Board of Directors:

Enclosed you will find the Delta Psi Beta colony's petition to become a chapter of Delta Sigma Pi for your review. The document details our colony's progress, letters of recommendation, university and College of Commerce history, future plans and membership information.

On April 14th, 1999, a group of eight students decided to reactivate the Alpha Omega chapter at DePaul University and revive Delta Sigma Pi's long-standing tradition. Now, a year and a half later the Delta Psi Beta has grown in number, reputation and influence on and off campus.

Through our past experience and continued growth, we are confident that we can tackle any challenges that may arise. Since last spring, our membership has again nearly doubled in size. Our membership base includes a varied mix of commerce majors as well as underclassmen and upperclassmen.

We hope to be initiated this January to continue the tradition of brotherhood and business at DePaul. The Delta Psi Beta colony has built a strong foundation for our future at DePaul. We are confident that Delta Sigma Pi will continue to be an influential member of the College of Commerce and throughout DePaul University.

We are ready to take the next step forward and become a chapter of Delta Sigma Pi. We hope you share in our excitement and confidence. We look forward to your positive response.

Faternally,

The Delta Psi Beta Colony

To The Board of Directors:

For the past year, it has been my pleasure to work with the Delta Psi Beta Colony members of DePaul University. The Delta Psi Beta Colony has met the requirements for a Chapter Charter. The colony set a goal to be submit their petition during the 2000 school year, and has stuck to their plan of attaining this goal.

Over the last 12 months, they have grown the base to its current level of 47 members, from the initial small group of less than 10 members. The colony has completed a successful professional program this year, and has already begun to look forward in planning for the upcoming quarters. In addition, the colony has been active in the local community, not on an event-by-event basis, but on an on-going program to continually give back to the Lincoln Park neighborhoods. The colony has also organized and participated in a number of fundraising events in order to meet their current financial obligations as well as continue to raise money to provide a solid foundation for the upcoming years.

The colony's strength is in the leaders that have stepped forward, and built a foundation upon which they can only continue to grow. They have gone through many of the trials and struggles that the Fraternity's chapters face each year, and have worked hard to resolve and learn from them in order to better succeed in the future. This, in part, is due to the solid core of Juniors that will be returning to provide additional guidance and knowledge to the colony as a whole. The Delta Psi Beta colony has had a strong recruiting year and has already put in place the steps to continue its success as a chapter. As such, they have made a concentrated effort to recruit underclass members, and as such, the colony currently comprises of approximately half underclassmen.

The Delta Psi Beta colony of DePaul has already undergone many, if not more, of the same challenges that befall our current collegiate chapter base. True to our purpose, they have built a sense of Brotherhood in working together to resolve the issues set before them and better not only themselves, but the colony as a whole.

The members of the Delta Psi Beta colony at DePaul University have built a foundation upon which they can grow. Their leadership continues to work towards meeting their goals and becoming a successful chapter. The colony began its journey with a business plan in mind, and has set forth to meet its milestones and requirements. This plan has allowed them to not only meet, but exceed their short-term goals, while planning and building a successful path to accomplish their long-term goals as well.

I strongly encourage and recommend to the Executive Committee and Board of Directors that the Delta Psi Beta Colony at DePaul University be granted approval for re-activation.

Sincerely:

Fellow Board Members:

It is with great pleasure that I write to you all, recommending the approval of the petition of the Delta Psi Beta colony for the re-activation of the Alpha Omega Chapter at DePaul University.

When I had my first contact with the colony over a year ago, they were a small group of students who were interested in reactivating the Alpha Omega chapter. Since this time, I have watched this chapter not only grow in size to 47 members, but more importantly, I have watched the colony grow into a successful organization who now understands the aims and goals of Delta Sigma Pi. The colony has graduated from being several individuals with their own agenda, to a very cohesive unit with the same mission and purpose. They have developed that very special bond of brotherhood that we all cherish so.

The colony has developed and followed a very solid strategic plan which was comprised of an extensive professional program and several successful fundraising activities which helped them to attain their financial goals. The colony has also been very active on campus and in the community on an ongoing basis.

The colony has a very solid group of leaders, and several members who have the makings of future leaders. The members have achieved all of their short term goals, and have set the path for attaining their long term goals as well.

Based on my experiences with the colony, their progress and their achievements, I strongly encourage and recommend that the Board of Directors approve the petition of the Delta Psi Beta Colony at DePaul University.

To the Board of Directors of Delta Sigma Pi:

I wanted to take this opportunity to personally recommend the reactivation of the Alpha Omega Chapter at DePaul University, Chicago, Illinois.

Over the six years I have been involved in reactivation efforts on this campus, first as Great Lakes Regional Director and now as Mid-American Provincial Vice President. The Delta Psi Beta Colony is the third attempt at DePaul University and all I can state is that three is the charm.

Over the past two years I have witnessed this colony overturn some uphill battles, most recently faced being turned down at their first attempt at reactivation for some very justifiable reasons. Since then I have taken a personal interest in their continued progress and they have convinced me as well as numerous local leaders and alumni that they have what it takes to be a fully operational chapter in Delta Sigma Pi.

Specifically, they have recruited new colony members from all grade levels, attended local area events by sending a team to the Chicago Alumni Chapter Volleyball Tournament and members to the Gamma Pi 50th Anniversary in September. They also have 10 registered for the Tri-Regional LEAD Conference this coming November.

Most importantly they have convinced me of their support because of their commitment as a team to become a chapter of Delta Sigma Pi by involvement of the entire colony membership. I am proud to be involved in the reaction of the Delta Psi Beta Colony and Alpha Omega Chapter and hope that you can join me in that support.

Dear Director:

I am writing to you to express my interest in reactivating the Delta Sigma Pi Professional Business Fraternity at DePaul University. Prior to formation of the Delta Psi Beta colony, the fraternity was inactive for some time and I feel that the campus life of our students is suffering as a result.

We now have a group of students and faculty who are very interested in bringing the Delta Sigma Pi back to campus. We hope that you will recognize us and support us in our effort to reestablish America's foremost professional business fraternity at DePaul University. Our recruiting efforts were quite successful this year and we have healthy membership numbers. Our success in recruiting is due solely to the high quality of our student colony members. I have been working closely with our Delta Psi Beta Colony and I know them to be highly motivated, talented and hardworking. We are very proud of their efforts at DePaul this past year and we approve of their goals for the future.

We feel that the environment of the college and the university have changed dramatically even since the last colony attempt. This change is in the colony's favor in my estimation and I expect the current growth and development of the colony to accelerate dramatically as the business student population becomes increasing residential, full-time and undergraduate. In addition, as the benefits of being a Delta Sigma Pi become more widely known more students will be interested in joining.

Please feel free to contact me at your convenience if you wish to discuss our interest or any other topic related to bringing Delta Sigma Pi back to DePaul. My direct phone number is (312) 362-8470. I look forward to working with you.

Dear Director:

I am writing to you to express my support in reactivating the Delta Sigma Pi Professional Business Fraternity at DePaul University.

The Delta Psi Beta colony has been active on campus and has hosted several professional and social events to benefit not only its members but also the DePaul community as a whole. I am well acquainted with a number of the colony's members and know them to be a group of able, dedicated young professionals who uphold not only the ideals of the fraternity but also the ideals of this university.

I feel that the colony is well positioned to become one of the most successful and well-known student groups within the College of Commerce. This is a distinctive group of highly motivated students. I urge you to reward their diligence and hard work with full chapter recognition.

DEPAUL UNIVERSITY HISTORY

DePaul University is the "nation's largest Catholic institution of higher education with a diverse enrollment of 18,000 students. The university offers over 130 academic majors in undergraduate, graduate, professional, and doctoral programs on six campuses. Located in Chicago, DePaul students and faculty are actively engaged with the culturally rich urban environment through curricular offerings, research, and more than 70 public service programs. Once a university serving only Chicago, DePaul now attracts students to its distinguished programs from all fifty states and dozens of foreign countries."

DEPAUL UNIVERSITY MISSION

"As a university, DePaul pursues the preservation, enrichment and transmission of knowledge and culture across a broad scope of academic disciplines. It treasures its deep roots in the wisdom nourished in Catholic universities from medieval times. The principal distinguishing marks of the university are its Catholic, Vincentian and urban character.

DePaul is dedicated to teaching, research, and public service. However, in pursuing its own distinctive purposes, among these three fundamental responsibilities this university places highest priority on programs of instruction and learning. All curricula emphasize skills and attitudes that educate students to be lifelong, independent learners."

DePaul's College of Commerce

offers the following majors:

- Accountancy
- Business Administration
- Economics
- Finance
- International Business (minor only)
- Management
- Marketing
- MIS (Mgt. Info. Systems)

"In 1999, the part-time MBA program at the Kellstadt Graduate School of Business was ranked fifth in the nation, placing it among the nation's top 10 by U.S. News & World Report for the fourth consecutive year, one of only three schools so recognized in Chicago."

COLLEGE OF COMMERCE HISTORY

Established in the autumn of 1912, the College of Commerce ranks among the ten oldest business schools in the United States. The college offers the Bachelor of Science degree in Commerce with majors in Accountancy, Business Administration, Economics, Finance, Management and Marketing. In addition, the college offers a number of minors for both Commerce and non-Commerce students.

DePaul University's business undergraduate and graduate programs are accredited by the American Assembly of Collegiate Schools of Business. This distinction is held by only a limited number of Schools of Business in the United States.

COLLEGE OF COMMERCE MISSION

The College of Commerce's mission is "to be a leader in the application and dissemination of knowledge as it relates to business and its role in a global society. Our primary objective is to be responsive to our markets through innovative programs and research that address current issues and anticipate the future.

The college serves individuals and organizations seeking access to the highest quality business education as a means for achieving intellectual and professional goals. The college strives to provide the knowledge, experience, and opportunity for students, staff and faculty to dedicate themselves in a cooperative effort to identify and solve the problems of a global society."

FACTS ABOUT DEPAUL

Corporate Connections

Located in the heart of downtown Chicago, DePaul's College of Commerce offers students opportunities for real life work experience.

- More than 800 companies recruited on campus last year and over 20,000 jobs and internships were listed through the DePaul Career Center.
- 92% of DePaul graduates who responded to our most recent placement survey had obtained jobs within one year of graduation and many had salaries well above the national average.
- "According to a national study conducted by the Princeton Review in 1999, DePaul students are the 'happiest in the nation.'"

CAMPUS LOCATIONS

DePaul has seven campuses throughout the Chicagoland area to serve its diverse student population

- Chicago Loop
- South
- Naperville
- Lincoln Park
- O'Hare
- Lake Forest
- Rolling Medows

FRESHMAN FACTS

"In addition to its multicultural, urban setting, DePaul boasts an exceptionally diverse undergraduate student body: 54 percent female and 35 percent minorities. In fact, DePaul owes much of its vitality and dynamic atmosphere to the cultural diversity of its students. Here's a complete breakdown of undergraduates:"

Undergraduate Demographics

FACULTY FACTS

"About 88% of DePaul faculty hold the doctorate or highest degree in their fields, and many of them are recognized authorities in various disciplines. At DePaul, classes are small and the individual is the prime concern. For this reason, almost all our classes are taught by faculty and not graduate assistants."

LINCOLN PARK CAMPUS

LINCOLN PARK

DePaul's Lincoln Park Campus is home to the schools of Liberal Arts & Sciences, Education, Music and Theater as well as student housing facilities.

(Top and Far Right) Lincoln Park Campus is within walking distance from of the Lincoln Park Zoo and the lakeshore students can enjoy the hustle of the city as well as the beauty of nature.

St. Vincent DePaul Church on the corner of Webster Pl. and Sheffield Ave., embraces a diverse congregation and welcomes individuals of all denominations to services.

Ray Meyer Fitness and Recreation Center, provides facilities for DePaul students and Lincoln Park residents.

Fullerton "el" stop provides students a quick connection to Chicago's downtown loop in about 10 minutes.

LOOP CAMPUS

DOWNTOWN DEPAUL

DePaul's loop campus, in the heart of downtown Chicago, is home to the College of Commerce and the Computer Science, Telecommunications and Information Systems school.

DePaul Center, formerly the Goldblatt building, houses the College of Commerce offices, classrooms and cafeteria.

Frank J. Lewis Center, located on 25 E. Jackson Blvd., was built in 1916. The facility houses classrooms and faculty offices.

DePaul Center, also known as the Music Mart, houses the City of Chicago Water Department offices as well as several stores.

The "el" offers DePaul students a quick, cost-effective mode of transportation between campuses.

Frank J. Lewis Center, acquired in 1955, is adjacent to O'Malley Place which holds department offices and classrooms.

Downtown Loop Campus is in the heart of Chicago's business district and within a block of the Chicago Art Institute and Michigan Avenue.

Delta Psi Beta underwent a transitional phase during the Fall 1999 and Winter 2000 quarters as new officers assumed responsibilities. Community Service, Fundraising and Professional Event committees kicked in full gear encouraging membership and establishing a solid presence on campus.

By the end of Winter 2000, colony membership had more than tripled with over 30 members during its first year of activity.

A petition was sent into Central Office during Spring Quarter of 2000. After careful consideration Central Office denied Delta Psi Beta's initial request for instillation due to sporadic involvement. This only encouraged the group to improve upon what it had already built. They closed out the year vowing to work throughout the summer and return the following fall fully prepared for the task that lied ahead.

After extensive planning during the summer months Delta Psi Beta began an intensive recruitment effort. During freshman and transfer orientation programs brief letters describing the Fraternity were included in their packets. Within the first two weeks of the quarter many opportunities were made available to promote and inform potential members of Delta Sigma Pi and its benefits. Over eighty potential members inquired upon becoming members of this organization. Several steps were taken to insure that Delta Psi Beta was attracting the best, the brightest, and the most dedicated of the College of Commerce.

By the middle of the Fall 2000 quarter we had recruited twenty-seven men and women spanning many social and ethnic backgrounds adding to the already diverse group of individuals. Again we had succeeded in doubling the size of the Colony. And the journey continues...

BUSINESS PLAN

VISION

MISSION STATEMENT:

Delta Psi Beta is dedicated to reestablishing Delta Sigma Pi as a strong force within the DePaul community. We provide commerce students opportunities which encourage personal growth, enrich their professional lives, and prepare them for careers in the business world.

MISSION STATEMENT:

(As stated in the National By-laws)

“Delta Sigma Pi is a professional fraternity organized to foster the study of business in universities; to encourage scholarship, social activity, and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial world and students of commerce, and to further a higher standard of commercial ethics and culture and the civic and commercial welfare of the community.”

OVERVIEW:

This business plan outlines future expectations and strategies for Delta Sigma Pi for the next three years.

The plan covers the following areas:

- Community Service
- Financing
- Marketing Plan
- Professional Activities
- Recruiting

GOALS:

- To establish Delta Sigma Pi as the premier business fraternity on DePaul University's campus.
- Involve fraternity members in activities that expand the scope of their minds in the business world.
- Encourage involvement within the university and the community.
- To continue to consistently increase membership.

COLONY PROFILES

LISA TABION, PRESIDENT

Major: Marketing

Hometown: Munster, IN

Date of Graduation: June 2001

Lisa joined the Delta Psi Beta colony in November 1999 and served as colony historian. In her current role as president, she hopes to rekindle Delta Sigma Pi's tradition at DePaul and create a lasting legacy for future commerce students. With minors in Communications and Graphic Arts, the senior Marketing major has been on the Dean's List since her first quarter at DePaul. After graduation this June, Lisa intends to remain in the Windy City to pursue a career in Marketing as a consultant specializing in corporate communications.

COLONY PROFILES

MEHUL DESAI, CHANCELLOR

Major: Finance, Marketing

Hometown: Munster, IN

Date of Graduation: June 2001

After joining the Delta Psi Beta colony in the Fall of 1999, Mehul assumed the role of chancellor, running executive and general meetings and coordinating events. The industrious senior, has a double major in Finance and Marketing. After graduating this June, he intends to continue his education at DePaul pursuing a M.S. in E-Commerce. In the future he hopes to channel his entrepreneurial spirit with the launch of his own company and serve as CEO.

COLONY PROFILES

**DENNIS PROTASIO,
SENIOR VICE PRESIDENT**

Major: Marketing

Minors: Finance

Date of Graduation: June 2003

A second year, Marketing major, Dennis is responsible for coordinating all colony recruiting activities as well as maintaining the colony website. During his senior year of high school, he was named Most Outstanding Business Student and was awarded a \$2,000 scholarship. As an eagle scout, he served in a variety of leadership roles during his high school, career including president of DECA, a marketing club. Born and raised in the Chicago suburbs, Dennis plans to pursue a career as a Marketing consultant and earn his Master's degree. The energetic sophomore has taken DePaul by storm and is active in a number of on-campus groups including Ambassadors, Blue Crew and Asian Cultural Exchange (ACE) and founding father of Sigma Phi Epsilon Fraternity.

JOHN RIDGEWAY

VICE PRESIDENT OF COMMUNICATION

Major: Accounting

Hometown: Carol Stream, IL

Date of Graduation: June 2001

A member since February 2000, John was drawn to the colony because, “it is a brotherhood of young professionals helping each other and learning from each other.” In 1997, John was awarded the Fritz A. Bauer Scholarship and also received the Ledger and Quill Full-Tuition Scholarship. John plans on attending Law School after completing his B.S.C.

In describing himself he said, “when I find something I truly enjoy doing, I pursue it with every available resource until I am satisfied that I have done the best job possible. I measure that success not only in terms of financial compensation, but even more so in the happiness I derive from it. Simply settling for mediocrity is to limit the possibilities available to you in the future, and I like to keep my options open.”

COLONY PROFILES

DINA BERTACCHI
SOCIAL CHAIRMAN

Major: Finance

Minor: Information Systems

Hometown: Barrington, IL

Date of Graduation: June 2001
