Maryland and Georgetown University are being invited to attend.—JOHN F. SHUKE

DIVIDENDS

To Brother and Mrs. Robert Edwards, *East Carolina*, on May 23, 1963, a daughter, Deborah Elizabeth.

PERSONAL MENTION

WILLIAM A. CHANSLER, *Michigan*, has completed the USAF special course for communications officers at Goodfellow AFB, Texas.

RALPH D. WADDELL, JR., *North Carolina*, previously assigned to Bunker Hill AFB, Indiana, has been reassigned to Langley AFB, Virginia, with a Tactical Air Command unit.

RICHARD W. BALCH, *Miami-Florida*, is being reassigned to Fort Bragg, North Carolina following graduation from the USAF course for weapons controllers at Tyndall AFB, Florida.

SAMUEL W. CLARK III, *Southern Methodist*, has been commissioned a 2nd Lt. in the USAF and is now assigned to Turner AFB, Georgia.

V. O. RANKIN, *Georgia State*, has been elected president of the Corona Manufacturing Company, a newly acquired division of the Creomulsion Company of Atlanta, Georgia.

ROBERT M. DALE, *Georgia State*, has been named vice president, the Arrow Company Division, Cluett, Peabody & Company in Troy, New York.

MERL E. SAYERS, *Miami-Ohio*, was recently promoted to Major in the USAF and has been transferred from Keesler AFB, Mississippi, to Custer AFB, Michigan.

DAVID M. GILLEY, *St. Louis*, has been named assistant manager of Pacific Mutual Life's St. Louis, Missouri, agency.

WILLIAM F. MARLER, *Ferris State*, has been named advertising agent for the Richards Company, Inc., Detroit, Michigan, a division of The Grolier Society.

CARL R. MICHEL, *Rutgers-Beta Omicron*, has been named marketing research manager of Permacel Division of Johnson & Johnson at New Brunswick, New Jersey.

DONALD G. LIVINGSTON, *Rutgers-Beta Rho*, is now a consultant with Emerson Consultants, Inc., of New York. He is now in Scotland for a period of two to five years.

CHARLES J. WADE, *Rutgers-Beta Rho*, has been appointed manager of the corporate accounting department of Socony Mobil Oil Company in Newark, New Jersey.

THOMAS E. MADORNO, *Temple*, is now with the U. S. Air Force in a trainee capacity, Contract Management Division, Air Force Systems Command.

GORDON G. LANE, *Ithaca*, has been commissioned a 2nd Lieutenant in the United States Air Force. He is stationed at Incirlick AFB, Adana, Turkey.

ADAM A. DIETRICH, *Northwestern-Zeta*, is Pastor of the First Trinity Lutheran Church in Chicago, Illinois.

WILLIAM J. LORD, JR., *Texas*, has been promoted to Associate Professor, Graduate School of Business, University of Illinois.

PETER F. ALBI, *Denver*, has a new position as Assistant General Manager for Latin America for the Gillette Company, Gillette Park, Boston, Massachusetts.

GEORGE P. WILLIAMS, *Mexico City*, has been promoted to Zone Manager for Stockdale Agency, Insurance Brokers, in Monterey, Mexico.

MARSHALL G. SLAUGHTER, *Florida*, has been promoted to Lt. junior grade in the United States Naval Reserve.

ROBERT C. TAYLOR, *Omaha*, has just been released from the U. S. Navy and will be an accountant for the John F. Forbes & Co., a public accounting firm in San Francisco.

JEFFREY T. JOHNSTON, *Miami*, has been made Accident and Health Underwriting Manager for the Milwaukee Branch of American Casualty Companies.

LEE F. ANDERSON, *South Carolina*, was recently appointed Accounting Manager of the Hydrostatic Division of Sundstrand Corporation in Rockford, Illinois.

THOMAS B. FREDERICKSON, *Utah*, has become a full partner in the Baird Insurance Agency in Salinas, California.

DONALD SNOW, *Western Michigan*, has a new position as Assistant Manager of Probasaco's Quality Fabrics in Kalamazoo, Michigan.

JEFFREY P. COWAN, *Sacramento State*, has been commissioned a 2nd Lieutenant in the United States Air Force.

EDWARD M. RUSSELL, *Boston*, has a new position as Field Engineer in C.A.T.V. Systems, Spencer Kennedy Labs, Inc., Boston, Massachusetts.

JAMES J. KEHOE, *Georgia*, has been promoted to Captain in the United States Air Force.

THOMAS C. MASON, *Georgia State*, has a new position as Comptroller of the U. S. Cocoa Mat Corp. in St. George, South Carolina.

ROBERT S. CAMPBELL, *Cincinnati*, has been commissioned a 2nd Lieutenant in the United States Air Force.

ROBERT BERGSTEN, *Southern California*, is now associated with Eldon J. Koorstad, Attorney at Law, in Downey, California.

J. EUGENE ROBERTSON, *East Carolina*, is now Assistant Controller of the Wilmington General Hospital in Wilmington, Delaware.

THE MEMBERS of the Delta Dames, the women's auxiliary group of the Cincinnati Alumni Club, Cincinnati, Ohio. Brother Thomson is an Honorary Member of the Delta Dames. First row, left to right: Angie Randolph, Betty Nelcamp, Joy Fedroff, Lillian Thomson, Jim Thomson, Peggy Domino, Mary Joyer, Lois Schmiedeker, and Rae Schnabel. Second row: Sally Wagner, Glenna Fulford, Dorothy Wells, Rita Zimmerman, Shirley Rudolph, Lin Forrester, Marjorie Daflucas, and Rosemary Fogarty. Third row: Frances Strickland, Barbara Albiez, Marian Nachtman, Carolyn Wilson, Jane Hobbs, and Barbara Waugh.

WILLIAM J. BRENNAN, *Monmouth*, has been given the Meritorious Civilian Service Award for his administration of the Personnel Management for Executives Conference Program in the Northeast Region covering the New England and Middle Atlantic States. Brother Brennan is the first person in the Electronics Command to receive this award, the second highest available to civilian employees in the Department of the Army.

RON BEYNA, *De Paul*, is now attending the U. S. Army Language School for position as interpreter for overseas work.

WALKER F. HILL, *Georgia*, has been promoted to the rank of Major in the United States Air Force.

KENDALL E. ANDREWS, JR., *Texas Christian*, has a new position with the City National Bank in Fort Worth, Texas, as Assistant Cashier and Manager of the Credit Department.

JOHN FABIAN, *Rutgers-Beta Omicron*, is now an Investment Analyst for the Home Life Insurance Company in New York City, New York.

HENRY SIMON, *Rutgers-Beta Rho*, has been decorated with the United States Air Force Commendation Medal for his meritorious service while stationed in Washington, D.C.

RONALD P. POLLACK, *Western Reserve*, is now the Disability Claims Examiner for the Social Security Headquarters in Woodlawn, Maryland.

GERALD F. FRITZSON, *Nebraska*, has been decorated with the United States Air Force Commendation Medal for meritorious service while stationed at Scott AFB in Illinois.

V. L. AULD, *New Mexico*, has been promoted to Professor of Accounting at the University of Southwestern Louisiana in Lafayette, Louisiana.

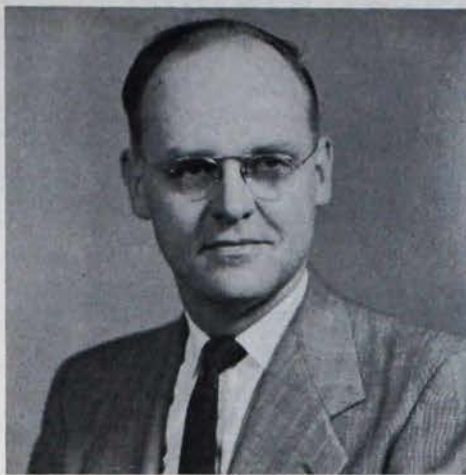

WILLIAM H. MYERS, *Florida*, is now an Assistant Buyer of Furniture for Maas Brothers, Inc., in Tampa, Florida.

JAMES F. BUCHHOLZ, *Rider*, has been commissioned a 2nd Lieutenant in the United States Air Force.

JERRY L. YOUNG, *Omaha*, has been commissioned a 2nd Lieutenant in the United States Air Force.

HENRY K. HARDIE, *Pennsylvania*, is now Manager of Finance for the International Division of Catalytic Construction Company in Philadelphia, Pennsylvania.

THEODORE GRAYNO, *Mexico City*, is now Assistant Manager for the Welding Section, Export Division, Air Products & Chemicals, Inc., New York.

WALTER H. CARPENTER, JR.
Gamma Upsilon—Babson

New Babson Dean of Faculty Is a Deltasig

WALTER H. CARPENTER, JR., *Babson*, has been named Dean of Faculty at Babson Institute in Babson Park, Massachusetts. Formerly director of the board of research and coordinator of the Army office program, Brother Carpenter has been on the Babson faculty since 1947. He will continue to serve as chairman of the division of management and professor of management.

Brother Carpenter was graduated from Colgate University in 1941 and received both his M.B.A. and D.B.A. at the Harvard Graduate School of Business Administration. He is the author of "Case Studies in Collective Bargaining," and is co-author with Edward Handler of two additional texts.

For many years Brother Carpenter has served as Faculty Advisor to the Gamma Upsilon Chapter of Delta Sigma Pi at Babson Institute.

CARL M. MILLER, *Colorado*, has been certified as a qualified C-130 Transport Aircraft Commander by the Air Force's Military Air Transport Service.

KENNETH J. LAWRENCE, *Penn State*, has been commissioned a 2nd Lieutenant in the United States Air Force.

RICHARD HARRISON, *North Texas State*, has been promoted to Store Manager of the Great A & P Tea Company, Inc., Store 13, Dallas, Texas.

STEPHEN PARANKA, *Western Reserve*, has been appointed Director of the Bureau of Economic and Business Research at Kent State University in Kent, Ohio.

THOMAS S. BAYER, JR., *Southern Methodist*, has been promoted to Lieutenant junior grade in the United States Naval Reserve. Brother Bayer is now serving active duty on the U.S.S. *Northampton* as Public Information Officer.

DAN A. BRICKER, *Cincinnati*, has a new position as Manager, Production Control, Special Machine Division, Cincinnati Milling Machine Company, Cincinnati, Ohio.

SAM H. HALL, *Texas*, has been promoted to the rank of Captain in the United States Air Force. He is stationed at Torrejon AB, Spain.

DONALD R. BATCHELDER, *Florida Southern*, has been promoted to Branch Manager of the New Jersey Branch of the Graphic Microfilm Corp. in Plainfield, New Jersey.

CARL A. JOHNSON, *Miami U.*, has been honored as Vice President of Year 1963-64 by the Ohio Society of Certified Public Accountants.

FRANK A. HOYT, *Wisconsin*, has been elected president of the Delavan, Wisconsin, Rotary Club for 1963-64.

CARL A. BENNETSEN, *Missouri*, has a new position of Safety Director for the Liberty Mutual Insurance Company, Detroit Office, Detroit, Michigan.

DUDLEY LYLE BERRY, *Texas Tech*, has a new position as Assistant to the Traffic Manager for the Goodpasture Grain and Milling Company in Galena Park, Texas.

ALFRED J. HART, *Rutgers-Beta Omicron*, who is the Advertising Supervisor of the American Electric Power Service Corporation in New York, has been elected Chairman of Region 2 and National Publicity Director of the Public Utilities Advertising Association. Region 2 covers New York, New Jersey, eastern Pennsylvania, Maryland, Delaware, and Ontario, Canada.

DAVE A. GLENN, *Cincinnati*, has enlisted in the United States Navy and is now in the Mediterranean with the 6th Fleet on a five month European Cruise.

JOHN C. WELCH, *Nevada*, has been commissioned a 2nd Lieutenant in the United States Air Force.

LLOYD A. TAYLOR, *South Carolina*, has been commissioned a 2nd Lieutenant in the United States Air Force.

JOHN M. ROBERSON, *Louisiana Tech*, has graduated from the United States Air Force pilot instructor course at Randolph AFB in Texas. Brother Roberson was trained to teach student pilots to fly jet trainer aircraft.

NICHOLAS J. ZANNINI, *San Francisco State*, has been commissioned a 2nd Lieutenant in the United States Air Force.

CHARLEIGH D. FORD, JR., *Mississippi State*, has entered United States Air Force navigator training at James Connally AFB, Texas.

NEW ACTIVE LIFE MEMBERS

Some of the Deltasigs that have recently become Active Life Members of Delta Sigma Pi. Other New Active Life Members will be published in the March Issue of The DELTASIG. Add your name to this list by becoming an Active Life Member TODAY.

Charles T. Cobeen, Marquette Leader, Passes Away in Florida

ONE OF DELTA SIGMA PI'S first national secretaries and a key figure in the activities of Delta Chapter at Marquette University in Milwaukee, Wisconsin, Charles T. Cobeen, passed away just

CHARLES T. COBEEN displays the plaque which contains the special resolution that was passed by the 24th Grand Chapter Congress. This was presented to him at a luncheon just a couple of weeks before his death.

two weeks to the day after his official retirement as business manager of Marquette University and his move to Florida. Just three weeks before his death, Brother Cobeen was honored at a special luncheon of Milwaukee alumni during which Executive Director J. D. Thomson presented him with a plaque containing the resolution that was unanimously passed by the 24th Grand Chapter Congress in Bedford Springs, recognizing his 43 years of service to Delta Sigma Pi.

Brother Cobeen served Delta Sigma Pi as Grand Secretary-Treasurer from 1922 to 1924. This was only the beginning of his years of devotion to the Fraternity and to Delta Chapter of which he was a charter member and held Delta Number One. In addition to serving as advisor to Delta Chapter, both officially and unofficially for nearly 40 years, Charles was president of the Marquette Housing Corporation and instrumental in their securing their present chapter house.

The presence of Charles T. Cobeen at Delta Sigma Pi activities in the Milwaukee area will, indeed, be missed and his great contribution to the Fraternity will never be forgotten.

CHAPTERS

KANSAS

IOTA CHAPTER at the University of Kansas began the 1963-64 school year with 25 active members looking forward to an inspiring year. The first meeting was devoted to planning our activities for the year.

Rush began for Iota Chapter with the second meeting. The highlight of this meeting was a speech by Dean McGuire, the new Dean of the School of Business.

The next meeting featured rush slides and a review of the Grand Chapter Congress by our Grand Chapter Congress Representative, President Marvin Lampton. Comments about the Grand Chapter Congress were added by Brother Bob Yates, who also attended.

Formal pledging was the main event for our fourth meeting. Of 30 rushees, 17 men accepted invitations to pledge and participated in the formal pledging. The active brothers of Iota Chapter welcome these men and feel that they will be a great asset to the Fraternity.

In the near future, Iota Chapter is looking forward to a professional tour of the Schlitz brewery in Kansas City, formal initiation, and more speakers at our professional meetings. All of the members are anticipating a promising year with Delta Sigma Pi.—
DENNIS FRY

TENNESSEE

ALPHA ZETA CHAPTER at the University of Tennessee began its Fall activities with a coffee hour rush party on October 15. One of the highlights was a talk given by Dean Eugene Upshaw, a Deltasig alumnus, who is Assistant Dean of the College of Business. Brother Upshaw gave a very interesting talk on "What Deltasig Has Meant to Me."

The following Tuesday, October 22, we conducted a formal screening of all the rushees, and the men who were deemed worthy of membership into Delta Sigma Pi were sent formal invitations.

On October 29, 17 aspirants were pledged. They include: Kenneth Gilbert, Jack Hicks, Jeff Hill, Tom Waggoner, Wade Boswell, Leslie Reed, Don Burton, Jack Tatum, Ray Myatt, Malone Daugherty, Robin Day, Lloyd Smith, Bob Olterman, Shelton Hillman, Barry Sobral, Kenny Trees and Felix Laughlin.

The officers serving for this school year are the following: Billy Mullins, president; Jerry Francisco, senior vice-president; George Haynes, vice-president; Bob Carney, secretary; John Threadgill, treasurer; and John Daniels, historian.—JOHN DANIELS

ASSISTING WITH REGISTRATION is this Information table sponsored by Beta Gamma Chapter at the University of South Carolina.

UTAH

THE FALL QUARTER began with an agenda of prominent speakers and events for Sigma Chapter at the University of Utah. Fred Pike, the senior vice president of one of our larger banks in Salt Lake City, spoke to the chapter on banking and finance on October 9. Sigma Chapter was honored on October 23 when Executive Director Jim Thomson spoke to the brothers and gave some timely suggestions concerning chapter policies and activities. One of the highlights of this quarter was the Founders' Day banquet held on November 9. The brothers of the chapter and their dates indulged in an excellent meal and participated in some light entertainment afterwards.

Several local businesses will be toured this month including KUTV television station. With Christmas coming up soon, plans are in the making for a clothing and food drive for a needy family in the area. The drive will be concluded with a Christmas party on December 19. The winter quarter of activities for Sigma Chapter contains many well known local businessmen as speakers.

The chapter "Rose of Deltasig" contest will be held close to the middle of the quarter. The active members of the chapter more than doubled since last year at this time and Delta Sigma Pi is making itself more and more known at the University of Utah. Sigma Chapter extends an invitation to any brother passing through the valley of the Great Salt Lake to get in touch with our president, Earl Bowles, or any member of the chapter and we will extend our western hospitality.—DAVID HUNGER

SOUTH CAROLINA

BETA GAMMA CHAPTER at the University of South Carolina celebrated Founders' Day with a professional banquet the evening of November 6. An impressive, commemoration ceremony dedicated the program in recognition and memory of the four founders of Delta Sigma Pi. G. Cameron Todd of Merrill Lynch, Pierce, Fenner and Smith presented a film and informative address regarding transactions on the New York Stock Exchange.

On November 9, five of our brothers participated in the initiation and installation of our new chapter, Epsilon Chi, at Georgia Southern College. We also participated in the second annual W. F. Fancourt Memorial Seminar on Textiles in Greensboro, North Carolina on October 3 and 4 with President Frank Yates, Senior Vice-President Greg Gore, Professional Director Paul Tabor, Chapter Advisor Bob Armstrong, and Assistant to the Dean W. F. Putnam representing South Carolina's School of Business Administration.

Other activities of a professional nature included a tour of Argus Camera Corporation, a school registration information booth, assistance at the annual tax clinic sponsored jointly by the Internal Revenue Service, the Small Business Administration, and the University of South Carolina School of Business Administration, as well as a wide and varied selection of professional meetings with speakers. We're very proud of our professional program here at Beta Gamma Chapter and look forward to an even more stimulating program for the Spring semester.

Favorite among our social events have been our drop-ins and parties following football games with more than 100 brothers, alumni, pledges, and guests attending our Homecoming party and dance. A high point in the Fall social calendar was our Halloween masquerade dance with more than 50 in attendance wearing costumes. Our annual Christmas Party for orphans is always a source of gratification for the brothers and alumni.

Pledging for this semester has been highly successful with one of the largest Fall semester classes in recent years and we anticipate having received 18 new brothers by the time of this issue of *The DELTASIG*.

Beta Gamma Chapter is well on its way to a third successive 100,000 points in the Chapter Efficiency Contest, and the fulfillment of its obligations and duties to the International Fraternity of Delta Sigma Pi.—DON WICKWIRE

PRESIDENT JACK O'NEIL presents a rose corsage to Miss Kay Wester, 1963-64 "Rose of Deltasig" of Gamma Omega Chapter at Arizona State University.

EAST TENNESSEE STATE

ON NOVEMBER 10, Delta Xi Chapter of East Tennessee State University held its formal pledging for the Fall quarter. Pledged included: Eddie Brickey, Don Burgess, Tom Parham, Bob McLemore, Ken Ledford, Jerry Rodhaven, and John Raulston. Auggie Raulston, an East Tennessee State University faculty member, was accepted as a pledge.

On November 17, the chapter had a banquet at the Ole Timer Steak House in Johnson City, Tennessee. The speaker was Mr. Don Hamilton, Assistant Personnel Director of Magnavox Corporation. Mr. Hamilton gave a speech entitled "How To Insure Success During An Interview." There were 26 present at the dinner. Those present included five faculty members, eight pledges, and twelve active members.

Delta Xi Chapter tours industries located in the surrounding areas. Schedules are now being made for our visits to various industries.

Plans are also being formed for our annual "Rose" Dance. The dance will be held in the Spring and Delta Xi chapter members will select from East Tennessee State university coeds a "Rose" Queen to represent our chapter for the year. Plans are being made for formal pledging to be held either the last of January or the first of February.—JOHNNY BROBECK

SAM HOUSTON STATE

EPSILON MU CHAPTER'S Fall semester activities began October 8, 1963, with the smoker which was held in the SUB ballroom. Brother Eubanks, president, started the ball rolling by welcoming the prospective pledges, and the Alpha Chi Omega Sorority added a dash of excitement with their chorus line. After this, we all listened to Brother Neal, chairman of the Department of Business Administration speak on, "The Importance of Professional Affiliation." Brothers Hall and Buss each gave a speech on the

history of Deltasig and of the Epsilon Mu Chapter. After the speeches, our "Rose," Linda Robinson Britt, served refreshments.

Our rush party was held the following Tuesday night. We felt this to be one of our most successful rush parties in our chapter's short history. The chicken dinner was followed by a speech given by Brother Brummer, professional chairman, on "The Electronic Computers of the Present and Future." This was coordinated with a parody on the business faculty. Several of the members dressed as certain faculty would wander in and talk with Brother Brummer; afterwards he would ask the huge cardboard computer on stage if this educator could be replaced. Some of the answers were most complex and then some gave a simple "no."

The evening was made complete when three of our alumni walked in: Brothers Salley, Murphy, and Bowden.

We of Epsilon Mu Chapter were proud to have Brother Farrar, Executive Secretary, with us and especially proud to receive the gold certificate stating that Epsilon Mu Chapter had made 100,000 points in the Chapter Efficiency Contest.

On October 21, we pledged 11 new men: David Bolton, Olin Crowley, Tony Daigle, Rudy Duyka, Gerald Franklin, Joe Krchnak, Wayne Leggett, James Payne, Michael Rhodes, Danny Vance, and Lee Wiley.

Our first Professional meeting of the year was a showing of two films on "Telephone Courtesy."

Founders' Day activities took place in the Chef Restaurant where we had our dinner and heard Mr. Nat Davis, president of the First National Bank of Huntsville, speak on "The Dual Banking System."

All day Thursday, November 7, Deltasigs on our campus wore purple ribbons with gold lettering stating our Founders' Day.

Homecoming activities here at Sam Houston State College were started by a preparade coffee given by the Phi Chi Thetas, honorary business sorority, and our chapter.

Our parade entry was Brother O'Quinn's red convertible with "Rose," Linda Robinson Britt, riding on the back holding a bouquet of long stem red roses.

As you can see, this semester has been a busy one for EM and will continue to be.—DAVID A. HOWE

WASHBURN

THE HIGHLIGHT of the semester thus far for the Delta Chi Chapter of Washburn University, in Topeka, Kansas was a style show which was sponsored by the Delta Chi Chapter in co-operation with Ray Beers' clothing store. Ray Beers was National Brand Name winner in 1962 and is Topeka's leading fashion center. The theme of the style show was "Campus First for Washburn and Midwest U.S.A." It showed the current fashion for fall and winter both men and women. Ray Beers gave us a tremendous insight into the fall fashions, and some good pointers on matching and contrasting clothing.

The Delta Chi Chapter launched the semester with a talk by Thomas A. Schwartz. He spoke on the "Importance of Choosing

a Vocation." Mr. Schwartz talked on this subject because he graduated from law school and practiced law for a few years, and suddenly discovered that this was not what he wanted to do. Our next speaker was Phillip Lewis, a lecturer at the Washburn Law School, who talked on the subject "The Practice of Law as a Career—Both Taxation and Private." At this meeting were several Deltasig alumni including our past President, Ron Zink. Our last speaker to date was President Dale Wrenick's father, Rudy E. Wrenick. He spoke on the subject "Is Insurance Selling For You?" Mr. Wrenick's talk was a great success. The question and answer period afterward lasted much longer than anticipated.

We have pledged five new men and are putting on all out pledge drive to get more men interested in the fraternity. The future for the Delta Chi Chapter looks very good with many interesting things planned.—JAMES H. LONG

SHOWN HERE is the Fall semester pledges of Gamma Nu Chapter at Wake Forest College.

MIAMI—Florida

BETA OMEGA CHAPTER at the University of Miami this fall installed one of its largest pledge classes, with an installation of 32 pledges. The pledge class has tremendous potential to add to the active chapter and the fraternity as a whole.

Beta Omega Chapter expects to win the independent division with its float in the Homecoming parade. If we win, which we will, we will be on a two minute spot of the nation-wide telecast of the Homecoming game with Alabama on December 7.

We have made arrangements for eight speakers this semester, two of which we have already had. Also this semester, for the first time, we are inviting non-Deltasigs to hear our guest speakers.

This looks like a dynamic semester for a dynamic chapter at a dynamic university.

This semester's principle officers are: Robert DiPauli, president; Bob Semonian, senior vice president; Richard Chadwick, vice president; Paul Melhuish, secretary and Stu Levy, treasurer.

We will see you on nation wide television on December 7.—CLAY M. DREXLER

IOWA

EPSILON CHAPTER at the State University of Iowa started the academic year with a rush banquet at the new Holiday Inn in Iowa City. A representative of International Business Machines gave a talk on data processing and its history. After the banquet, 20 pledges were carefully selected by the actives of the chapter. The pledges have selected a project to benefit the University, and have also planned a party for the actives.

A professional tour was held in the middle of October, and the chapter visited two insurance companies in Des Moines, Iowa, the largest insurance center west of the Mississippi River. The executives at Banker's Life and Equitable of Iowa explained the various aspects of insurance companies very well, and emphasized the growing importance of data processing. The chapter was the guest of Banker's Life for dinner, and the members talked informally with the various executives. Messrs. Ray E. Cassel, Robert W. Beck, and Ron W. Ehrle, all Iowa graduates, were among those we talked with. A representative of the National Bank of Detroit visited the chapter in November, and explained the administrative side of banking seldom seen by the ordinary depositor.

Among other activities, Charles L. Farrar, Executive Secretary of Delta Sigma Pi, honored the chapter with a visit. He outlined upcoming events and activities concerning The Central Office. Epsilon Chapter's grade point average was above that for the all men's average in the College of Business Administration. We are looking forward to a great year for the chapter and the University.—ROBERT W. MCKNIGHT

EAST CAROLINA

DELTA ZETA CHAPTER at East Carolina College observed homecoming for our alumni by serving as hosts at a reception of the School of Business. Over 40 alumni, brothers, pledges and their dates were in attendance at a semi-formal dance held in our chapter room.

Professionally, the highlight of the Fall quarter was a tour of the Hospital Savings Association Building in Chapel Hill, North Carolina and the Liggett and Myers Tobacco Company in Durham, North Car-

olina. At Hospital Savings the brothers and pledges were guided through the major departments to observe the function of the North Carolina plan of Blue Cross-Blue Shield. At Liggett and Myers a tour of the floor where the cigarettes are actually manufactured was made possible to us. The entire process from wrapping the loose tobacco to the actual shipment of the finished product was pointed out. Credit for this fine professional trip goes to Brother Bob Edwards who is chairman of the chapter professional committee. Our annual meeting with the Coastal Plains Chapter of the North Carolina Certified Public Accountants Association was held in October at which we benefited by a lecture on I.B.M. computers and calculators. A trip to the Ford Motor Company in Norfolk, Virginia looms ahead as the major professional undertaking for the winter quarter.

After pledging seven men early in the quarter, initiation will have taken place before the next issue of *The DELTASIG* goes to press. Everyone of these pledges will be excellent additions to Delta Sigma Pi and the commercial world. Delta Zeta Chapter is working hard in its quest of 100,000 points in the Chapter Efficiency Contest and the outlook is bright for achieving our goal.—WILLIAM M. RAYNOR

NEW MEXICO

GAMMA IOTA CHAPTER started the year with the annual officers party. President Steve Snyder explained his plans for the semester and reminded the brothers of the Fall rush. Social Chairman Les Rowe provided valuable help during rush and is now busy rounding out the social calendar. The Preferential Dinner was a great success with several alumni attending and Founders' Day was observed with a breakfast for brothers, alumni, and pledges.

Vice-president Jim Cassell organized two smokers that formed the nucleus for a very successful Fall rush. During these functions the acquaintances that enabled Gamma Iota Chapter to pledge one of its finest and largest classes were formed. There are now 16 pledges being instructed in the lore and traditions of the fraternity by Vice-president Dave Carroll. The pledge class project this semester is selling Christmas cards. The

money from this project will be turned over to a worthwhile charity.

We are lucky to have in the immediate area a large variety of business men willing to donate time to our group. Four professional meetings have been held and Professional Chairman Lin Becky has planned a full program of speakers and tours. Gamma Iota Chapter is working hard, in its pledge class, social and professional calendars, and officers' duties to gain a score of 100,000 points in the Chapter Efficiency Contest.—CHARLES K. ABLES.

RUTGERS—Beta Omicron

THE MOST IMPORTANT NEWS from Beta Omicron Chapter is our change of address. Last summer our chapter moved from 38-40 Park Place to 28 Linden Street. Amazingly, the transition was accomplished in the space of two months. On June 16, 1963 we received notice that our Park Place home was to be demolished; eight weeks later, we were functioning once again—in a newly painted, completely furnished loft.

Our Founders' Day Formal will be held at the Newark Athletic Club on November 9, 1963. Music will be provided by Joe Menker and his band, one of the top collegiate combos of 1962. Besides the normal quota of active and alumni brothers, invitations are being extended for the first time to select friends of our brothers. It is hoped in this way to increase both the friends and the treasury of Beta Omicron Chapter.

The first professional business meeting of the semester was held on October 2 when Mr. Victor D. Leonardis spoke on "What Labor Unions Have Done for the Working Man." Mr. Leonardis is second vice-president of the New Jersey A. F. of L.-C.I.O. Three more professional meetings and two professional tours have been arranged for the remainder of the semester.

Two achievements of Beta Omicron Chapter's brothers are worth mentioning. First, Brother Jack Throckmorton won the first annual Rutgers-Newark Bike Race. Second, Brother Michael Sanyour (1954) has joined Volkswagen of America as vice-president of its marketing division.

We are expecting one of the largest pledge classes in recent years, and are looking forward to a prosperous and successful semester.—HAROLD A. MANGER

ON TOUR of the Moog Servocontrol plant at East Aurora, N.Y., are these members of Alpha Kappa Chapter at the State University of New York at Buffalo.

ARIZONA

GAMMA PSI CHAPTER at the University of Arizona started the Fall semester activities with an after-game party at the home of Tom Goodwin, an alumnus of our chapter. Other alumni, active members, and their dates and wives attended. Another social event, our annual chapter birthday party, was celebrated at the home of Warren Wentink, also an alumnus of our chapter. Charcoal broiled steaks and two kegs of liquid refreshments were served. Approximately 100 pledges, members, alumni, faculty members, and their dates and wives attended. Brother Bailey has done an outstanding job in making our social events a success.

For our community service project this semester, we had a campaign in conjunction with the Tucson Lions Club to enlist eye donors for the Arizona Eye Bank. A desk was set up in the Student Union Arcade at the University, and the drive lasted a week. The active members and pledges collected 157 signatures of those who agreed to donate their eyes. Brother Kaye did a fine job as chairman of this project.

Brother Dodge, chairman of the professional committee, has provided us with a schedule of interesting and educational speakers and tours. Our first speaker was Mr. Kohler of the Mountain States Telephone Company. He explained to us the Mountain States training program and the many benefits and opportunities it offers. His talk will probably be influential to us in choosing a job after graduation. Our first tour was at the Magma Copper Company in San Manuel, Arizona, where we learned some of the company's managerial policies as well as the process of mining copper. Immediately following the tour, the active members, pledges and their dates went to Pepper Sauce Canyon for a picnic to celebrate Founders' Day.

Many more professional, social, and other activities as well as an industrious group of pledges will all combine to make this semester extremely active and beneficial for Gamma Psi Chapter.—RICHARD OWENSBY

MISSISSIPPI

ALPHA PHI CHAPTER at the University of Mississippi is well on its way to another exciting and prosperous year. We are extremely proud of our representative, Miss Jan West, who was elected "Rose of Deltasig." We are also very proud of our first place in the chapter Efficiency Contest, and we are anticipating 100,000 points during the current year.

In our first meeting of the year, we heard a report from Brother William Phinney, our president, who attended the Grand Chapter Congress at Bedford Springs, Pennsylvania, on August 19-22. Brother Phinney brought back many new ideas and reports as well as money for the treasury.

On Monday, October 28, Alpha Phi Chapter celebrated Founders' Day with a fish dinner at the Holiday Lodge. We thoroughly enjoyed eating and socializing together on this special occasion. Pledging

was held on Thursday, November 14, at which time 28 were initiated.

Alpha Phi Chapter has many exciting and profiting plans for the future. This includes several speaker meetings with Phi Gamma Nu, our sister sorority at Ole Miss. Social events, rush parties, and talks by faculty members are also planned for the year. Revision of Alpha Phi Chapter by-laws, closer affiliation with alumni, and closer affiliation with faculty are our new goals for this year.

New committees have been established to make Alpha Phi Chapter a better one. The professional committee, headed by Bill McGlathery, is set up to arrange for professional activities. The publicity committee, headed by Charlie Hudson, is organized to obtain publicity for the Alpha Phi Chapter. Brother Marvin Gay is in charge of the alumni so we can coordinate activities in the future with our alumni. The attendance committee, under the leadership of Glen Hanberry, is responsible for getting all members to the meetings.

Brother Robert Beck, a professor in accounting, is our new Faculty Advisor. We are privileged and honored to have such a fine man with us, and we welcome him with great enthusiasm.—CHARLIE HUDSON

ARIZONA STATE

GAMMA OMEGA CHAPTER congratulates Brother Daryl Winn on his election as president of the Arizona State University student body. We are also proud of the six members of our chapter who were initiated last spring into Beta Gamma Sigma, national business scholastic honorary. They are Charles Allen, John Garretson, A. D. Jacobson, Todd Johnson, Bill Nasif, and Daryl Winn.

We have a new "Rose of Deltasig" at Arizona State University. She is pretty Kay Wester, a freshman from Phoenix. Kay is a member of Kayettes, Army ROTC auxiliary, and Orchesis, modern dance honorary. She was also second runner-up in the Miss Phoenix contest. Kay was one of six lovely girls who vied for the honor of being

Gamma Omega Chapter's "Rose of Deltasig."

Professional activities for the semester include talks by well-known area businessmen and tours to such firms as the Arizona Brewing Co. and the General Motors Proving Grounds near Chandler, Arizona. This semester's social events are highlighted by an alumni club-sponsored Las Vegas party, two after-game parties during the football season, and the Fall semester initiation banquet.—VIC BRENNISEN

LAMAR TECH

THE SEMESTER opened with a roar as Hurricane Cindy dumped fifteen inches of rain on the campus in one day. The storm did not, however dampen the spirits of the men of Delta Eta Chapter.

Our "Rose of Delta Sigma Pi" for this year is Miss Sandy Nicks. Sandy was chosen from five nominees, who will be known as the "Rose Court," and will be presented at the "Rose" Ball later in the year. Sandy is also the Delta Sigma Pi candidate for homecoming queen.

Delta Eta Chapter is presently laboring over their float for the homecoming parade to be held November 16. We hope to do as well as last year when our entry won first place.

As a result of two rush parties, and much work by the membership, we have pledged 13 men. They were accepted as pledges at the Pledge Acceptance Dinner. The speaker for this occasion was Brother Jerry Boynton, a charter member of this chapter.

Our first professional meeting for this year featured Mr. Charles Pemberton, a stock broker for the local Merrill Lynch, Pierce, Fenner, and Smith office. Mr. Pemberton informed us about his job by relating what occurs in his normal day. A question-and-answer period followed and from this it was obvious that the membership was intrigued by the talk.

The coming year promises to be one of the most dynamic in the history of this chapter, and we are all looking forward to it with expectation.—LANE NICHOLS

HOMEcomings FANS line the street to watch the float built by Delta Epsilon Chapter at North Texas State go by. A closeup shows the location for the Chapter "Rose" on the float.

RUTGERS—Beta Rho

"MOMMY, HE TOOK MY DOLLY" and "That fresh kid hit me" and other such playpen talk prevailed at the Nursery Party, for adults only, celebrating Founders' Day at Beta Rho Chapter. This was a costume party in which the brothers and their wives or dates had a chance to revert back to the happy carefree days of their childhood. We played games like "ring around the rosy," "London Bridge is falling down," and musical chairs and we drank out of baby bottles. Much of the credit for the success of the party goes to the wives of the married brothers who planned and ran the affair. Our social schedule also included a dinner dance at the beginning of the semester and it will further include a Christmas Party at the Green Mountain Lodge in West Orange, which is a large cabin in a picturesque setting that the chapter contracts the use of for their Christmas Party every year.

At a recent business meeting Mr. Leo Kantrawitz, second vice-president of the New Jersey State League of Master Plumbers, presented a film on water pollution and how it can be controlled. The film was particularly appropriate because we were experiencing a severe water shortage in this part of the country at this time. At a previous meeting the brothers listened to an informative talk on the values and advantages of estate planning given by Mr. Joel Gittleman, a representative from the Guardian Life Insurance Co. Among our future speakers we will have Mr. Charles B. Elicht a management consultant with Rogers, Slade and Hill, Inc., a New York consulting firm, Mr. Elicht will tell us about short internal scheduling and clerical production control.

At this time we are well into our rushing program with more than 26 prospective pledges. This will give us a good boost toward repeating last year's accomplishment of attaining 100,000 points in the Chapter Efficiency Contest. With President Marty Reynolds at the helm Beta Rho Chapter is on their way toward an enriching and profitable school season. We wish all brothers the same.—WILLIAM A. BARNES

DENVER

ALPHA NU CHAPTER at the University of Denver would like first to welcome all Deltasigs back to school and to extend wishes for a good year to all.

Our year looks excellent so far. We have pledged five fine men whom we are sure will help us improve our already high rating on campus. We have had and have planned many diversified activities ranging from parties to speakers, all of uniformly high quality. But then there was the football game with the other business fraternity. Oh well, a rematch is in the works.

Our two speakers so far this year have been most interesting. The first related the somewhat amazing story of the Petrochemical industry and their vast investment in our future. The second spoke on the trials and tribulations of the marketing department of a small manufacturing concern. We also have scheduled tours of a stock broker's office and

PICTURED IN THE DOORWAY of the Gamma Theta Chapter house at Wayne State are these members of the Board of Directors of Gamma Theta Alumni Club in Detroit.

a large manufacturing company in order to further broaden our professional spectrum. Each figure to be quite absorbing.

We, of Alpha Nu Chapter, have a lot going for us this year. Watch for us.—WILLIAM H. KRITCHEVSKY

GEORGETOWN

MU CHAPTER at Georgetown University began the scholastic year with 20 active members. President Barry Maloney heads the officers of Mu Chapter who are: Bill Schweikhardt, senior vice-president; John Welch, vice-president; Jack Thomas, treasurer; Rick Colombo, secretary; John Crum, chancellor; Doug Sergeant, social chairman; and Jim Cunningham, historian.

On September 25, the first rush smoker of the year was held in our Alumni Lounge. This semester's pledge line looks extremely promising as 14 fine men were pinned on October 14. A new idea in the pledge training program was introduced this year by vice-president John Welch, in the form of a party given by the pledges for the brothers. The party was a huge success and an enjoyable time was had by all in attendance.

Our first business meeting of the year was held on October 9 where plans were discussed on the starting of our annual stationery sales drive. The selling of stationery has been an extremely profitable enterprise in the past and we are looking forward to having another prosperous year. Also this year Mu Chapter has instituted an auditing service for all organizations on campus.

Founders' Day was celebrated by Mu Chapter together with the Washington Alumni Club with a dinner at the Black Saddle restaurant. Speaking at our first professional function this year was L. T. White, former vice-president of Cities Service Corporation and presently the head of his own management consultant firm. Mr. White

while speaking on the subject of owner-manager aspects of small businesses was both informative and entertaining.

It is evident that this year with the co-operation of the brothers with our officers, that the 100,000 point goal in the Chapter Efficiency Contest will be met by Mu Chapter. In attaining this goal we look forward to an ambitious and enterprising fraternity year.—JAMES G. CUNNINGHAM

FLORIDA STATE

GAMMA LAMBDA CHAPTER at Florida State University has commenced what is sure to be another successful year. Our activities began with three well organized rush parties coordinated by Al Becker, our senior vice-president. We were privileged to have as our speakers Dean Charles Rovetta, Dr. Homer A. Black and Dr. John E. Champion, all of whom are distinguished Deltasigs and members of the faculty. At the completion of rush, 25 fine men were pledged. Their program will be completed on December 7, at which time they will be initiated into the brotherhood of Delta Sigma Pi. We are all looking forward to the initiation banquet and dance, which will be attended by more than 125 persons. It promises to be a gala event.

On October 3, the faculty-student reception was held in the School of Business. The members of our chapter were hosts at this affair, which was the responsibility of Brother Bill Fowler. Congratulations for a job well done go out to Bill who had been working on this project all summer.

In preparation for Homecoming, the brothers and pledges were up to their elbows in sawdust and chicken wire constructing our float for the parade. The central theme this year is *Greater Goals For Seminoles*, while our individual idea is *Goals Help, But The Sky Is The Limit*. The feminine touch is being added to our float by Phi Chi Theta, women's professional sorority.

Our first professional meeting of the year was an enlightening experience for all of us. Mr. Gamblin of American Mutual Life Insurance Company spoke on *The Value of Life Insurance* and gave us some inside information on what to look for when buying a life insurance policy.

On November 22, 40 of the brothers and pledges will take a field trip to Jacksonville, Florida. Brother Lauton Swan, our field trip chairman, and Brother Howard Abel, our faculty advisor, have an excellent itinerary arranged for us. It includes tours of the General Reserve Bank Branch, the Saint Regis Paper Mill, the south central home office of Prudential Life Insurance Company, the headquarters of the Atlantic Coast Line Railroad and the Sears Roebuck and Company.

Plans are also underway for our campus-wide "Rose" Dance, which will be held early in February. The election of our "Rose" and her court will be held prior to this and will consist of entries from the professional and social sororities. The results of the election will be made known at the dance.

Gamma Lambda Chapter is already well on its way to retaining its first place standing in the Chapter Efficiency Contest.—WILLIAM P. O'HALLORAN

SOUTH DAKOTA

ALPHA ETA CHAPTER at the University of South Dakota was favored with a visit by Charles Farrar, Executive Secretary, on October 25. Brother Farrar informed us of some of the progressive steps taken by the Central Office during the summer and fall. He also assisted us in the clarification of some facts concerning the pledging procedures.

Professor James Peterson of the University School of Business staff was installed as Chapter Advisor in October. He replaced Dr. Robert Johnson who had been our chapter advisor for several years.

On October 31 bids were sent to the prospective pledges which the fraternity felt would become future assets to Delta Sigma Pi. Due to the large size of the active chapter, only fifteen bids were sent. Each bid sent has been replaced by a pledge. This one hundred percent acceptance of bids tends to prove the keen interest of business students in Delta Sigma Pi.

Yankton, South Dakota has been selected as a tentative site for our "Rose" Formal. The "Rose" candidates will be chosen by their respective housing units before being voted upon by the brothers. Since the "Rose" Formal is the big social event of the year, it is expected that all the brothers will attend.
—RICHARD C. DEVRIES

LOYOLA—Los Angeles

DELTA SIGMA CHAPTER began the Fall semester with an enthusiastic group of newly elected officers including Pat Barry, president; Fred Middaugh, senior vice-president; Rodney Ornellas, vice-president; Daryl Yamamoto, secretary; Bill Wall, treasurer; and Paul Ganey, chancellor.

Our first professional meeting featured Attorney Lindholm, a Los Angeles lawyer and member of Delta Sigma Pi, speaking on "A Business Background in Law." Attend-

ance by the members and rushees was highly commendable. Much interest was exhibited in the question and answer period which followed Mr. Lindholm's talk.

We were recently honored with the presence of Jim Thomson, Executive Director, who paid our chapter a visit. He gave us many suggestions on how we could improve our chapter. He also answered questions we were unable to handle at chapter level.

Delta Sigma Chapter took an active part in Loyola's Homecoming Carnival this fall. It not only proved to be very enjoyable but also profitable. Our "Rose of Deltasig," Miss Sybil Rousseve, reigned as a princess over the festivities.

Founders' Day was celebrated with a party and dance at the home of pledge Scott Calkin. A good time was had by all.

Best wishes for the new year.—BRIAN O'LEARY

LA SALLE

THE FEDERAL RESERVE SYSTEM is the keynote of professional activity for Epsilon Sigma Chapter early this semester. The initial presentation was a descriptive film intended to stimulate interest and raise questions to be answered on a later tour of the Philadelphia division of the Federal System. The intent was more than realized in that not only brothers and students attended, but faculty members of the finance department were also present; the result was Epsilon Sigma Chapter's presentation of the film to several sophomore finance classes.

Furthermore, the brothers as a group and the professional committee in particular were pleased with the words of appreciation received from the ten man group of new pledges. Moreover, the new rushees were further impressed socially as Epsilon Sigma Chapter and Beta Nu Chapter of Pennsylvania University combined numbers and provided the most entertaining evening of the semester so far.

On the gridiron, the "Deltasigs" faced last year's champs and this year's pacesetters as pitiful underdogs, but submitted by a final score of nine—seven in the year's biggest upset bid. Many and fruitful have been the happenings of Epsilon Sigma Chapter in this short period of the semester; a semester that indicates it will prove the best yet in our rewarding association with Delta Sigma Pi.
—JAMES J. REED

BUFFALO

ALPHA KAPPA CHAPTER at the University of Buffalo began its Fall semester with a beer party and pre-school get together on September 6.

Our first of many business meetings was held on September 18. The main objective was the selection of students who would receive invitations to our rush party.

The annual fall semester rush party of Alpha Kappa Chapter was held at the Sheraton Hotel. Eight prospective brothers were accepted and became neophytes at a formal pledging ceremony on October 20. We had as guest speaker, Mr. E. G. Scoones, of Republic Steel, who talked on "Work—The Forgotten Ingredient." The Brothers and neophytes found the topic to be most interesting.

Founders' Day was celebrated by holding a Scotch-Doubles bowling party and dinner at the Transit Lanes in Buffalo. All Brothers, pledges and their wives or dates had a wonderful time.

On December 7, Alpha Kappa Chapter held its initiation dinner and dance at the Buffalo Athletic Club.

At the present time we are looking forward to the "Rose" Dinner Dance. Plans have been laid and the committee has been working hard to make this dance as great a success as last year.—RAYMOND E. SMOLKA

MICHIGAN

ON SUNDAY, October 20, pledging for Xi Chapter at the University of Michigan ended with the initiation banquet. Xi Chapter completed its very productive pledge period with 12 new members, including Ernest J. Pavlock, Instructor in Accounting at the University of Michigan as a new faculty member. The initiation, as usual for Xi Chapter, proved to be a great success.

Our professional program has likewise been successful. We have had two student conducted programs so far. The first was a banking panel presenting the differences, similarities, and interesting aspects of various types of banks. In a later meeting, one of our brothers discussed the effectiveness of computers in smaller businesses. We have also had a guest speaker from a local accounting firm, Arthur Anderson and Co. and have made a trip to Trenton, Michigan for a tour of the McClouth Steel Co.

Our calendar for the rest of the semester is still a full one, with two more professional meetings planned, and election and installation of officers coming up. Everyone in Xi Chapter has been working hard to make this a memorable semester in the chapter's history.—ERIK A. WARREN

PARTICIPATING in the two day seminar of the W. F. Fancourt Company are these members of Beta Gamma Chapter at the University of South Carolina. Members from left to right are: Frank Yates, Greg Gore, Paul Tabor, Mr. Fancourt, R. L. Armstrong and W. F. Putnam.

IN RECOGNITION of Founders' Day, these members of Alpha Pi Chapter at Indiana University toured the Arvin Industries in Columbus, Indiana.

DAYTON

EPSILON TAU CHAPTER at the University of Dayton held its first annual "Post Premiere" party on October 19. This party followed the "Premiere" which is a variety show put on by the students of Dayton to usher in Homecoming activities. The brothers and their dates attended the party while the pledges acted as waiters and took tickets at the doors. The party was also open to all other couples who wished to attend and over 100 couples attended and had a memorable evening.

On October 3, we opened up rushing activities with a pledge smoker. A guest spoke on the importance of oral communication in the business world. Following the speech refreshments were served and the brothers and prospective pledges had a chance to introduce themselves to each other. On October 6 a picnic was held for the brothers and pledges so that everyone could get better acquainted. The pledges challenged the brothers to a football game only to be beaten by the brothers 14-6.

With the initiation of our pledges on December 8 our total strength will be brought up to 45 members. Epsilon Tau Chapter is a new chapter having just been initiated into Delta Sigma Pi last spring. But our chapter is filled with a great amount of enthusiasm and interest and we hope to be a great asset to Delta Sigma Pi.—ROBERT J. MAGNO

MANKATO STATE

JOHN MORRIS, president, and Rod Riebe were among the 300 delegates who attended the 24th Grand Chapter Congress at Bedford Springs, Pa. After the conference they returned home by way of New York gathering many fond memories we understand.

Epsilon Iota Chapter celebrated Founders' Day dining at the Holiday House near Mankato. Charles Farrar, Executive Secretary, was the honored guest. He spoke afterwards reflecting some policies of The Central Office and also issued advice to the chapter.

The 3rd annual "B" Day, business and

career day, was very much a success under the capable leadership of Brother Julian Miller and John Lindstrom. Representatives from 28 firms in the Upper Midwest area met informally with students and dispensed information concerning vocational opportunities and problems. Later they formed discussion seminars where students questioned them in their respective areas. Brother Charles Sligh, Jr., past executive vice president of the N.A.M., addressed interested students and the public in the evening. The topic advanced was "Is Freedom Worth the Effort?"

This fall we have 19 pledges who are anxious to serve the fraternity. One such demonstration was the donation of blood to the Red Cross. The neophytes matched the actives and together the chapter gave 26 pints of blood. A combined initiation with Alpha Epsilon Chapter at the University of Minnesota is being planned currently.

The chapter will host other Midwest chapters on February 29, 1964, as we try to determine a regional basketball championship team.

Opening day of pheasant season saw many chapter nimrods take to the cornfields of Marshall, Minn., hometown of alum Gordon Sieck, who acted as host. The bag wasn't spectacular (included one fox) but full of fun anyway.

The social calendar included: a Monster Mash, repeated because of the tremendous response last year; a pledge party with Delta Pi Delta, campus sorority; an old fashioned hay ride; and a birthday present exchange party to mention a few events. Local beauties are being selected for the annual "Rose" dance now.

BAYLOR

BETA IOTA CHAPTER at Baylor University is enjoying a very good semester this fall. Every active member led by Brother Churchill and Brother McNabb, has done his part in rushing for new members. We have taken in 18 pledges who will be initiated as members the last week in November. The addition of these 18 members, which is the largest pledge class on campus, will add strength to the chapter. We have already begun working on Spring semester rush and have many good men interested in pledging. The chapter entertained many of these prospective pledges at a recent dance honoring Founders' Day.

We have had several dances and socials, many of which were entertainment for prospective pledges. At one of our rush smokers our "Rose," Carol Wyatt, entertained by singing two popular songs. Carol, who is from Port Neches, Texas, has been one of our outstanding "Roses" and is a very talented vocalist. More dances and professional meetings are scheduled including our annual "Snowball," a winter dance we have every Fall semester.

Our first professional meeting of the year was an asset to all in attendance. An informative speech on "Securing a Job After Graduation" was given by George Hudson, District Manager of the local Waco, Texas, Southwestern Bell Telephone Co. The chap-

ter plans to tour the Southwestern Bell building in the near future on an invitation from Mr. Hudson. As a service to the School of Business we sponsored Dean Ross Trump of the School of Business at Washington U., St. Louis, Mo., in an open lecture.

Not only are we stressing professional activities and membership in our Chapter Efficiency Contest, but we are also working on the other divisions. As members we are individually working toward higher scholarship and are requiring our pledges to be in study hall every night of the school week. We are also working hard on the two remaining divisions of the Contest and anticipate a final score of 100,000 points.—WICKEY L. MCCAULEY

OHIO U.

ALPHA OMICRON CHAPTER will co-sponsor with Beta Gamma Sigma a lecture series this fall entitled "Issues in Economics and Business," having such distinguished speakers as Mr. Paul W. Cook, Jr., Harvard University; Mr. James J. Nance, Chairman and President of Central National Bank of Cleveland, and Mr. Neil W. Chamberlain of Yale University. Also on our professional calendar this fall is our business field trips to Merrill Lynch, Pierce, Fenner and Smith, Inc., national brokerage firm and to I.B.M.

Our chapter is sad to report the loss of our advisor John Lymberopoulos who is now at the University of Texas. Brother Lymberopoulos contributed much to our chapter. Those of us who know him will never forget what he has done for both the chapter and its individual members.

Brother Clayton W. Hall is our new advisor. We hope that he will take an active part in our chapter's activities and join in our close student brotherhood.—DONALD MCCOWIN

BROTHERS of Beta Chapter at Creighton University enjoying dinner which followed their recent initiation.

SACRAMENTO STATE

FOLLOWING an active rush period which included two rush parties, the brothers of the Epsilon Phi Chapter accepted the pledge of 16 men during a ceremony held at the Administration Building of Sacramento State College. On September 18, a party was held at President Roger Peake's house at which both active brothers and pledges were in attendance. At this time the pledges were told what would be expected of them during their pledge period. Among other things, they will be required to think up and put into operation a money-making project. The proceeds will be used to pay for a party to be held after the informal and formal initiation of the pledges into active membership. The initiation will be held on November 24, at the Administration Building of Sacramento State College.

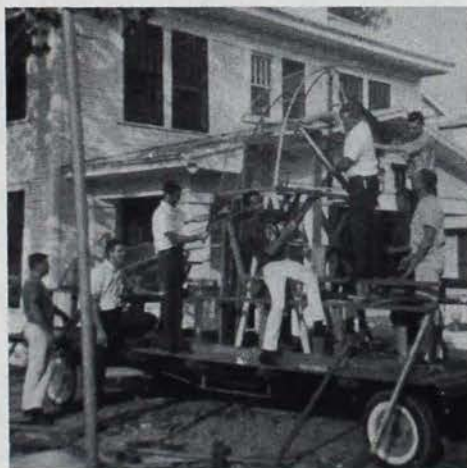

On November 5, the Epsilon Phi Chapter sponsored a program which introduced to approximately 50 interested students The International Association of Students in Economics and Commerce. This is a foreign exchange work program, run by students, which operates through private industry to locate students in reciprocal trade positions in different countries. A talk explaining the operation of this association was given by its Western Regional Director, Lorren G. Larwood.—WALTER BARNES

DETROIT—Gamma Rho

GAMMA RHO CHAPTER at the University of Detroit celebrated Founders' Day with a formal dinner followed by a dance. Over 45 brothers, alumni, wives and dates were in attendance at this affair. The success of the dance was due to the hard work of Brother John DuBose, who heads the chapter social committee.

Our first professional meeting for this year featured Mr. Jack Collins of our own faculty. His talk on advertising was very interesting and informative. The brothers were very much inspired with Mr. Collins' presentation and choice of subject matter.

Gamma Rho Chapter sponsors Tax Reform Talk—Robert E. Pickups executive director of the Citizens Research Council of Michigan, a tax exempt organization that

MEMBERS of Delta Epsilon Chapter at North Texas State begin construction of float for homecoming.

specializes in preparing unbiased reports on subjects of civic interest, spoke on Governor Romney's tax reform plan.

Communications Within an Organization was the title of a very fine talk given by Mr. Corner, director of purchasing for Shatter Proof Glass Company at our second professional meeting. The talk reminded all brothers in attendance of the importance of the art of communication within business and within our chapter.

Brother Tom Czubaj has really been spreading his wings wide as the Fall semester pledge program gets into full swing. It's been reported that a few of the pledges just might make it this time.—THOMAS W. QUINTAL

SOUTHERN MISSISSIPPI

GAMMA TAU CHAPTER has already begun what we think is going to be another successful year. After tying for first place in the Chapter Efficiency Contest for two consecutive years, we are striving for a third winning effort.

On November 10, Gamma Tau Chapter held its first initiation of the year. The 12 brothers initiated were Ben Benigno, Charles Birchfield, Lamar Clark, John Gartrell, Bill Henry, Jere Jefcoat, Gerald Lee, Macon Lee, Aubrey Sanford, Charles Struve, Owen Trahan, and Raynald Williams. Brother Struve was the recipient of the outstanding pledge paddle.

Deltasigs scored considerable success at the polls in the recent student elections. Elected to office were brothers Charles Brumfield, graduate class president; Jerry King, graduate class treasurer; Tommy Potter, senior class president; and Steve Wood, junior class president.

Gamma Tau Chapter is very proud to announce that four brothers have been selected to be included in *Who's Who Among Students in American Universities and Colleges*. The brothers to be honored are Mike Ball, Charles Brumfield, Charles Girard, and Tommy Potter.

For the third consecutive year the "Rose of Deltasig" reigned as homecoming queen. Miss Eva Sipes, Jackson, Mississippi senior, was selected homecoming queen and was honored in a morning parade. She was crowned at the halftime of the University Southern Mississippi—Richmond football game.

Already this year we are enjoying another fine professional program, largely as a result of our fine speech coordinator, Colonel Martin P. Wehling. Speakers have included Mr. A. D. Katz, president, Hattiesburg Savings and Loan; Mr. Frank Gardner, chemical superintendent, Hercules Powder Company (Hattiesburg); and Mrs. Wynn Logan, a registered parliamentarian. Also, we accepted an invitation from Mr. Gardner and toured the Hercules Powder Company plant at Hattiesburg.

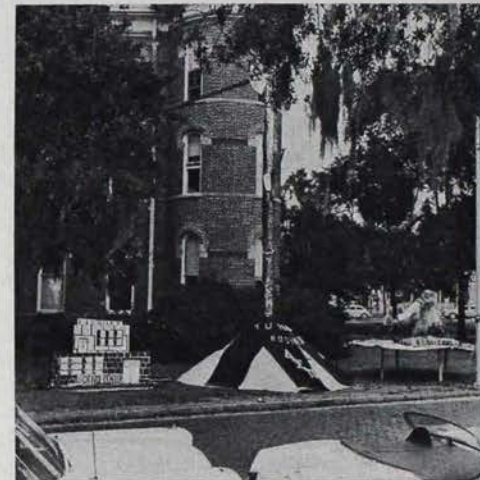

Next quarter should be another outstanding one. Our big social function will be our annual Christmas Dance. Gamma Tau is also looking forward to the highlight of our professional program, which is a trip to tour the facilities of the Standard Oil Refinery at Pascagoula, Mississippi.—J. RONNIE DAVIS

TAMPA

EPSILON RHO CHAPTER, beginning its first full year on campus, started Fall semester 1963 by handling the business and accounting part of registration at the University of Tampa. This is the second straight semester that Deltasigs have taken part. We were once again proud to receive fine comments from the administration concerning this project.

Among those who took part in working registration were the returning officers. They are President Jere Munz, Senior Vice President Dave Walrath, Vice President Bob Miller, Secretary Bob Miloshevsky, Treasurer Jim Smalley, Chancellor Pete Peck, and Historian Al Waters.

Brothers Jere Munz, Jeff Garson, and Al Waters returned from the 24th Grand Chapter Congress full of new ideas to improve our infant chapter. The Bedford meeting was a truly unforgettable experience.

THIS LAWN DISPLAY by Epsilon Rho Chapter at the University of Tampa depicting a scale of justice, featuring progress versus football won first prize among fraternity entries at homecoming for the chapter.

At the Fall rush party, the distinguished new head of the Department of Business Administration, Dr. Robert Miller, was the main speaker. In attendance were brothers, alumni, faculty, and 25 guests. Of these, 15 pledged to Delta Sigma Pi on the night of Thursday, October 10.

The lawn display committee, headed by Brother Ron Gagnon, took first prize among fraternity entries at homecoming. The 25 foot structure that towered above the others depicted a scale of justice, featuring progress versus football. This is the last year of football scholarships at Tampa University.

Professional chairman Bob Warren is given credit for his efforts on a recent project for the Belcher Oil Company of Miami. The brothers who worked, earned money for both the fraternity and themselves.

Founders' Day celebrations called for a costume party on November 9. Social chairman Neil Rowsey provided about 60 brothers, pledges, and dates with a memorable evening.—ALLAN P. WATERS

DELTA TAU CHAPTER activities at Indiana State included a picnic at a nearby State Park (left); and a tricycle race (center and right). Tricycle team (center), left to right: Morris Watson, Paul Sweeny, Jim Pridemore, Ed Andrews, Dennis Jones, and Bob Stevens. A world auto racing celebrity, John Shipman, with tricycle team (right), left to right: Bob Stevens, Morris Watson, Dennis Jones, John Shipman, Paul Sweeny, Jim Pridemore and Ed Andrews on tricycle.

MISSOURI

ALPHA BETA CHAPTER at the University of Missouri initiated 17 pledges into the fraternity. We feel that with the initiation of these 17 worthy gentlemen and their support in promoting the fraternity, we should have little trouble in meeting our quota for the Chapter Efficiency Contest. For the past 14 consecutive years, we have achieved 100,000 points in the Chapter Efficiency Contest and anticipate again a final score of 100,000 for this year.

Our first professional meeting for this year was presented by Professor Manhardt of the School of Business and Public Administration. Professor Manhardt spoke on the business and education conditions in South Korea. Also he showed several slides during his presentation. Attending were 32 active Deltasigs and several faculty guests and prospective pledges.

Another activity of the Deltasigs has been the annual Fall industrial tour to St. Louis. Business firms presenting programs were: The Federal Reserve Bank of St. Louis, Union Electric, Southwestern Bell Telephone, and Falstaff Brewery, Inc. Participating in the tours were 22 Deltasigs and two advisors. The tours were very interesting and educational. Much of the success of the industrial tours was due to Brother Cossarinee who heads the chapter industrial tours committee.

—ROBERT M. ROBUCK

OKLAHOMA CITY

DELTA THETA CHAPTER of the International Fraternity of Delta Sigma Pi is proud to announce the pledge class of 1963. Formal pledging was held October 18, 1963, for the following pledges: Joe Gibbon, Ray Wolford, Bill Barker, Paul Lehr, Mike Dudley, Mike Wooley, Nelson Holloway, Perry Hill, Bob Newfur and Mike Moxley.

For the 1963-64 year, Delta Theta Chapter is under the capable leadership of: Paul Boren, president; Ken McLoughlin, senior vice president; Keith Brock, vice president; Robert Humphrey, secretary; Ronnie Norick, treasurer, and Gary Bruton, historian.

We of Delta Theta Chapter have embarked on a thrilling year of achievement. To start the year, we had two rush smokers featuring two very capable speakers. A successful School of Business picnic was held on October 11. We are also compiling our famous Graduate Directory which will be published in the second semester.

Oklahoma City University's Delta Theta Chapter is well on its way to gaining the 100,000 points in the Chapter Efficiency Contest.

The brothers are now looking forward to the Founders' Day party which will be held at the home of our President, Paul Boren, on November 16, 1963.—GARY BRUTON

EASTERN NEW MEXICO

EPSILON ETA CHAPTER had a fine professional speaker, Dr. Ralph T. Greene, vice-president of the Federal Reserve Bank of Dallas, on Friday, October 18. Dr. Greene spoke to the entire School of Business on Friday afternoon. In the evening he spoke at a dinner for businessmen, faculty and interested students.

We have taken 11 fine pledges under our collective wing this semester. Initiation is scheduled for December 14.

Homecoming here at Eastern New Mexico University was scheduled on November 9, so we of Epsilon Eta Chapter celebrated Founder's Day and Homecoming at the same time with a breakfast for alumni, actives and pledges. After the football game, there was an alumni meeting at the lodge. The alumni took steps at this meeting to organize and incorporate an alumni club.

Brother Steve Spray once again was selected NCAA Golf All-American. Brother Spray received this honor for the second consecutive year.

Brother Billy Speed was elected President of the Associated Students in the campus election last spring.

Our professional tour for this semester is to be a tour of the International Mineral and Chemical Corporation potash mine and refinery in Carlsbad, New Mexico, on December 10.—MAURICE BUCKNER

NORTH TEXAS STATE

DELTA EPSILON CHAPTER at North Texas State University is currently undertaking one of the most important projects in its ten year history. We are planning to purchase our chapter house which we have previously rented. In just about a month we have collected almost two-fifths of the total required for a down payment, but we still have a long way to go. Brother Ken Rice is in charge of the Housing Fund and has been doing an excellent job. One of the methods by which we will raise money is by making and selling a calendar featuring some of the local campus beauties. There should be a large market for this! President Charles Orsburn is handling the details.

We installed 22 pledges this fall, representing excellent potential Deltasigs. By the time the next issue of *The DELTASIG* comes out, these pledges will have been initiated and will be helping us to have one of the finest fraternities on campus.

A varied professional program has been planned for this semester. A banker and a labor mediator have already spoken to us about their respective fields. There will be further speakers on all areas of business—management, insurance, marketing, accounting, finance, real estate, etc. Several field trips to the nearby commercial center of Dallas have been planned, such as to the Federal Reserve Bank, a merchandising center for the southwest, and others.

All work and no play makes . . . , so social activities have not been absent. Rush included a gay pizza party and a semi-formal dance in Dallas. For Homecoming, we had a float decorating party and then a dance after the game. A western shindig and a Christmas dance are on tap for the rest of the year.

Congratulations are in order to Brothers Ben Sheppard and Dan White for making *Who's Who in American Colleges and Universities*. Ben and Dan and Brother Curtis Loveless were also elected to the student government in the recent campus elections. Brother Charles Farrar, Executive Secretary of Delta Sigma Pi, was in Denton early in the semester to present the Chapter Efficiency Contest award to Delta Epsilon Chapter for being among the top chapters in the country. We are looking forward to another 100,000 points this year.

1963-64 will be a tremendous year for Delta Epsilon Chapter—the best ever!—DAN WHITE

SOUTHERN METHODIST

THE BETA PHI CHAPTER of Southern Methodist University got off to a rousing start with a football game between two teams of actives, the old members beat the spring initiates by an embarrassing score.

For SMU's excellent football season (2-1) we have had block seating. The Deltasigs witnessed, en masse, SMU's defeat of nationally ranked teams Air Force (8) and Navy (4). The chapter celebrated the victory with a party afterwards and continued the party the next day to watch Texas University defeat Oklahoma University.

We are looking forward to an excellent year that will actually start with a pledging ceremony on October 22, 1963

Beta Phi Chapter at Southern Methodist University celebrated Founders' Day with its traditional supper with the Dallas Alumni Club. The party, which was rated as a huge success by all, was held with the alumni at the residence of Mrs. Garrett and the late Brother Garrett. The event is a tradition of long standing and is one that is anticipated with fond memories of those who attended last year.

At our professional meetings we have had two excellent speakers. The first was Mr. John Lyons of the personnel department of the Republic National Bank, Texas's largest. He spoke on the executive training program at the Republic Bank and banking opportunities in general. The other speaker was Mr. Lewis Reubin of Eppler, Guerin, and Turner, Stockbrokers. Mr. Reubin gave a very interesting talk on the stock market with emphasis on the most profitable types of stocks. Both of these speakers were not only interesting, but very informative. We have other speakers of the same caliber planned for the near future.

Of our social activities we had a party to celebrate homecoming at which both actives and pledges had an enjoyable evening. The music was provided by the brothers and alums in attendance.—DAVID A. NELSON

KENT STATE

SEVERAL OF THE BROTHERS of Beta Pi Chapter played a part in the recent inauguration of the new president of Kent State University, Dr. Robert I. White. Many of us were guides during the registration proceedings for the visiting dignitaries, alumni, and delegates from all over the country.

A recent addition to the fall quarter pledge class is a mynah bird, *Bacchus*, who is named after the Roman god of wine and revelry. This bird was obtained through a project of the psychology department of the University, to see how long it would take us to teach him to say a short sentence, such as "I like Deltasigs!" So far he has not been too successful and due to the many frustrated comments about him by the brothers, he may pick up a few other things first!

New actives recently initiated into the chapter are John Kilduff, Donald Leedy, Tony Schick, Edward Steigerwald, Brian Stock, and David Young.

Our Founders' Day banquet, a field trip

DON IRGENS, president of Alpha Epsilon Chapter at the University of Minnesota, removes the Greek letter plaque from the old Chapter House marking the end of an era for Deltasigs at Minnesota.

through the newspaper presses of the Akron *Beacon-Journal*, and several speeches have highlighted our professional activities this fall, with many other things coming up in the future.—E. RALPH MYERS

MINNESOTA

THE ALPHA EPSILON CHAPTER at the University of Minnesota, after experiencing a lack of membership for most of the 1962-'63 school year is now surging forward in the process of rejuvenation. With the aid of Brother Charles Farrar, and The Central Office, we have pledged 15 business students, all of whom are willing and able to work diligently in making Delta Sigma Pi, again, a well established fraternity on the campus of the University of Minnesota. We have a good start this Fall, and we are eagerly looking forward to a very professional, active, and rewarding year.

Last summer, The Minnesota Housing Corporation decided to sell the fraternity's chapter quarters feeling that the active chapter would be in a better position to serve the School of Business. The house has been a home for nearly 750 Deltasigs in the last 40 years, and leaving it was one of the changes that was difficult in the chapters' reorganization.

The Twin Cities Alumni Club sponsored our annual homecoming banquet October 23 in the Capp Towers. It was a gala affair with approximately 100 in attendance. The success of the party may be contributed to Gerald Brine and Bart Burns of the Twin Cities Alumni Club.

This year, the chapter initiated a new professional program to keep pace with the great changes in business encouraged by the installation of a new computer system. Our first professional meeting was a demonstration of the new Burrough's computer system. Starting in January, the active chapter will compete in a computers' management game in the School of Business. Also, Delta

Sigma Pi was given the honor of providing members to serve as guides in the Business School's open house on November 12. We feel that this sort of participation brings recognition to our fraternity in serving the School of Business. These facets of our professional program are only a small part of our plans in making the Alpha Epsilon Chapter an integral part of the School of Business. It took a long time, but the Alpha Epsilon Chapter is once again—on the move.—RAND S. UNER

CREIGHTON

ON SUNDAY, October 20, Creighton University's Beta Theta Chapter of The International Fraternity of Delta Sigma Pi had its formal initiation at the Sheraton, one of Omaha's finest hotels. This was Beta Theta Chapter's first formal function of the 1963-64 school year.

A dinner, in the Sheraton's plush North Room, followed the initiation ceremonies. At this dinner several members of Creighton's School of Business Administration were present, all of whom are members of Delta Sigma Pi. The highlight of the dinner was the presentation of an award to Mr. Philip Gaffney, for the great service and assistance that he has rendered to Creighton students, past and present. Mr. Gaffney has been Creighton's Director of Student Placement for several years. The award was presented to Philip Gaffney by the members of Beta Theta Chapter for a job well done.

The formal initiation has not been the only happening this fall. Beta Theta Chapter performs many annual services for the University. One of these services is ushering at the daily student Masses at Saint John's Church, which means directing more than 3,000 students every week. The brothers also usher at special University events, such as: Founder's Week, Greater Creighton Days, and various events throughout the school year. Another important job that Creighton's chapter of Delta Sigma Pi does is to sponsor their annual "Freshman Pick-Up," at the beginning of each school year. Through this service the brothers supply transportation for new students from the train station or airport to the dormitories on Creighton's campus. For all of these services the brothers of Beta Theta Chapter have been deeply thanked, on several occasions, by the University.

The important role that Delta Sigma Pi's Beta Theta Chapter plays on campus also has its lighter side. The chapter started out its social year with its annual Fall picnic, which was followed by several parties, of which the latest was the Halloween Party. At the present time plans are already in progress to make this year's Christmas Party the greatest ever. The brothers have also began work on their float for this year's Homecoming parade, which has as its theme the Carnival. Beta Theta Chapter has won the contest for the best float for the last two years.

With even more activities planned for the future, it seems that Creighton's chapter of Delta Sigma Pi is in for another busy collegiate year.

SHEPHERD

EPSILON KAPPA CHAPTER at Shepherd College has acquired a chapter house and is now in the process of installing a library for the use of its members. These new activities have created much enthusiasm.

The first professional meeting of the year featured a talk on "Business Prospects" by Ramon Alvarez, a former president of the student government and an alumnus of Epsilon Kappa Chapter. Twenty prospective pledges turned out for the meeting.

In October members of Epsilon Kappa Chapter and three advisors journeyed to Baltimore, Maryland, for a tour of the McCormick's Spice Company. Also during this month a trip was made to the new Baltimore Civic Center. In the near future we have scheduled trips to Corning Glass Works, in Martinsburg, West Virginia and to the Chevrolet Plant located in Baltimore, Maryland. Plans for a tour of Wharton School of Finance in Philadelphia are now in process.

Plans have been made for a Christmas Party for the underprivileged Children of the local area and also for a chapter blood donation to the Red Cross.—JAMES MILLAR

LOUISIANA STATE— New Orleans

EPSILON NU CHAPTER began its activities for the year with a bevy of professional and social activities. October 15 was marked by a talk by Charles Cabibi, famed attorney of Louisiana, about the history of business and the emergence of New Orleans as a business center.

This campus reflected the success of Delta Sigma Pi by a full day program highlighted by a talk on the "Lake Pontchartrain Reclamation Project" by Gerald Gallingshouse, President of the Orleans Levee Board, on Founders' Day. Also in celebration of Founders' Day, on November 17, will be a dinner for this chapter and Delta Nu Chapter of Loyola at which our Regional

Director, Max Barnett, will speak. Plans for the remainder of the semester include talks by T. Sterling Dunn, group manager of the New Orleans Sears' stores, and Giles Padel, district reporting manager of Dun & Bradstreet. The brothers will tour Michoud, New Orleans' branch of NASA. Included in this program will be a speaker and slides demonstrating "Michoud's Operations in the Manned Lunar Landing Program."

The chapter is looking forward to the upcoming activities and the initiation of our 12 pledges. We wish all brothers a prosperous year and hope that achievements will match or exceed those of last year.—NICHOLAS A. GENOVESE

ST. LOUIS

BETA SIGMA CHAPTER at St. Louis University, had an "Orphans' Picnic" for 52 boys and girls of the St. Louis Christian Home for orphans. This picnic was held in connection with Delta Zeta social sorority who helped with the entertainment. President Carl Miller was head organizer and co-ordinator of the affair. The picnic was a great success and a very enjoyable time was had by all.

Brother John Greenwell was our candidate in the Campus King this year. He placed well in the standings. Congratulations were given to the Beta Sigma Chapter by President Miller for the outstanding campaign.

Our rushing program under the co-ordination of Brother Egan was successful. We hope to initiate many of these fine pledges.

Alpha Delta Chapter at the University of Nebraska visited us on November 1. Tours were taken to various industries in the St. Louis area. In the evening a professional dinner featured a very fine talk given by Bob Holdt. Next semester our chapter hopes to make a similar trip to one of the chapters in the Midwestern Region. We believe that these trips could be very interesting and much knowledge of how other chapters function could be attained.

Beta Sigma Chapter celebrated Founders' Day with a dance at Hillcrest Country Club. Almost all members attended with many prospective pledges for the coming semester present. The affair was a great success due to the planning by Brother Barnhart.—RONALD R. BASLER

MICHIGAN STATE

GAMMA KAPPA CHAPTER at Michigan State University is about to finish a very successful Fall quarter. We are especially proud of our rush program which enabled us to pledge 15 outstanding students, all of whom are potential assets to Delta Sigma Pi.

Our professional program got under way with a guest speaker from Detroit. Mr. George Campbell, regional director of the United States Department of Commerce, gave an interesting and informative talk on the role of the Department of Commerce in business. Later in the term we visited the Sutherland Paper Company in Kalamazoo, where we witnessed the manufacturing of cardboard containers used to package many consumer products.

Acting upon the suggestion of Brother Regan, all the brothers rolled up their sleeves and donated blood for the fall blood drive. We were one of five fraternities on the Michigan State campus to receive a bronze plaque for reaching 100 percent participation.

To cap off the term we are giving a Christmas party for 30 economically deprived children in Lansing, and we're sure the brothers will enjoy the party just as much as the children will.—ELLIS R. VAN HOOSEAR

PITTSBURGH

LAMBDA CHAPTER at the University of Pittsburgh is looking forward to a good year of well-planned professional meetings. In September we made the initial step to get all of our activities underway and then saw a film about the operations of the Internal Revenue Service. Next month we had a dinner with our wives and listened to a fine speech by Mrs. Ruth Crandall, associate director of admissions at Robert Morris Junior College. Her interesting topic, "Turn-about—Would your Secretary Hire You?" is an unusual slant to everyday business life. Brother James D. Walsh, professional chairman, expects to have a legal speaker and two officials from the Westinghouse Electric Corporation tell us about some other business activities.

We also intend to expand our membership. First, we are looking for an additional faculty advisor to assist Dr. Robert H. Baldwin, who has been doing an excellent job for us. Secondly, each of us is searching for new pledges. So far Secretary Weldon D. Barto is well ahead with eight potentials.

We are fortunate to have Brother Joseph E. Wilson as president again. His able leadership together with the cooperation and assistance of each chapter officer and member should score another 100,000 points in the Chapter Efficiency Contest.—RONALD J. TRALKA

LISTENING intently to a discussion of the Federal Reserve System are these members of Epsilon Sigma Chapter at La Salle College during a recent tour of the Federal Reserve Bank in Philadelphia.

OMAHA

GAMMA ETA CHAPTER started off the new year by sending three brothers to the Grand Chapter Congress at Bedford Springs, Pennsylvania. Brothers Spencer, Tallman, and Meshover came back with many new ideas for greater chapter efficiency, along with some new ideas on economical travel.

Meanwhile, on the local front, we received 12 new pledges who are moving rapidly toward their goal of becoming active Deltasigs. Brother Vincentini, pledge trainer, tells us that this is one of the best pledge classes in recent years.

Our professional activities included Mr. Thompson Holtz, who spoke on hospital administration, and a tour of the Kitty Clover Potato Chip plant.

The Deltasigs also took part in the Red Feather-Red Cross campaign, collecting more than 200 dollars in a door to door drive.

In intramural sports activities, both fraternity bowling teams are doing well while the football team *finally* ended its season with 6 losses in 7 games, including a crushing defeat at the hands of the new pledge class.

Gamma Eta Chapter was the host of Charles Farrar, the Executive Secretary of Delta Sigma Pi, for two days in early November. Brother Farrar helped the new officers get the chapter moving in the right direction—the direction which should lead us to one of our best years ever.—RICHARD WYMORE

EAST TEXAS STATE

DELTA PHI CHAPTER at East Texas State College, Commerce, Texas, resumed its activities with the beginning of the Fall semester. The members of the Delta Phi Chapter are anticipating a very eventful year. We are using as our incentive the results of the Chapter Efficiency Contest last year. Through the very zealous efforts of our Chapter Efficiency Contest committee with Brother Glen Watts as chairman, we were able to attain first place with 41 other efficient chapters. Brothers Watts—displaying high qualities of leadership, service, and character—has been a contributing asset to our chapter.

On October 9, 1963, we were pleased to have Brother Charles Farrar on our campus. At a dinner banquet in his honor, we discussed important matters to help make the Delta Phi Chapter number one again this year. We feel Brother Farrar's visit was very beneficial.

Delta Phi Chapter held its Fall rush smoker Wednesday, October 19, in the Memorial Student Center. Approximately 20 prospective rushees who received formal invitations were present for the occasion. Chapter President Jim Madden welcomed the rushees and gave information concerning all aspects of Delta Sigma Pi—its purposes, aims, and goals. Brother Emmet O. McAnnally, professor of business, spoke on the importance of a professional business fraternity, bringing out the values that a student can get from this type of organization. Brother Gordon Cox, social chairman,

provided entertainment and refreshments. The smoker was very successful and the results were illustrated by our pledging ceremonies on October 23. On this date we pledged 13 very enthusiastic pledges. Those receiving pledge pins were: Sam Lyle, Johnny Mackery, Ronny Justice, Marion Lowe, James Riggins, John Hackleman, Mike Nelson, Joe Ondrusek, George Tolson, Joe Byrne, Don White, Boe Harris and Travis Averns. The new pledges are presently in the process of selecting one or two pledge projects to run throughout the semester. We are very proud of our new pledge group.

November 13 was the date of our first professional program. At this meeting, we saw slides of the Volkswagen plant in Germany. These slides were in color and were very interesting. Along with the slides of the plant were slides of the town in which the plant is located. Our senior vice-president, Bob Quin, was responsible for this fine program. We are planning some very interesting professional activities this year in our chapter. We are in the process of organizing a public relations committee to supplement our professional committee. Its purpose will be to work with various clubs and organizations in Commerce and Dallas to get interesting professional speakers and films for our professional program.

To get our social activities off to a big swing this year, we had our Founders' Day party November 7. The new pledges were surprised with a little "get acquainted" party. A good time was had by all who attended. Our next big coming event will be our Christmas party. We are reserving the "Hat" (*famous in Commerce*) and are expecting a very colorful party. Members of the department of business administration will be encouraged to attend.

Initiation will be on Wednesday, December 18 this year. Part of the ceremonies will include a panel discussion presented by the pledges. Following the initiation will be our banquet, and the outstanding pledge of

the semester will be presented at this time. With Brother Jim Harrison acting as a very competent and efficient pledge trainer, we are looking forward to a very interesting ceremony.

With the activities thus far planned for this semester we feel that the Fall term can only be a profitable one.—JIM M. MADDEN

ITHACA

President Ray Hamlin and Chancellor Carl Taraschi were the Delta Lambda Chapter representatives to the Grand Chapter Congress last August. By the way, that was Ray's last fling. In just a few short days 16 brothers attended his wedding. It was a good preschool occasion for the brothers to discuss summer activities.

The 19 on campus brothers are now living in the basement of Dorm #6 on the new south hill campus. It's convenient to the cafeteria, Student Union, and classes, but not so convenient to the dorm parking lot. In a special fall election Brother Ed Dake was installed as Historian.

Four pledges are keeping the brothers busy keeping them busy. Our formal initiation for this class was December 8. Brother Steve Foote deserves a fine compliment for the excellent job he did as co-chairman of Parents' Weekend held November 8-10.

We celebrated Founders' Day with a spaghetti dinner at Brother Joe Centinni's restaurant. Brother Kolmin, Dean of the Arts and Sciences, spoke to the 31 brothers in attendance on the goal of Ithaca College in teaching business administration. Two of the brothers attending were Professors' Joyce and Mathew of the Business Administration Department.

For our October professional meeting we listened to Mr. Dave Barr of the firm of J. S. Barr and Company, local stock brokers. He provided us with useful information on methods of purchasing and selling securities.—ROBERT F. SATURN

GAMMA ZETA CHAPTER at Memphis State University constructed this lawn display at homecoming depicting the success of the undefeated Memphis State Tigers.

PICTURED are the brothers and prospective pledges of Delta Omicron Chapter at San Francisco State at a spaghetti dinner.

ROCHESTER TECH

EPSILON LAMBDA CHAPTER is very proud to report our winning four trophies in this year's competition at Spring Weekend. We took second place in both the booth construction and a skit performance, and first place in the design of our float and over-all competition in our respective division.

Our 1963-64 year has introduced a new concept in our professional program. The three part program entitled "Careers in the Business World" is opened to the entire School of Business at the Rochester Institute of Technology. The first part was presented on October 15, and consisted of three speakers representing the accounting, business purchasing, and educational fields within business.

The second part has introduced students to the investment field thru a program entitled "Building an Investment Portfolio," and was presented on November 12.

The third part is to be presented in December, and will take up the field of sales.

Our social activities have included an election banquet, a bowling party, a summer picnic, and a hayride. These events brought the brotherhood together in summer months and also seemed to be well enjoyed by the girls.

—JOHN W. LAYMAC

DE PAUL

ALPHA OMEGA CHAPTER at De Paul University in Chicago held their annual Jarabe on October 19 at the Sheridan Chicago Hotel. Over 200 couples attended the dance, and much of its success was due to Brother Parra, president and Brother Verinder who heads the chapter social committee. The success of the dance was also due to the efforts of all the brothers with regards to ads and ticket sales. The famous jazz singer Oscar Brown Jr. and the comedian Jackie Gale supplied the entertainment for the evening. The Jarabe was concluded with

the crowning of Miss Sally Meehan, a sophomore in the school of liberal arts, as the new "Rose of Deltasig" together with Diane Gottfried and Miss Marilyn Matthews as the respective "Rosebuds."

During the month of October, the Alpha Omega Chapter under the leadership of Brother Larkowski, who heads the chapter athletic committee, sponsored the Deltasig Football Tournament. Although we did not place first, the brothers, nevertheless, had a great time playing together as a team.

On the weekend of October 26, the Alpha Omega Chapter of De Paul University was challenged by the Delta Chapter at Marquette University in Milwaukee, Wisconsin to a football game. Although the hard fought game was lost by us by a score of 24 to 9, we remained in good spirits for our smoker held on the next day at the Oxford House back in Chicago.

On Halloween evening, we held a party at the Norford Hotel. Brother Marks, dressed as a gorilla, walked off with first place in the costume judging.

On November 9, a mixer with two other fraternities and two sororities was held in the Maryland Hotel. The fraternities invited were: Tau Theta and Phi Kappa Alpha. The sororities invited were: Phi Gamma Nu and Delta Zeta. Brother Verinder, who serves as social chairman, once again did a meritorious job as he does for all our social events.

Early in November, the Alpha Omega Chapter entered the basketball tournament sponsored by Phi Sigma Phi fraternity.

With regard to future events, on December 1 and 12, we are sponsoring the Deltasig Opportunity Exposition in which representatives of 25 prominent Chicagoland business firms are invited to set up booths in the school's cafeteria with the dual purpose of both acquainting De Paul students with opportunities in business in Chicago as well as answering the students questions with regards to any questions they may have regarding the particular firm they represent.

Our meetings throughout the year have featured well qualified business executives in the Chicagoland area speaking on the many various aspects of the business world. We aim to continue this fine practice in the hope to help "to foster the study of business in universities."—NORBERT J. HUMPA

BABSON

THE BROTHERS of the Gamma Upsilon Chapter are proud to introduce their new executive committee for the 1963-64 school year. The new officers include; Ian Amory, president; Peter Sinnott, senior vice-president; Roger Enrico, vice-president; Malcom Eaton, secretary; and Charles Rosenthal, treasurer.

The Fall rush program was very successful this year and the Gamma Upsilon Chapter is proud of pledging seven of Babson's finest men. The new pledges include Andrew Blake, Malcom Cook, Joe Dutra and Chad Giroix all of whom are fine athletes. Also in pledgship are Barclay Megathlin, president of Babson's student government; Albert Gode, captain of Babson's basketball squad; and Robert Weissman, chairman of the student judicial court. It is expected that these men will complete their pledge period and be initiated into Delta Sigma Pi sometime in December.

Babson's Deltasigs have been enjoying a very social fall term. The brothers attended the Harvard, Cornell game recently which was followed by a party at brother Eaton's house in Waban Massachusetts. The chapter sponsored an all school function on October 26. The function was the annual "Purple Garter." The Purple Garter is a swinging little club which opens its doors once a year to Babson men and their dates. Once again the dance was a huge success.

The Gamma Upsilon Chapter would like to take this opportunity to congratulate alumni brothers Descom Hogland and Frank Winch on their recent engagements. We would also like to extend our thanks to those who made this year's Grand Chapter Congress one of the best ever held.—JOHN R. EUSTACE

NORTH DAKOTA

ALPHA MU CHAPTER at the University of North Dakota celebrated Founders' Day by our initiation of 25 new pledges and a Banquet. Present for our initiation was the Delta Sigma Pi Executive Secretary, Charles Farrar. Our banquet speaker was Mr. Ray Mayo, a representative of International Business Machines Company, who spoke on the opportunities of I.B.M. Guests of honor included Dean Clifford and Professor Anderson of the Department of Business.

Our professional program got a fine start with many interesting speakers thus far. Many more speakers are scheduled throughout the year.

Our new Faculty Advisor is Mr. Kahl of the Department of Management.

Our current social plans include the choosing of a "Rose of Deltasig" and the Xmas party which is coming up in December.—DAVID STACKELHOUSE

PSI CHAPTER activities at the University of Wisconsin include a presentation of the Benson Award to Ron Schuh by Dean Gaumnitz (*left photo*), a Formal Dance (*center photo*), and the "Rose of Deltasig" candidates (*right photo*) seated, left to right: Margie Alt, Mary Icenogle, Pat Hurlbut, Andie Hoffman, and Judy Swan. Standing: Harianne Wiener, Kathy Whitney, Susie Hanley, Karen Carlson, Andie Lerios and Diana Armstrong.

New Mexico State University, we are looking forward to a very prosperous and busy new year.—JOHN R. MERCHANT

PENNSYLVANIA

BETA NU CHAPTER, catering to Deltasigs at the Wharton School of Accounts and Finance, had a successful 1962-63 school year, culminating with a well-attended and highly enjoyable Spring Formal Dinner Dance held at The Anchorage on East River Drive in Philadelphia's "leafy" Fairmount Park.

During the Summer the newly-elected Chapter officers—Robert T. Zaleski, president; James R. Thompson, Jr., senior vice president; Frank L. Caso, vice president; Richard James, secretary; Donald Burg, treasurer; Robert H. Laird III, chancellor; and Robert Hill, historian—were treated to an Installation Dinner at the Penn Sherwood Hotel. Our collective thanks go to Brother Don Richter for his exemplary handling of this affair.

Our pledging program is in fine shape, mainly to the combined efforts of the chapter brothers and particularly to the fine leadership of Senior Vice President Jim Thompson, who directed an extremely effective letter to prospects. The chapter also had an interesting and colorful display board containing much information about Delta Sigma Pi and local Deltasig affairs. Needless to say, the most effective force for gaining new pledges came from personal contact and our three-pronged attack netted us 11 neophytes.

Beta Nu Chapter has held three dances at our chapter house since September, all of which proved quite popular. It should be noted that Epsilon Sigma Chapter from LaSalle College contributed a large group of brothers to the affair and as always, we were delighted to have them join us. We celebrated Homecoming Day on November 9. Most of the brothers attended the Penn-Yale game, after which we honored the occasion with a party in the afternoon and with an excellently-attended dance that evening.

As to our professional program, we have been exposed to two exceptional and interesting presentations. Brother Don Richter, who is connected with a local steel firm,

gave a dissertation on personnel recruitment problems in the steel industry. The inimitable and effervescent Dr. Edward A. Anderson of the marketing department, starred at the second professional meeting with a provocative delineation of current marketing trends and their underlying sociological and psychological factors. We are particularly proud of Dr. Anderson, who was initiated as a Deltasig some time ago.

We are presently preparing for our Christmas Dance on the 14th of December, not to overlook the delightful proceedings on "Help" Night and the initiation of pledges on December 6 and 7, respectively.

Hello to all those Deltasigs attending the Grand Chapter Congress at Bedford Springs, Pennsylvania from Brothers Walt Dempsey, Bob Downs, Dick James, and yours truly.—JOSEPH T. LEWIS

NEW MEXICO STATE

EPSILON UPSILON CHAPTER at New Mexico State University recently elected officers for the Fall semester of 1963. Brother Larry C. Smith from Hobbs, New Mexico was installed as president.

Epsilon Upsilon Chapter was honored with the presence of Executive Director, Jim D. Thomson on October 22, 1963. His talk was primarily concerned with Epsilon Upsilon Chapter and Delta Sigma Pi nationally. Brother Thomson also mentioned the Grand Chapter Congress recently held. In closing the meeting, there was a question and answer period concerning the problems of Epsilon Upsilon Chapter.

Our first professional tour for the year is dated for November 21 at the Standard Oil of Texas Refinery Company in El Paso, Texas. The entire active chapter of 24 Deltasigs and 13 strong pledges will be on hand to attend this tour.

Epsilon Upsilon Chapter recently celebrated Founders' Day on November 8 at Milton Hall Student Center. To his surprise, Brother Jim Stumft, social chairman, was honored with a birthday party.

With the recent recognition that Epsilon Upsilon Chapter has been receiving here at

TEMPLE

SINCE THE TIME the last article for *The DELTASIG* was written, the redevelopment program of Temple University has pushed forward at a frantic pace. Land has been cleared for the new business administration building, which incidentally will occupy the space where our old chapter house used to be.

During the course of the summer we were able to complete the renovation of our new chapter house at 1722 North Park Avenue. A newly paneled recreation room, which will serve as our party room, and a larger living room has given the house an unmistakable air of warmth and relaxation. There are now 13 of our 23 active members living in the house.

Our Fall semester's rushing program got off to an excellent start with our smokers on September 31 and October 16. Our efforts were rewarded with 15 pledges who have the qualities of becoming brothers of Delta Sigma Pi. This year our weekend of initiation will take place both Friday and Saturday, December 13 and 14.

The social committee under the leadership of Ray McGettigan has succeeded in pleasing everyone. The last social function of last year was the Annual Spring Dinner Dance held in the latter part of May at the Tally-Ho Restaurant. Miss Lynne Cowan was crowned "Rose" of Omega Chapter and John Losten was the recipient of the Victor Baine Memorial award. So far this year the after football game victory parties have proven to be a great success and we are now eagerly looking forward to Founders' Day, homecoming, and our Christmas dinner.

The professional program this year has been enlarged to include a speech by a representative of Price Water House on "Opportunities in Accounting"; a tour of Yale and Towne; and a speech by Mr. William Guthman of the Temple University Placement Bureau. Other professional activities will be linked with the Society for the Advancement of Management.

The brothers of Omega Chapter extend a warm welcome to any brother visiting the Philadelphia area.—JOHN A. HAGUE

GEORGIA STATE

KAPPA CHAPTER at Georgia State College celebrated Founders' Day on November 8, 1963 with a dinner-dance at the Deltasig Lodge in suburban Tucker, Georgia. The principal speaker for the night was Brother George Dressel, professor of accounting.

Speakers at the Fall quarter's first professional meeting were Mr. Hyrum J. Honea, financial economist of the Federal Reserve Bank, Mr. Emory Johnston, assistant manager of the credit card plan department of the Citizens and Southern National Bank, and Mr. Tom McMichel from the installment loan department. These men provided the brothers and pledges with a complete insight into the credit plans of the Federal Reserve as well as the National Banks of the country.

This year, for the first time, Kappa Chapter had a gala Halloween party, complete with a Hootenanny. The night of witches was filled with fun and frolic for all Deltasigs and their guests. Among the visiting dignitaries was George E. Manners, dean of the School of Business Administration at Georgia State.

Kappa Chapter at Georgia State is indeed looking forward to a highly successful year. The prospective pledges show promise of making Kappa Chapter even greater in the future.—**HARVEY RUBIN**

LEAVING THE CHAPTER HOUSE are these rushees of Alpha Lambda Chapter at the University of North Carolina in Chapel Hill.

INDIANA

ALPHA PI CHAPTER of Indiana University has started out this year with two big tours. The first was to RCA of Bloomington, Indiana and took place the first week of school. The whole color television manufacturing phase was explained and shown to the 15 members that attended.

Thanks to the efforts of Brother Thompson a second tour was arranged to Columbus, Indiana to see Cummins Engine Company Inc. and Arvin Industries Inc. in recognition of the fraternities birthday, November 7th. The 27 members that took part in this day long tour came back with a new and greater knowledge of these industries.

Earlier this semester we pledged 23 men. Since we had a large number respond to our smoker, we were very selective in choosing our pledge class. We feel that we picked those men who will offer their very best so that our chapter can continue to prosper and grow. For our speaker at our formal pledging program we had Brother Dick Watson, who is a former president of our chapter. Elaborate plans for initiation and post-initiation are being made. A full and varied program, both professional and social, is scheduled for the remainder of the school year.

Again this year we have rented office space from the Indiana Memorial Union. Any member is eligible for a key card and is entitled and encouraged to use it. The office can be used for fraternity affairs or as just a quiet place to study.

We feel confident that with the group we have this year and the new pledges we will have an active and successful year.—**JOHN P. MITCHELL**

SUFFOLK

DELTA PSI CHAPTER at Suffolk University extends its congratulations to the chapters that finished in a first place tie with us in the past Chapter Efficiency Contest. We of Delta Psi Chapter are very proud of the certificate that we received in honor of such a finish and we anticipate receiving such an award for this year.

On October 7, we held a smoker which had a dual purpose. It was a professional meeting in which prospective pledges were invited to attend. Our speaker was Mr. John J. Littel, the administrative manager of the Boston District Sales Office for the Ford Motor Company. Mr. Littel talked to some extent on the job opportunities that are available for college graduates who are interested in Ford. As an example, Mr. Littel told about the advancement of Allerton "Bing" Towne, who served as president of Delta Psi Chapter during the past year. Mr. Littel stated that Ford is very happy with Bing and that he is advancing very rapidly in the Company. As a result of the smoker, ten students decided to pledge.

As soon as the pledge class started, an informal pledge-brother football game was held. The brothers played an inspired game while the pledges, on the other hand, played a monotonous game. After the brothers took a 12-0 lead, we decided to play possession ball. The pledges scored six points on a pass play that worked only because our entire safety was asleep. The sleep sickness overcame most of the brothers as one of us sat down in our own end zone when he had the ball and that was scored as a safety. However, we managed to fight the sickness, which we described as being the pledges' secret weapon, just in time and we won 12-8.

On November 9, the first social event was held. The brothers, pledges and dates enjoyed the semi-formal dance which was held in Boston at Tiffany's.

Delta Psi Chapter celebrated Founders' Day by holding a professional meeting on November 14. Mr. Max Hymans was our guest speaker. Mr. Hymans is president of the Massachusetts Association of Public Accountants.

He talked about the role of public accountants in this state after a new law goes into effect on November 18, 1963. In brief, this law requires all public accountants who do not have their C.P.A. certificates to register with the state by June, 1964. No person will be allowed to practice public accounting in Massachusetts if he enters the business after November 18, or if he is in the business and does not register by June, 1964. It was a very interesting talk and directly after the speech Mr. Hymans conducted a question and answer period.

In closing, we of Delta Psi Chapter wish our fellow chapters a very happy and successful new year.—**LAWRENCE T. McVAY, JR.**

THE BETA UPSILON CHAPTER Lodge at Texas Tech receives a new coat of paint from Brothers Jim Choate, Larry Schultz, and Charles Giddens.

ILLINOIS

UPSILON CHAPTER has many big dates on its calendar this year.

The brothers followed the "Fighting Illini" to the University of Wisconsin over the November 16 weekend, for the big game between Illinois and Wisconsin. Psi Chapter was our host during that weekend. Although they didn't help us cheer for the Illini, they provided housing and dates for their brothers from Champaign-Urbana.

An even greater event was celebrated on November 7. Our annual Founders' Day luncheon was held for all the undergraduate and faculty brothers at the University. We were proud to have one of the founders of Alpha Upsilon Chapter at Oxford, Ohio, our own Dean Green, as guest speaker. The brothers of Upsilon Chapter take great pride in the bond which is established between the faculty and undergrads during these luncheons.

December 7 is another high spot. Our annual "Rose" Dance will be held on this date. We are expecting the finest "Rose" Dance in our chapter's history. The only problem we anticipate is that of choosing the girl to be the Illinois and International "Rose" of Delta Sigma Pi.

Our 17 neophytes are awaiting their initiation and banquet date. They are working hard in order to be worthy of the honor when the time arrives.—**PHILIP S. BLOOMBERG AND NEAL J. BLOCK**

WAYNE STATE

THIS LOOKS LIKE an outstanding quarter for the Gamma Theta Chapter. We are on the move again this year on Wayne State University's campus.

Socialwise, we held a Halloween masquerade party on November 26 which was centered around an authentic coffin out of which one pledge mysteriously emerged. A hayride with Kappa Delta sorority followed the party. So as not to direct our intentions toward just one sorority, we have made arrangements to have a party with Alpha Gamma Delta. Our 11 pledges have also scheduled a party with the pledge class of Sigma Kappa.

We have a road run planned which will be followed by a party at the fraternity house.

Sportswise, things are looking good for us. One of our brothers, Jim Manvell, has broken the I.F.C. swimming record in the breaststroke competition, Rich Tapper, our house controller and bowling boy, is leading in just about everything in I.F.C. bowling. Gamma Theta Chapter has just beat Delta Phi Epsilon and is looking forward to walking over AKPsi again this year and retaining the Bucket Bowl trophy.

Our chapter is not all social and sports. We do participate in serious campus activities. We have six actives and one pledge on the Business Administration Student Council, more men than both our rival business fraternities combined. One of our brothers is president and another is treasurer while all our men hold important committee positions. The only business administration representative to the Student-Faculty Council is a Deltasig.

We also have men prominent in non-business organizations on campus. One brother is a governor in the men's union while two more of our members are active in the I.F.C. Our noble chapter president recently attended a seminar aimed at setting

both the short and long run aims of the fraternities on Wayne's campus.

Professionally, our chapter is also active. Among other things, we are sending four members to an economics seminar on December 2 at Lansing, Michigan. Our pledges presented a very good dinner to the active body for Founders' Day (it was an amazing presentation for pledges).

In keeping with our previous civic efforts, our chapter presented a Halloween party for mentally and physically defective children. We sincerely believe that these children had a really great time. One member of our pledge class took five of these children to Wayne's Homecoming game the following weekend.

We have in the making plans for a Christmas party for a group of orphans. We will give each child a gift from Santa Claus. We are hoping that this party will go off as well as our Halloween party.—PAT O'NEIL

GEORGIA

AS SET FORTH by Delta Sigma Pi, our goals as a professional business fraternity are high, indeed. One of the ways of reaching those goals is through the Chapter Efficiency Contest and Pi Chapter at the University of Georgia is attempting to make it outstanding. So far this quarter we have had three professional speakers: Dean Bunting of the College of Business Administration, former Dean Gates, and Dr. Tailley. These speakers were not only informative, but they gave the brothers of Pi Chapter a glimpse behind the scenes of an operating College. As the quarter goes by, we hope to have more of these excellent speakers.

All is not academic, however. The celebration of Founders' Day and the election of the "Rose" and her court are equally important. The Brothers of Pi Chapter chose Linda Smith of Chi Omega as our "Rose." Her court consisted of Linda Moore (*Zeta*

Tau Alpha) as Sweetheart, Joane Shields (*Kappa Delta*), Volarie Berry (*Delta Delta Delta*), Nicky Tredwell (*Alpha Gamma Delta*), and Leah Rutledge (*Alpha Chi Omega*). As is suitable, the "Rose" and her court were presented at Pi Chapter's Founders' Day celebration on November 9. Entertainment was by *The Brothers Two* at the Scholar.

Another event occurring on the night of November 9 was the installation of a new chapter, Epsilon Chi, at Georgia Southern College. David James, President of Pi Chapter, represented the brothers at the installation along with delegates from other chapters.

We would like to extend to Mr. Jerry K. Reid, president of the new chapter, and to the 28 new Brothers of Epsilon Chi chapter heartiest congratulations and much success in the future.

Here at Georgia much planning and preparation has been underway to celebrate the 50th Anniversary of the College of Business Administration on November 15 and 16. Meetings and luncheons for all the old graduates have been planned by the University. Shortly before the Georgia-Auburn football game on November 16, Pi Chapter will hold a luncheon for its alumni. Almost 600 invitations were sent out to graduated brothers and their wives by Pi Chapter and it is expected that a great number will attend.

These activities mentioned are but a few of the efforts of the brothers of Pi Chapter. As members of a professional business fraternity, we hope to do an outstanding job at Georgia through our activities and to represent the forward-looking business major. Certainly such a goal is one of the main reasons for the foundation of Delta Sigma Pi.—JOHN F. MARTIN, JR.

MIDWESTERN

EPSILON ZETA CHAPTER of Delta Sigma Pi, at Midwestern University, has started what looks to be a very promising year.

Our chapter's touch football team is in first place in campus intramurals and has a good chance to remain there. On October 11, Mr. Calvin Hansen, a representative from Merrill Lynch, Pierce, Fenner and Smith, Inc., gave an informative talk on the stock market and the brokerage business. A discussion period after the talk cleared up points of particular interest to chapter members.

We have 17 pledges this semester. A very successful dance was held to welcome the new pledges. Our pledges have painted the inside of the chapter's lodge and have some more plans for the semester.

We have started a float for homecoming which will be November 22 and 23. The theme for the float is the stock market crash.

Officers this semester are Cliff Baggett, president; Jerry Brazil, senior vice president; Robert Edgemon, vice president; Bill Lance, secretary; Jerry Fleming, treasurer; Butch Hunt, chancellor and Phil Witt, historian.—GEORGE GILMAN

MEMBERS OF Alpha Omega Chapter at De Paul University in Chicago assembled with the "Rose" court at the annual Jarabe dance. The ladies from left to right are: Miss Marilyn Matthews, rosebud; Miss Barbara Laughlin, former "Rose"; Miss Sally Meehan, the newly crowned "Rose"; and Miss Diane Gottfried, rosebud.

TEXAS WESTERN

GAMMA PHI CHAPTER at Texas Western College in El Paso, Texas began the Fall semester with an enthusiastic group of newly elected officers. They are: Ernest Anderson, president; David Gardea, senior vice-president; Ed Lowenberg, vice-president; Edgar Langley, secretary; Jim De Garmo, treasurer; Fred Becker, historian; and Oliver Goodman, chancellor.

We were very happy to welcome eight men to our pledge class after a successful rush program. These men will help establish Delta Sigma Pi on our campus and present a bright future for our fraternity.

The first pledge activity was started off with a dinner with the El Paso Alumni Club to acquaint the pledges with the alumni. Alumni-pledge banquets have been very successful in the past in impressing pledges with the advantages of membership in Delta Sigma Pi.

The chapter enjoyed a visit with Brother Jim Thomson, Executive Director of Delta Sigma Pi. He gave an enlightening talk on the history of the fraternity and gave us many new ideas by which we could improve our chapter. He also answered many questions that we were unable to handle at chapter level.

The chapter anticipates traveling to the Fort Worth and Dallas area on December 5 to view the works of Convair Corporation in conjunction with Delta Upsilon Chapter of Texas Christian University. The chapter also plans to attend the luncheon in Dallas to be held in honor of Watrous Irons, "Deltasig of the Year 1963."—FRED K. BECKER

LOYOLA—New Orleans

DELTA NU CHAPTER began its year with some professional activities. We toured the IBM facilities and the Simmons Printing Press Company. Also a representative from Dunn and Bradstreet gave us helpful advice on the business world. We then celebrated Founders' Day by having a banquet together with Epsilon Nu and Gamma Mu Chapters. Ernest Mason, an Honorary Deltasig, spoke at the banquet on "What Business Expects From The College Man." These functions have proven to be informative as well as interesting.

Other projects we have undertaken have been: installation of the Student Banking System for Loyola's out-of-town students which is operated like a regular bank; the increasing of the volume of business in connection with our Check-Cashing Service; making our Second Annual "Fall-Out" dance one of the biggest dances staged at Loyola (1000 persons were present); and celebrating Halloween with a party at Brother Giroir's house.

Our sports program includes our entering an athletic team in every intramural sport. Our swimming team has placed fifth and our football team under the leadership of Brothers Coman and Jung, co-captains, is presently in second place.

Thus this year promises to be a very profitable one.—RONALD J. JUNG

BROTHER RONALD J. JUNG, right, is presented the James N. Masters Memorial Award by President Leo Giroir on being chosen the Outstanding Member of Delta Nu Chapter at Loyola University in New Orleans for the year 1962-63.

DETROIT—Theta

THETA CHAPTER at the University of Detroit began the Fall semester with a new administration and is looking forward to a 100,000 point year in the Chapter Efficiency Contest. Our 1963-64 officers are: Douglas Christie, president; Charles Lauhoff, senior vice-president; Donald Halstead, vice-president; Fred Dery, treasurer; Gilbert Gerhard, secretary; and Stephen Winchell, chancellor-historian.

In keeping with the old saying, "business before pleasure," the fraternity sponsored the "Autumn Mixer" which was open to the student body early in our Fall social program. Thanks to the efforts of our social chairman, Brother William Hordishinsky, this dance was certainly a financial as well as a social success.

The brothers are proud to announce that our chapter "Rose," the lovely Sandra Masonis, was elected to the homecoming court from a group of over 30 young ladies. Her successful election was helped through the wonderful cooperation of all the brothers on her behalf. In keeping with the homecoming spirit, we also built a float which was included in the parade.

This year we are also engaged in many campus activities. Our chapter won first place in the Chariot Race contest during the Greek Week activities. "Horses" Roger Jankowiak and Timothy Hutton did a fine job of pulling our charioteer, Brother Peter Abbo to victory. This added a beautiful trophy to our collection. Also, our president, Doug Christie, was elected treasurer of the Student Council, and Brother Richard Niborski was elected secretary of the Inter-Fraternity Council.

Needless to say we picked up many fine ideas on fraternity organization from Brothers Tom Kostecke, William Hordishinsky, and Fred Dery, who attended the Grand Chapter Congress during the past summer. They spoke highly of the gathering and were impressed with everyone they met.

We have many plans for the year and hope to be reporting on their success in the next issue of *The DELTASIG*—STEPHEN WINCHELL

TEXAS

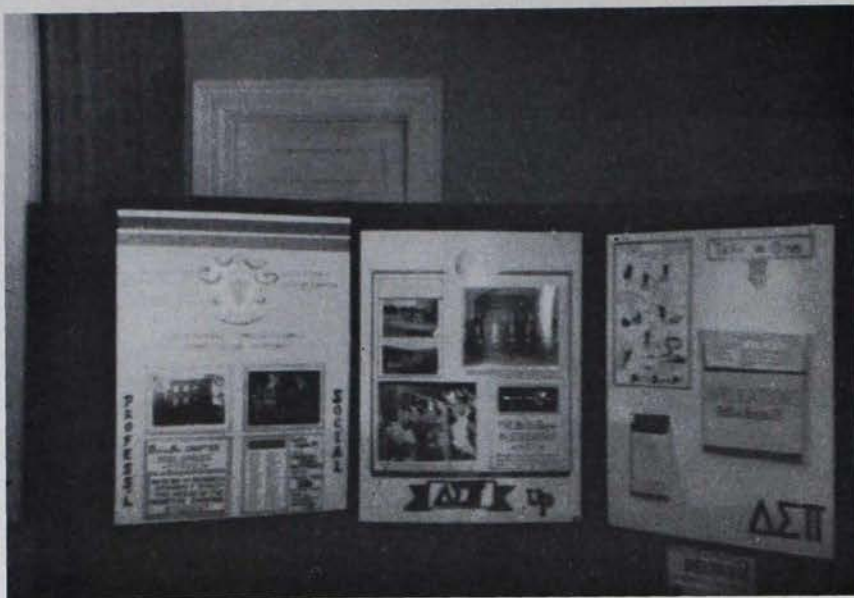

THIS PROMISES to be one of the best years ever for Beta Kappa Chapter at the University of Texas. To go along with the selection of Dr. Watrous Irons, President of the Federal Reserve Bank of Dallas and a Beta Kappa chapter alumnus, as *Deltasig of the Year*, Brother John Harmon has been selected to represent Delta Sigma Pi at the National Association of Manufacturers Convention in New York. In addition, we are extremely pleased with the job done by Sr. Vice President Bill Young in organizing a pledge class of 38 strong for the Fall semester. Faculty pledges are Dr. Robert M. Taylor, associate professor of international trade, and Mr. William P. Dommermuth, assistant professor of marketing.

At our recent Founders' Day Banquet, Mrs. Jerry Moore, Director of Placement of the College of Business Administration, became the third woman ever to be recognized by Delta Sigma Pi. Mrs. Moore, a 1957 graduate of the University of Texas, became placement director in 1960 and has rendered outstanding service to the College of Business Administration and Delta Sigma Pi since that time. Faculty members, wives and brothers of Beta Kappa Chapter turned out in grand fashion to observe Founders' Day, feast, and welcome Mrs. Moore into the fold.

A variety of speakers are scheduled for the semester and we have already been addressed by several distinguished faculty members. Dr. Aaron H. Chute, professor of marketing administration and oldest member of Beta Kappa Chapter, spoke at the first smoker, and Dr. John A. White, Dean of the College of Business Administration, was the featured speaker at the second smoker. We were also very happy to have Brother Charles L. Farrar, Executive Secretary, with us at the second smoker.

A variety of other activities, both social and educational, are planned for the semester including a tour of the General Motors Assembly Plant and Texas Instruments in Dallas on November 27. A Stag Party was held on November 2, and two formal dances are scheduled, one on November 16 after the battle between the Number One football team in the nation, The Texas Longhorns, and T.C.U., and a Christmas Dance on December 14. On December 7, we plan to send a delegation to the banquet in Dallas held in Dr. Irons' honor. Also planned is a Christmas Party for a group of orphans in cooperation with Gamma Phi Beta Sorority.

We have been quite active on campus thus far and in the recent elections Brothers Jerry Squyres, Jerry Sims, and Ron Tharpe were elected to class offices. Our intramural football teams have fared well with the "A" team winning its division and the "B" reaching the finals before losing.—SAMUEL I. PITTMAN

ATTRACTING THE ATTENTION of students at the University of Pennsylvania is this display by Beta Nu Chapter depicting its activities.

CHICO STATE

100,000 POINTS in the Chapter Efficiency Contest for the second straight year is the base upon which the Epsilon Theta Chapter of Chico State College is building toward the same goal this year. Brother Jim Johnson, president, came back from the Grand Chapter Congress with a briefcase full of ideas to keep the Epsilon Theta Chapter on top in the Western Region. Both Brother Gordon Fultz and Brother Steve Rees, who accompanied Brother Johnson to the Grand Chapter Congress, felt the experience gained would be very beneficial to the Chapter.

Brother J. D. Thomson, Executive Director of Delta Sigma Pi, met with the Brothers of the Epsilon Theta Chapter on October 30. While here, Brother Thomson welcomed our eight new pledges to the fraternity at the formal pledging ceremony held at the home of Brother Rees. He also presented our "Max Fountian Award" to Gerald C. Foster, last year's recipient. This award is awarded to the top freshman male student in the Business Division, chosen by the entire faculty, in memory of the untimely death of Brother Max Fountian.

Epsilon Theta Chapter has also been busy promoting Inter Chapter Exchanges with the chapters in the Western Region. We have had exchanges to date with Sacramento State here and with the University of Nevada, in Reno.

Sportswise we are doing quite well this season. Our flag football team finished third. To date, our soccer team is tied for first place.—DENNIS A. MACDONNEIL

BALL STATE

EPSILON XI CHAPTER at Ball State Teachers College began the Fall quarter with a nucleus of 17 active members due to the loss of several members who graduated in June.

Our rush party was considered by all to have been a tremendous success. There were

28 rushees present for a smoker at which pizza was served. On October 15, we took 15 new pledges from this group.

Our professional program seems to be off to a very good start. Thus far we have had two professional meetings. The first one was a tour of the local radio station WLBC. The tour was quite extensive and was enjoyed by everyone who was in attendance. At the second professional meeting Mr. Hugh Morris, labor relations director at Warner Gear Division of Borg-Warner Corporation spoke about personnel and how to dress and conduct yourself when interviewing for a job. This meeting was very informative, especially for the brothers who are beginning to look ahead to graduation this spring.

The plans for the future include a tour of the local Marhoefer Packing Plant. Everyone is eager to attend the meeting as well as the many other activities that are in the planning stages.

On Founders' Day we celebrated with a birthday party in the Demonstration Room of the Practical Arts Building so that the actives and pledges could drop in at their leisure between classes. Cake and coffee was furnished by the chapter and a good day was enjoyed by all.—MICHAEL J. SPANGLER

WISCONSIN

PSI CHAPTER began another successful year with Ken Martin as president; Gary Grosenick, senior vice-president; Ron Shuh, vice-president; Wayne Danklefsen, secretary; Jim Griffin, treasurer; Gil Stewart, chancellor; and Wolfgang Freese, social chairman.

Formal rush started the year off with the pledging of 11 very fine men. Many contacts were made and it is expected that these will soon show results in the form of a larger pledge class.

Football parties have paced our social season thus far. The gathering of old Deltasigs after the game, the parties at night, and the after-parties which greet the sun have made

week-ends swing a bit here at Wisconsin. The pledges had their party and skit with a "Circus" theme which turned out to be quite a show. Homecoming and the "Rose" Formal will be the highlights of the semester. Choosing the queen will be difficult as we have some *real sharp* candidates. Finalists will be picked after the girls have all been over for dinner. The "Rose" will be announced at the formal which will be held at the Edgewater Hotel December 7.

Deltasigs played an active part in the planning and participation of the School of Commerce picnic. This is a biannual affair where all commerce courses are cancelled for an afternoon, with students and faculty of commerce attending. The faculty showed surprising agility in the football, softball, and "refreshment" fields. It is an excellent way of promoting closer ties between faculty and Deltasigs.

Our professional chairman has arranged a field trip to Chicago where the Chicago Tribune, Underwriters Laboratory and the Chicago Board of Trade will be visited. These trips always prove interesting and informative and we are sure this will be no exception.

There appears to be no reason why Psi of Delta Sigma Pi will not enjoy another great year.—RICHARD F. WHITTY

WAKE FOREST

GAMMA NU CHAPTER at Wake Forest College is attempting to make this the best year for our chapter. Everyone is working together with organization, precision, and ambition with the hopes of reaping benefits from our endeavors. We have 21 brothers at present and 23 pledges. We have the semester well planned with a balance of both social and professional activities.

Mr. Z. T. Brynum spoke to us on the opportunities for college graduates in accounting this last week. Everyone thought that it was interesting and worthwhile to all those attending. Mr. Brynum is a member of the nationally known accounting firm Ernst and Ernst.

We have already had two highly successful combo parties this semester with another scheduled for the Friday night before homecoming on Saturday, November 16. Before the end of the semester rolls around we will have had five parties and a banquet honoring the new brothers. These, we feel, give the brothers a better opportunity to get to know the pledges and vice versa.

This summer our Faculty Advisor, Dr. Thomas, resigned from his position on the college staff to pursue another occupation. I am sure we have all received great benefit from our association with him and will miss him very much. We are now in the process of selecting a new Faculty Advisor. I hope our new Advisor can offer his time and services as freely as did Dr. Thomas.

The Fall semester's schedule has been well planned. All of the major details are complete. Under the leadership of Jim Carter, president, and the rest of our very efficient officers, this year promises to be the best yet for Gamma Nu Chapter.—EDWARD LEE HOLDER

MARQUETTE

DELTA CHAPTER will be ending the Fall semester with many enjoyable and rewarding activities to its credit. Brother Paulus, professional chairman, has provided our large chapter with two tours and the opportunity to hear speakers on pertinent subjects, such as graduate school.

The grease on our wheels of progress comes in the form of the social calendar, which has included numerous date parties, variety parties, and a dinner-mixer with a sorority, all of which were a unanimous success. Culminating the selection of a new "Rose," a party will be held at the chapter house for all the candidates, brothers, and guests.

Under the able direction of Brother Wick, the pledges are progressing according to schedule and we believe, without humility, that Delta Sigma Pi draws the best men on campus.

The brothers have participated in "Campus Carnival," the "Bus. Ad. Ball," the "Organization Fair," and "Tip-Off Weekend." We have received trophies and, in particular, praise from the dean for our efforts on campus.

Although our inter-fraternity football team did not walk off with top honors, the basketball and bowling teams are beginning with high hopes. There are two football games I would like to mention, the 26 to 6 victory over the visiting delegation from Alpha Omega Chapter and the 21 to 14 victory over our own portly alumni.—JOHN R. BRIEN

WESTERN MICHIGAN

EPSILON OMICRON CHAPTER at Western Michigan University has reached the 100,000 point mark in the Chapter Efficiency Contest in its first full year on Western's Campus. Through our chapter's spirit and every member contributing his best, we fully expect to reach this same goal again this year. Epsilon Omicron Chapter is presently continuing to build towards the goal of being the outstanding professional organization at Western Michigan University.

Behind every chapter is a motivating force.

At Epsilon Omicron Chapter, this force has been in the persons of our sponsors; Fred Everett (*recently promoted to Associate Professor*), R. Todd Goldsberry, and our new additional sponsor, James A. Henricks. Brother Henricks received a bachelor of arts degree in mathematics from Washington University (*June, 1961*) and a master of science degree in accounting from Missouri University (*June, 1963.*) We welcome his assistance.

As Delta Sigma Pi and our chapter are becoming more recognized, so are our members. Mr. Gene Schultz, our presently elected chancellor, has received a one-year scholarship from the Kalamazoo Accounting Association for being an outstanding student in accounting and business administration.

All in all, we at Western are proud of being associated with Delta Sigma Pi and the Epsilon Omicron Chapter will continue to strive to develop each individual, the chapter, and our Fraternity.—JAMES R. HOPPE

TEXAS CHRISTIAN

DELTA UPSILON CHAPTER at Texas Christian University in Fort Worth began a busy Fall semester with a new slate of officers. They are Brothers Alf Smith, president; Mack Cohn, senior vice-president; Phil Grace, vice-president; James Webb, secretary; Jerry Bob Morris, chancellor; Charles Eyer, historian; and Robert DeMoss, treasurer.

Founders' Day was celebrated the evening of November 2 with a dinner dance held at the Blackstone Hotel in downtown Fort Worth. Comprising the 80 persons in attendance were both the actives and 22 pledges plus their dates. Delta Upsilon Chapter is exceedingly proud of what we consider to be a truly outstanding pledge class.

Ray Monsalvatge of Dayton was the guest lecturer at the first annual Personal Development Clinic management conference which was held at the Elks Club and sponsored by our chapter. Monsalvatge, who is without doubt one of the finest and most dynamic speakers in the world today, has conducted

management seminars for the National Management Association throughout the United States. He is a former college instructor and NMA education director.

Brother Mack Cohn has perhaps the most unique transportation vehicle on the Texas Christian University campus. It is a 1953 black funeral hearse. Ride anyone?—BILL TUNSTILL

CINCINNATI

AFTER ALPHA THETA CHAPTER elected its officers for 1963-1964 last May, it got right into the program for this year with a visit to The Central Office of the fraternity. On June 30 the members took a little ride from Cincinnati to Oxford, Ohio. We were shown through the office by Executive Director Jim Thomson, who showed us just how the office works and what services it provides. He also showed us the meeting room of the Grand Council, which is decorated in eighteenth century style and is very beautiful. In July we visited the power plant which provides Cincinnati with half its electricity called Beckjord station.

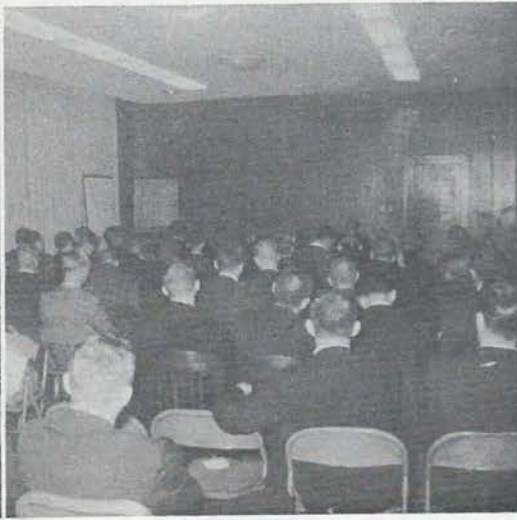

On September 20 the active chapter had dinner with the Alumni Club of Cincinnati. After the dinner Andrew Fogarty was installed by former Grand President Robert Busse, who was accompanied by Brothers Jim Thomson and Charles Farrar of The Central Office, to the post of East Central Regional Director.

Rushing started on October 4, with a symposium. Two of the rushing activities were a trip to Armco Steel in Middletown, Ohio on October 11 and a hayride on October 28. Fourteen pledges were pledged at a banquet on October 25. All of them we think are good men and we hope to initiate them.

On November 8, the Delta Dames, the wives of the members of the alumni club, held the Founders' Day Dance. The dance was the social high-light of the fall.

As you can see, Alpha Theta is a chapter that is always active and learning. It is, also, keeping up with the times. Right now we are bringing our by-laws up to date to meet our changing needs.—RICHARD L. KINSTLER

THE MEMBERS of Alpha Delta Chapter at the University of Nebraska are seen here at various times during their industrial tour to St. Louis. *Left:* leaving Chevrolet factory. *Center:* in Chevrolet office. *Right:* Boarding bus for tour.

RIDER

BETA XI CHAPTER observed Founders' Day with the support of all the active brothers. Our professional program so far this semester has been full and rewarding due to the diligent work of our senior vice president, John Palmer. This program included three tours. They are: the Broad Street Bank, the stockbroker's office of Merrill Lynch, Pierce, Fenner, and Smith, and also one of great interest to all of the brothers was a visit to a brewery in Trenton. We have had the pleasure of the president of our college, Dr. Moore, speak at one of our professional meetings. Dr. Moore's talk was directed mainly toward our new fraternity house which is to be completed by September of 1964 and located on the new Rider College campus. We are also being honored to have as our guest, the Governor of New Jersey, Mr. Howard Hughes, who is to speak to us sometime in the near future.

At our annual "Rose" dance, Miss Karen Mathews of Sigma Iota Chi, was crowned the "Rose of Deltasig." Miss Mathews was pinned by fellow brother John Gallo at the affair. Our two "Rosebuds" this year are Miss Linda Bock and Miss Carol Cetti, a sister of Zeta Mu Epsilon. These girls are pinned by brothers Frank Campano and Charles Genovese, respectively.

Homecoming Weekend meant another trophy for the Deltasigs at Rider College. For the third year in a row we have won the house decorations against strong competition. We could not have accomplished this without the full co-operation of Delta Phi Epsilon sorority with whom we were teamed.

We are confident of a good year with the new officers as our leaders. They are as follows: Jack Barbor, president; John Palmer, and Thomas Gardiner as vice-presidents; Thomas Beck, secretary; and Richard Ottalagana, treasurer.—BURTON C. BOWMAN

MARYLAND

SEPTEMBER 23 signaled the beginning of the new school year for the undergraduate students at the University of Maryland. Gamma Sigma Chapter's activities also started on the same day with a business meeting. Plans for the new semester were formulated and a new Faculty Advisor, Dr. Charles Taft, was selected. The selection of Dr. Taft brings the wheel to a full circle since it was Dr. Taft who was instrumental in the founding of Gamma Sigma Chapter.

October saw our Rush Coffee Hour. Although the turnout was not quite as large as we may have had in the past, the quality of the rushees appeared to be above average. The rushees were treated to an exceptional steak dinner and an interesting, if somewhat biased address given by Dr. Thomas J. Sinclair, Director of Educational and Group Relations of the Association of American Railroads.

Following the rush dinner, the brothers met and voted on the rushees. On October 25, 12 new pledges received their pledge pins. After the ceremony, a stag party was held at President Jim Calderwood's house.

The scene of our next event—the Founders' Day and Homecoming Party was again the house of President Calderwood. This event proved to be an unqualified success in all aspects.

Our next Professional Dinner is scheduled for November 20 and will feature as speaker Brother Desautels who is presently serving as Liaison Officer between Congress and President Kennedy.

On the romantic side of the news, Brother Ray Gettings has become engaged to Miss Rita Caponiti, Brother Jim Pezzaro has pinned Miss Donna Miller, Brother Steve Tievy has pinned Miss Paulette Greenbaum, Brother Jim Mullaly has pinned Miss Cindy Mulvin, Brother Chuck Crain has pinned Miss Joyce Harmon, Brother Paul Carpenter has pinned Miss Judy Mancuso, and Brother John Kunkel has become engaged to Miss Millie Clark. Brother Kunkel and Miss Clark have scheduled their wedding for Thanksgiving Day.—RAYMOND G. GETTINGS

FLORIDA SOUTHERN

WE RETURNED TO CAMPUS this year with 18 members after graduating 17 in May. We began the greatest rush our chapter has ever had on September 23 with the campus-wide lecture by Mr. Wendell H. Colson, president of the 1st National Bank of Lakeland. His topic was "How a Bank Profits Through Its Various Services." A large segment of the business department attended and remained afterward for refreshments and informal discussion. The Friday night stag party was enjoyed by all. Then on Tuesday night Delta Iota Chapter pledged 17 men.

On Tuesday evening October 15, Delta Iota Chapter had a steak banquet in the president's dining room of the college cafeteria. Mr. J. H. Carlson, director of finance of Florida Southern College, spoke about investigative accounting that he did for the

F.B.I. for 13 years and compared it to the budgeted fund type of accounting of the college.

Bob Murphy, vice president, has been one of the best pledge trainers that Delta Iota Chapter has had in its six years of existence. "Murph" and pledge president Bob Freeman and pledge secretary George Hubmaier have gotten the pledges to decorate the Delta Sigma Pi room in Edge Hall. The pledges beat the brothers in the semi-annual brother-pledge softball game 23-6 at the Dixieland Field, Saturday, November 2.

This semester we plan to initiate our first faculty member, Mr. Max J. Selig. Mr. Selig is a New Yorker who teaches business law at Florida Southern and has been in the citrus and real estate business in Florida for the past 20 years.

Delta Iota Chapter also plans to initiate its first honorary member in January, Mr. George Jenkins, president of Publix Markets. Mr. Jenkins is one of the most profitable business men in Lakeland and has done much more than his share to help the Lakeland community.

Also the brothers of Delta Iota Chapter went to the Federal Reserve Bank in Jacksonville, Florida, through the efforts of Brother Maurice Phillips and Dr. Chester Lay, head of the department of economics. Ivy's Department store was also visited on the Jacksonville trip.

The brothers here are well represented in all phases of campus activity. Brothers Dave Kelsey and Charles Huber along with pledge Dave Little are playing varsity soccer. Brother Chip Hutchison is a member of the senate and Omicron Delta Kappa. Brother Kelsey is president of the senior class and has received the distinguished military student award in ROTC. Brother Huber also received the distinguished military student award and is a justice in the men's student government.

MEMBERS of Beta Sigma Chapter and Delta Zeta Sorority at St. Louis University take time to share in a picnic for the boys and girls of the St. Louis Christian Home.

BOSTON COLLEGE

DELTA KAPPA CHAPTER at Boston College formally commenced its 1963-1964 pledging activities on October 1 with Rush Night at the Chestnut Hill Country Club. The rushees numbered 110 from which 23 men were invited to pledge our chapter. Brother Fred J. Delay handled the details of rush night and of the interview boards, both of which were highly successful.

Professor Chairman Frank Remeika invited Honorary Brother William Donnelson and Mr. Jack Joyce of the Placement Office to address the brothers and pledges on October 29. Their talk, concerning the prospective job opportunities available to the Boston College graduate, provided an informative and interesting night for all attending. Also of interest was the November 12 professional meeting at which the neophytes were given a unique insight into the fraternity through Brother Paul Sullivan's presentation of "The Story of Delta Sigma Pi" in slide form.

Social Chairman Frank Moynihan initiated an extremely enjoyable pledge-brother party held on November 2. At the time of this writing Brother Moynihan is hard at work organizing the Initiation Dinner Dance to be held on December 7. Also in the offing is a Christmas party to be held for the children of a local orphanage.

It is evident from the co-operation of the brothers with our officers that the 100,000 point goal in the Chapter Efficiency Contest will be attained once again by Delta Kappa Chapter. In attaining this goal we look forward to an ambitious and enterprising fraternity-academic year.—**JAMES J. HUGHES**

ALABAMA

ALPHA SIGMA CHAPTER at the University of Alabama celebrated Founders' Day with a field trip to the George C. Marshall Space Flight Center in Huntsville, Alabama. In addition to having a guided tour of one of the computer centers, we saw two films and examined some of the numerous exhibits in the Space Orientation Center. Mr. C. L. Bradshaw, deputy director of the Marshall Space Flight Center coordinated the visitation.

Dr. Michael Dinoff spoke on "The Role of the Psychologist in Business" at our first professional meeting held in October. Much interest was displayed in the question and answer period which followed the formal talk.

Dr. Robert B. Sweeney, our Faculty Advisor, took a group of Deltasigs and others on a tour of United States Steel Company—Tennessee Coal & Iron Division, Fairfield, Alabama, last week. They toured the plant and observed the blast furnace, open hearth, blooming mills, strip mill, and sheet mill in operation. They also heard a talk by Mr. Percy Carter on cost analysis for TCI and the use of standard costs by U. S. Steel.

Officers for the 1963-64 school year are: William J. Carroll, president, Watt Jones, senior vice president, Frank Nix, vice president, Robert Walthall, treasurer, A. D. Christian, secretary, Madison O'Kelley, chancel-

ASSISTING the students at Chico State during registration are these members of Epsilon Theta Chapter who sponsored an information table.

lor, and Bill Powell, Chapter Efficiency Contest Chairman.

We have pledged 9 men this semester, and should have no trouble meeting our quota in the Chapter Efficiency Contest.—**WILLIAM G. POWELL**

INDIANA STATE

DELTA TAU CHAPTER at Indiana State opened this year's activities with a picnic at Turkey Run State Park. Fifteen brothers and their dates attended the picnic along with the Chapter Advisor, Mr. Byron Brown, Mr. Richard Becker, and department chairman Dr. Paul Muse. The success of the picnic was due largely to the efforts of Brother Harold Paul, social chairman.

Our first professional meeting for this year featured a very fine talk by Mr. Harding, Indiana State placement director. His speech was concerned with placement procedures and job opportunities after graduation. Mr. Harding's speech was stimulating and provided invaluable information concerning future opportunities in the field of business. Refreshments were provided after the question and answer period that followed the talk. At this time Mr. Harding was available to answer any personal questions posed by the brothers.

This year during Homecoming festivities a tricycle race was held which fostered a new tradition on this campus. To give the race a more professional flavor the official starter for the Indianapolis 500 was present to start the race. Representing this chapter in the race were Brothers Morris Watson, Paul Sweeney, Jim Pridemore, Ed Andrews, Dennis Jones, and Bob Stevens. Although this chapter did not place first, the race created enthusiasm and interest for all the members of the chapter. Our number was small in comparison to the other competing organizations; but our spirit was high. It is certain that next year this chapter will again participate in the race with every intention of finishing first.

Our scheduled Founders' Day Banquet took place on November 2, with Brother Robert E. Busse, as the featured speaker. Past Grand President Busse gave the brothers a vivid account of the men re-

sponsible for the formation of Delta Sigma Pi. Over 25 brothers and their dates were in attendance at this affair, and much of the success of the evening was due to the work of Brother Bruce Kirkland, who is professional chairman for the chapter.

On November 17, 14 men were pledged to Delta Tau Chapter of Delta Sigma Pi. These men hold the highest index of any pledge class in the history of the chapter. We, the actives of the chapter, are looking forward to working with these new pledges and sharing with them the experiences offered by brotherhood.—**KEN CRAIG AND DENNIS JONES**

NEBRASKA

ALPHA DELTA CHAPTER at the University of Nebraska got the new school year off to a roaring start. The chapter held a summer rush party for prospective pledges in August. This was followed by a thorough rush program at the beginning of the school year including a pledging smoker and other pledging functions. The brothers of Alpha Delta Chapter welcomed 25 new neophytes on October 16. A pledge smoker is planned for December as part of a continuing pledge program.

Our professional side shined brightly with a pro dinner, co-sponsorship of Nebraska University's Career's Day, a professional tour to St. Louis, and an up-coming all business administration conclave. At our first professional dinner of the year, the brothers enjoyed a very good speaker in the person of Thomas Carroll, owner of a local advertising and public relations agency. The chapter is jointly sponsoring an all-university career's day. This will bring prominent men from all parts of the business world to the campus to discuss their particular areas of business with the students. On October 31, the chapter left for St. Louis on our long professional tour of the year. We toured the Chevrolet assembly plant, Procter and Gamble, the Famous Barr department store, and the TWA air terminal. A joint professional dinner was also held in St. Louis with Beta Sigma Chapter. Looking to our future professional activities, we have an all university conclave, with the president of the Omaha Stock Yards as speaker, several more professional dinners, and our recognition dinner.

The chapter, again this year, is enjoying an active intramural year. The football team had a respectable season, and the basketball team is getting whipped into championship form. As usual, our bowling teams are in top form. All are resting on top of their respective leagues.

On the social side, the brothers have been having a busy year. The chapter built a homecoming display with the Kappa Delta sorority for homecoming. There have been several house parties and joint social functions with the Alpha Xi Delta and Kappa Delta sororities.

Attention: Beta Omega Chapter at the University of Miami—We'll be seeing you when our Huskers come to the Orange Bowl.—**RICK AVERILL**

MISS LINDA R. BRITT, looks as pretty as a "Rose" as she serves refreshments to Brother Russell. Other members of Epsilon Mu Chapter at Sam Houston State awaiting their turn are Brothers Van C. Stovall and Gayle Speck.

NORTH CAROLINA

ALPHA LAMBDA CHAPTER at the University of North Carolina launched a drive early in the semester to repair and remodel our house. A modern, comfortable t.v. room replaced the old kitchen, and a Formica-topped, brick bar was added in one of the party rooms. Over 30 gallons of paint has been smeared inside and outside of the house. Brothers Burgess and Dana are the ones most likely to be seen with paint in their hair and grit under their fingernails.

Our thanks go to the newly-formed Greensboro Alumni Club for furnishing one of our living rooms with plush new furniture.

On November 12 we visited the R. J. Reynolds Tobacco Co. in Winston-Salem. The day was highlighted by a tour of their new Whitaker Park plant. B. Riddle has several other professional activities scheduled before Christmas.

On October 10 the following pledges were inducted: Jack Belsinger, Bob Bowden, Charles Cook, Tad Dillon, Koyt Everhart, Ken Glace, Mike Johnson, George Lockhart, Johnny Lomax, Tom McCuistan, John Meyers, Charlie Parker, Tony Petree, Steve Reeves, Jim Rogers, Jim Stone, and Jon Wiggs. Their initiation is planned for December 12.

Due to an excellent football season, more old brothers have turned up on the weekends this Fall than ever before. Their diplomas date back as far as 1929. Four top notch combos have helped us entertain them. Highlights in December will be our "Rose" weekend on the 13, 14, and 15 along with our annual Christmas party at Oxford Orphanage just before vacation.—B. STROUP

SAN FRANCISCO STATE

DELTA OMICRON CHAPTER initiated the Fall semester with an open house followed the next week by a spaghetti feed. Both functions served to kick-off our Fall rush program. As a result, Delta Omicron Chapter has a pledge class consisting of six pledges who are progressing through the

pledge program very nicely under the capable direction of Brother Burkhart. The pledges include: Ron Benton, David Briggs, Chuck Cammaratta, Larry Cosden, Bob Martin, and Sal Piazza. Though this is a small group, the brothers feel that when these men complete the pledge program, they will provide added depth and diversification to Delta Sigma Pi.

Socially, the brothers celebrated Founders' Day with a "Roman Toga Party." This theme added to the party's success as the brothers and their dates turned out in full Roman attire. Credit for another successful function goes to our Social Chairman, Gary Bowman, and the neophytes as the decorations and refreshments were unique and merited everyone's praise.

Professionally, in the immediate future, all the brothers are planning to visit the Standard Oil Company in Richmond, California followed later the same week with another professional speaker. On November 1, 1963 Delta Omicron Chapter was happy to meet with Jim Thomson and R. N. Mitchell, Executive Director and District Director respectively of Delta Sigma Pi. Also, several brothers from the Delta Pi Chapter at the University of Nevada came down to attend the meeting. Brothers Thomson and Mitchell discussed the expansion of The Central Office to better serve the fraternity, and Delta Omicron's potential in the Chapter Efficiency Contest.

In expanding our service to the community, Delta Omicron Chapter has introduced "Campus Pac" to San Francisco State College. The "pac" consists of manufacturers' samples (*drugstore items*) which are given to the student for his 50¢ donation to our Canon Kip Orphanage Christmas Party. At present, enthusiasm is high for a good turnover and thereby a larger orphanage party this year. Money collected over and above the orphanage party's cost has been earmarked for a scholarship which would be

available to worthy business majors.

Delta Omicron Chapter is having a busy and fruitful year. The hope is that the chapter can continue to grow as Delta Sigma Pi grows.—DALE A. FLOURNOY

DRAKE

THE ALPHA IOTA CHAPTER at Drake University began the year with an intensive rush program designed to fill the void that will be created in our ranks by the June graduation. The program was very successful and we pledged 18 men, all of whom display an intense interest in the activities of our chapter. These men will be initiated in December and will be able to assist in the annual chapter Christmas party for mentally retarded children. The Christmas party is an honored tradition here at Alpha Iota Chapter and is looked forward to by all as a very worthwhile project equally enjoyable to the brothers as it is to the children.

Our professional meetings have been highlighted by extraordinarily capable speakers such as; J. Paul Thompson, president of Iowa Power and Light Co., who spoke to us on "Automation and its Impact on Our Future" and John Robb, assistant manager of the Des Moines Credit Bureau, who spoke on the "Role of Credit in Tomorrow's World."

We were honored to host Brother Charles Farrar, Executive Secretary, during his visit here October 30. At a special meeting Brother Farrar outlined the program for the 25th Grand Chapter Congress and discussed the major issues of the recent Grand Chapter Congress at Bedford, Pennsylvania. Brother Farrar then presented the chapter a Certificate of Achievement for First Place in the Chapter Efficiency Contest. The Chapter Efficiency Contest, this year at last, is under the able leadership of Brother Robert Nellis and we feel sure that again we will earn 100,000 points.—LARRY E. COULTER

ON TOUR of the McCormick Spice and Tea Company in Baltimore, Maryland, are these members and guests of Epsilon Kappa Chapter at Shepherd College in Shepherdstown, West Virginia.

AN UNEXPECTED VISITOR to Epsilon Eta Chapter at Eastern New Mexico recently was Grand President Joe M. Hefner.

WEST LIBERTY STATE

DELTA OMEGA CHAPTER at West Liberty State College is off to another fine year which will include many professional programs and social activities. Under the capable leadership of President Bill Wright, we are moving in high gear toward our goal for another 100,000 point year. Assisting Brother Wright will be Frank Busacca, senior vice-president; Bill DeBone, vice-president; Mike Norton, secretary; Bill Moore, treasurer; Dave Finatri, chancellor; John Tsikalas, historian; and our "old faithful," Professor Thomas Babb, advisor.

Since the Fall semester began, the brothers have been working hard to build up our treasury. The main money-making activity has been the selling of West Liberty State College sweatshirts and jackets to the student body. This year's sales have been the best in Delta Omega chapter's history as evidenced by the number of sweatshirts and jackets seen on campus.

Our first smoker for prospective pledges was held on October 30, in the student union. This was followed by a rush party on November 7 at Liberty Hall in Wheeling. Both of these events were very successful and well attended. Pledges chosen will be formally initiated in January, 1964.

Founders' Day was celebrated with a dance held at the Carroll Club of the Knights of Columbus in Wheeling. In all, 40 couples attended, including many of our alumni, and a good time was had by all.

Many professional programs are on tap for this Fall and next semester. Tours of local plants and offices are in the process of being completed and work on our annual spring Business Conference is already under way.

Best wishes to all the chapters for a successful and fraternal year.—**DAVID F. FINATRI, SR.**

NEW YORK

ONE OF THE MAJOR EVENTS of Alpha Chapter this fall term was the moving into our new chapter quarters. We are proud to say that we have the most modern fraternity quarters on campus, and the most envied (see article).

On November 1, 1963, we held our Fall Rush Smoker, under Mike O'Reilly—senior vice-president, and it was well attended by interested upperclassmen. Due to the deferred rushing rules of the University, freshmen cannot be rushed until second semester. Brother Jay Murphy co-ordinated both our annual Founders' Day Dinner and christening of our new house. Everyone, from some of the original brothers to June's initiates, celebrated the events and relived many old experiences.

Alpha Chapter members have signed up for various interfraternity athletic events, under Brother Contrucci's leadership and helpful water bucket, including football, basketball, and of course ping pong. During the football competition, we went into the quarter finals before losing to last year's winner.

We had a very active professional program under the chairmanship of Brother Canning. He programmed for us: Mr. Daniel L. Brier (*his boss, by the way*), "Market Planning"; Professor Angell, "Insurance Careers"; Mr. H. D. Gudrian, "Advertising Today"; Mr. Laurence Gardiner, "Public Relations" and Professor A. Sametz, "Graduate Careers."

The social calendar has kept Brother Burke and Alpha Chapter busy this Fall. In keeping with current events on September 27 we held a party, "Commemorating The Testimony of Joseph Valachi." Moving out of our old house in style we held a party to celebrate: "The End of 13 East Ninth Street." Again this year we held our successful annual faculty Christmas party.—**JOEL P. REISS**

INDIANA

ALPHA PI CHAPTER of Indiana University started the new school year off with a bang with a tour through the RCA plant in Bloomington, Indiana. This is RCA's largest television plant in the country especially in the color television field. The trip while educational in every aspect of business was also extremely interesting. The operation began with the very beginning of the chassis and continued through the entire construction to the finished product. All the members who participated felt that it was the best tour Alpha Pi Chapter has taken.

Again this year Alpha Pi Chapter has rented office space from the Indiana Memorial Union. Any member is eligible for a key card and entitled to use the office. It can be used for fraternity matters or as just a quiet place to study.

A report of the Grand Chapter Congress was given by our delegate, Brother Bob Phillips. He brought back many fine ideas that our chapter hopes to put into use. Brother Phillips also reported that everyone had a fine time.

Alpha Pi Chapter is anticipating a very large pledge class this semester. Pledging activities have already begun with our primary smoker having been already held. We are rushing ahead with interviews and the rest of our pledging program. Judging from the caliber of the prospective pledges we are anticipating an enthusiastic and active pledge class.

Plans are also on the boards for several speakers this semester. We are also planning another tour, possibly to a local stone quarry of an Indianapolis firm. The social aspect of fraternity life will not be missed either as elaborate plans are being made for several parties. All in all it looks like an outstanding and active year ahead for Alpha Pi Chapter.—**JOHN MITCHELL**

JOHNS HOPKINS

CHI CHAPTER opened its Professional Program for the 1963-64 school year with a film presentation regarding the Telstar Satellite which was supplied by the local telephone company. The film revealed the extensive amount of research that went into the project and the capabilities of such a communications system in the future.

Founders' Day was observed on November 16. Chi Chapter was honored by having one of our Past Grand Presidents, John McKewen, speak regarding the Fraternity. Brother McKewen reminded those present of the fine heritage of the Fraternity and endeavored to point out what was needed and expected of us to be better "Deltasigs."

At present, 11 neophytes are undergoing pledge training. The members of Chi Chapter hope that most of these men will be successful and be initiated into the chapter in December.—**ALLAN J. BAER**

MEMPHIS STATE

ON WEDNESDAY, October 30, the Gamma Zeta Chapter of Delta Sigma Pi at Memphis State University represented by President R. W. Sprouse, and Vice President Bob Gaither, presented the slides, "The Story of Delta Sigma Pi" to the Commerce Club of Christian Brothers College here in Memphis which at present is petitioning for membership in the International Fraternity of Delta Sigma Pi.

President Dick Foshage and Vice President Bob McQuire of the Commerce Club presided over their regular meeting. After the film, the representatives from the Gamma Zeta Chapter answered questions about our professional activities, fraternal functions, and chapter house operation raised by the 30 members present. It is anticipated that the Commerce Club, under the ambitious leadership of Dick Foshage, will add to the reputation and prestige of Delta Sigma Pi now felt in and around the Memphis area.

On Saturday, November 9, Memphis State University celebrated homecoming with a football game against the Gamecocks of the University of South Carolina. The Gamma Zeta Chapter of Delta Sigma Pi participated in Homecoming activities by building a display which was a paper mache tiger's head eating a stuffed gamecock. Much planning and work went into the building of the display, but everyone enjoyed the chance for a little fraternizing.

Our project "Little City," home for mental retarded children, has again been very successful and better results are expected later this year. The actives, pledges and "Rose" queen were on hand to gather pecans and clean the grounds. We are now planning further work on this project.—CLAYTON TURNER

MONMOUTH

EPSILON PI CHAPTER at Monmouth College began the year with a successful rush program. The pledge class of 11 undergraduate students and one faculty member was honored at a Pledge Induction Party on October 18.

The second Monmouth College Retail Management Institute, eight weekly meetings which featured nationally known speakers in retailing, began our professional program. On October 31 Mr. Leonard Sklair, president of Rowitson Realty Company of Perth Amboy, discussed "New Frontiers in Real Estate" at the first professional meeting to be held at our new house.

On November 10 "Open House" was held at the fraternity house in Long Branch for the parents of the brothers and pledges and for the faculty brothers and their wives. In addition to meeting one another and learning more about Delta Sigma Pi, our new mascot, a two month old German Shepherd puppy named OB, was introduced.

The First Anniversary of the Epsilon Pi Chapter and Founders' Day were celebrated at a covered-dish party on November 16. Receiving 100,000 points in the Chapter Efficiency Contest was the major accomplishment of our first year.

Service projects conducted by the Chapter included donating two nights to paint the new school operated by the Monmouth County Unit of the New Jersey Association for Retarded Children, Inc. of Red Bank, donating one night to the Monmouth College Alumni Association Fund Raising Drive, manning the I.F.S.C. table during rushing, manning the ticket table for the "Traveling Hootenanny," and assisting the Business Department in the registration of students for the spring semester.—WILLIAM H. BURKET

WESTERN RESERVE

BETA TAU CHAPTER opened its professional calendar this year with a meeting at which 40 persons listened to Gabe Paul, president of the Cleveland Indians, speak about the big business of professional baseball. The brothers have also handled the publicity efforts for an inside look at the management of the DuPont Company, in a talk by one of their top executives.

We are proud to announce that Miss Connie Shupp, our homecoming queen candidate, was one of the finalists in a field of 27. Miss Shupp was further honored at a rush party given at the Watson Motor Lodge in downtown Cleveland. Mrs. Evelyn Rusk, affectionately known as our "housemother," was recently given a dinner party at the Alcazar Hotel this fall. The brothers of Beta Tau Chapter regret her departure and wish her every success.

Brother James Fasilis was elected to the office of president of the Senior Class of 1964, this being the first independent to head the Senior Class at Adelbert College. Jim along with Brother Montanus holds a seat on the Adelbert Student Council. Brother Bob Courtright, National Men's Baton Twirling champion, has been entertaining spectators at all of the Western Reserve football games this year. Brother Ken McFarland is currently starring on the

campus radio station WRAR in his own program "Mac's Place."

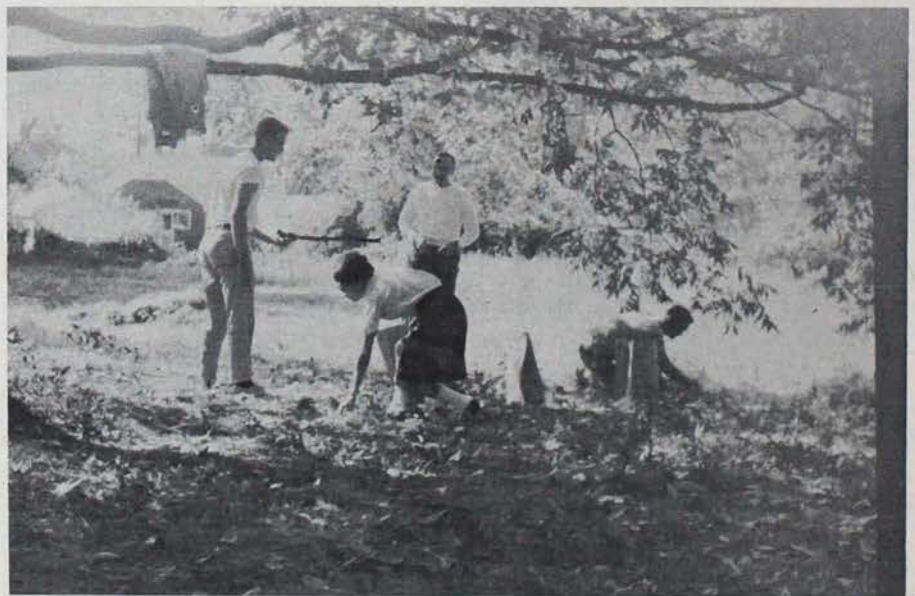

President Jack Steinfield has recently become engaged to Miss Linda Miller of Kent State University. Jack and his fiancée are both residents of Cleveland.—EDWARD B. MONTANUS

FERRIS STATE

THE BROTHERS of the Delta Rho Chapter at Ferris State College report that our professional and social activities are going well at this writing. We initiated seven new brothers Fall term and a dance was their pledge project. Brother Hansen, an alumnus of Wayne State, is a recent addition to the School of Commerce faculty. He was greeted and introduced to the chapter at our Fall Initiation Banquet.

An enjoyable day was spent at the public accounting firm of Ernst & Ernst to lead off our professional activities for the year. In intramural football the Delta Rho Chapter placed in the semi-finals and now we turn to basketball and volleyball. The winter term is a buy time for us as we hold our annual "Rose of Deltasig Dance" and another successful term of pledging.

Under the administration of Brother Stephen J. Turille, Dean of Commerce, the school has grown to one of the largest divisions on campus. The "new look" not only includes a change in name, but a broadening of the curricula in the School of Commerce. Ferris Institute has been renamed Ferris State College. In addition to the regular marketing program, a major in advertising is available to those who wish to pursue a career in this specialized field. The business administration curriculum now includes an option in data processing. The brothers of the Delta Rho Chapter are hopeful that we can make a contribution in this growth and development by encouraging scholarship and a professional attitude among the students in commerce.—PAUL A. KEIM

ON HAND to gather pecans for the benefit of "Little City," a home for mentally retarded children, are these members of Gamma Zeta Chapter at Memphis State University and their "Rose."

PLEDGES of Epsilon Omicron Chapter at Western Michigan University present bench to the School of Business.

SAN FRANCISCO

GAMMA OMICRON CHAPTER at the University of San Francisco is presently engaged in one of the most challenging projects it has faced since its foundation in 1950. Facing dual competition, with the trend toward liberal education teaming up with student disinterest, Gamma Omicron Chapter is siding with the College of Business Administration in an effort to stimulate the demand for our "product"—namely, a realization of the value of knowledge pertaining to the economy in which we live. Since this objective will only be accomplished through effective communication, it is to this end that our activities have been directed thus far.

To insure success, the brothers underwent somewhat of a moral rearmament in the early part of the semester. An address by Dr. Vincent P. Wright, dean of the College of Business, gave added impetus to an attentive audience of brothers who attended our first dinner meeting on October 17. The culmination of our current drive to stimulate interest in the study of business will be witnessed sometime in March, when a business journal will be published by Deltasigs working in cooperation with Beta Gamma Sigma, an honorary business administration fraternity.

Pledging for the first semester has been completed and the new members have already in their possession a memorable "Rose" Dance, several professional activities, and exceptional leadership in this year's officers. Add to these the grand design outlined above, and the new members will have become a working part of what we feel to be the unlimited potential of Gamma Omicron Chapter of Delta Sigma Pi.—JAMES P. CORDOVA

MIAMI OF OHIO

ALPHA UPSILON CHAPTER at Miami University has a well organized program due to the efforts of its president, Mahlon Gilbert, this past summer. Our activities this

year thus far consist of five active meetings, two rush parties and two guest speakers. At present, there are 36 active brothers and 12 new pledges who will be initiated December 7. The Alpha Upsilon Chapter has made it a policy to select members who are exceptionally willing to lend time and effort to the organization of Delta Sigma Pi. At the close of the school year in June, 1963, some of the brothers attempted to find a house for Deltasigs in which to live and board. There is a good possibility that a house will be found this year.

A highlight at the Alpha Upsilon Chapter this year in celebration of Founders' Day was to have as guest speaker, Dean Cawthorne, of the School of Business Administration. Dean Cawthorne spoke about the problems of business education concerning the rapid change of business methods. We are also honored to have Dean Cawthorne as a pledge who will be initiated into Delta Sigma Pi on December 7.

For the future, another speaker has been scheduled along with two field trips which are still in the planning stage. The brothers always look forward to our annual formal dance, "Rose of Deltasig" Ball. The organization and goals of Alpha Upsilon Chapter have certainly improved. We consider it an honor to be located with The Central Office; frequently members of the Grand Council visit our meetings.—ROBERT W. KRAYER, JR.

YOUR CONTRIBUTIONS BUILD THE EDUCATIONAL FOUNDATION

PURPOSE: To encourage educational and scientific projects and business research; to assist students of business, both undergraduate and graduate; provide fellowships, scholarships and loans; and related activities as determined by the Foundation's membership.

Voting memberships are available to any member of the Fraternity in good standing upon his contribution of a total of one hundred dollars or more. However, we rely on the continuing contributions, regardless of the amount, from all Brothers to advance the Foundation and its program. Help us to Build by sending your check to R. A. Mocella, Executive Director of the Delta Sigma Pi Foundation, 6303 North Melvina Avenue, Chicago 46, Illinois.

ALL CONTRIBUTIONS ARE DEDUCTIBLE FOR INCOME TAX PURPOSES
