CHAPTER ROLL	197

Entered as second-class matter May 15, 1922, at the post office at LaGrange, Illinois, under the Act of August 24, 1912.

THE DELTASIG is the official publication of the International Fraternity of Delta Sigma Pi, and is published as follows: October, January, April and July.

Chapter letters and all material should be in the hands of the Editor by the fifteenth of the month preceding month of issue to insure publication.

Members of the Fraternity, undergraduates and alumni, are requested to forward items of interest to the Editor.

Installation of Psi Chapter at University of Wisconsin

THE DELTASIG

Volume XV

APRIL, 1923

Number Three

THE INSTALLATION OF PSI CHAPTER AT THE UNIVERSITY OF WISCONSIN

THE University of Wisconsin was founded in 1848, the year in which Wisconsin was admitted into the union as a state. Instruction began with one professor and twenty pupils in February, 1849. Up to 1868 there was but one department, Letters and Science. The colleges of agriculture and of law were then established; women were admitted for the first time about this year. Engineering became a separate college in 1889, student "activities" and athletics began to be heard of, and in the '90s a gym and armory, and an athletic field were acquired.

Two events of importance took place in 1900, the opening of the large reference library, one of the largest in the middle west, and the organization of the Course in Commerce.

The Course in Commerce was organized, and still operates, as a department in the College of Letters and Science. In its first year it had 85 students, and a small staff under the directorship of Dr. W. A. Scott. It was founded in the belief that in order to achieve the largest measure of success at the present time, and in order properly to perform his duties to himself and to society, the business man of today needs not only a college education, but a course of study adapted to his peculiar needs. The course has grown until today there are something less than a thousand students enrolled in the course; in addition there are another thousand or so who are taking part of their work in commerce, although enrolled in other departments.

The University of Wisconsin now has an enrollment of almost 8,000. Its physical plant includes fifty-five buildings on a campus of about 960 acres along the shores of Lake Mendota in addition to several hundred acres of experimental farms.

In May, 1920, a group of Commerce men met to organize a Commerce fraternity. Shortly thereafter the Alpha Pi Delta Commerce Fraternity was incorporated under the laws of Wisconsin. In September, 1921, the fraternity purchased its present home at 313 North Mills Street, located half a block from the campus, a block from the Commerce building, Sterling Hall, and two blocks from the lake.

The fraternity applied for a charter as a chapter of Delta Sigma Pi last Christmas, and was installed as Psi chapter of the International Fraternity of Delta Sigma Pi on February 10, 1923, when the fifty-seven members, active and alumni of Alpha Pi Delta, took the oath of allegiance to Delta Sigma Pi.

The installation team was composed of President H. G. Wright, Beta; Charles Cobeen, Delta; Earle R. Hoyt, Beta; J. L. Fuss, Delta; Edmund E. McKune, Delta; Harold P. Merry, Beta; Redding Putnam, Zeta; J. L. Williamson, Upsilon. After the ceremony at the chapter house, a formal banquet at the Park Hotel, and a theatre party at the Orpheum completed a long-to-be-remembered program.

Sterling Hall, University of Wisconsin

The officers of Psi Chapter are:

Head Master.....	Herman O. Walther
Senior Warden.....	Alfred W. Peterson
Treasurer.....	Elmer R. Gesteland
Scribe.....	Archie R. Wiley
Historian.....	Kurt M. Fox

Members of Psi Chapter are:

The active members of Psi Chapter are as follows:

Orvin H. Anderson	William J. Webb
Wilson H. Cross	K. Germain Williams
Leo F. Dugan	Herbert L. Wolcott
William J. Fronk	Wilbur J. Heuer
Kurt M. Fox	Archie B. Wiley
Manford C. Galby	Kenneth Kober
Elmer R. Gesteland	Frank Cusick
Sidney J. Lang	Firmen H. Hass
Albert J. McGlasson	J. Morgan Wheeler
Peter R. Moeller	Otis H. Reyer
Joseph C. Payne	Daniel A. Kerth
Alfred W. Peterson	Fred C. Greenwood
Edwin L. Schujahn	Arthur Miller
Herman O. Walther	

Alumni and members of the faculty residing in Madison are:

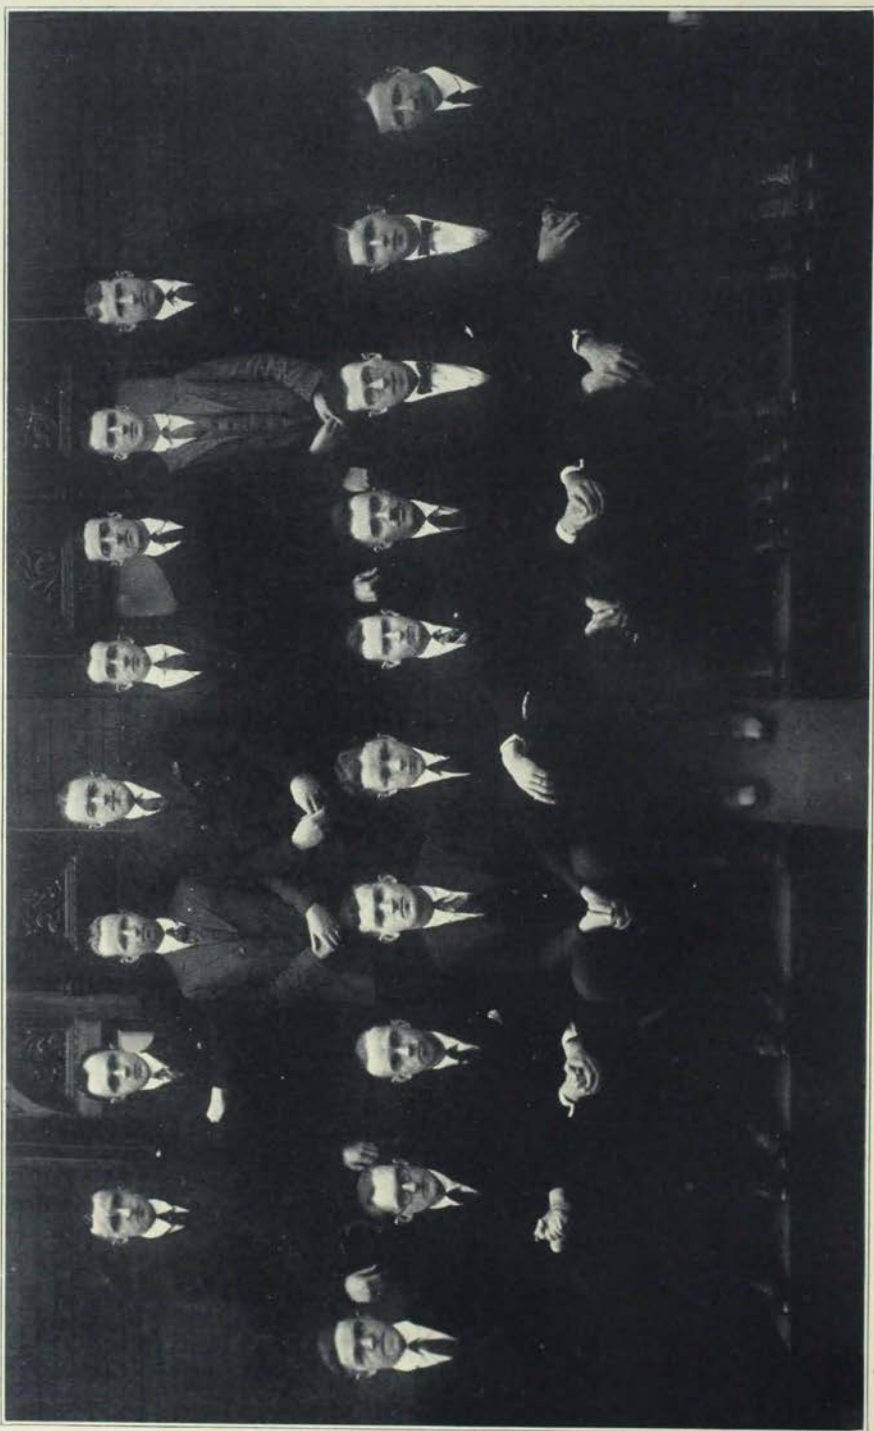

Karl F. McMurry	Carman J. Blough	E. Ray McCarthy
Henry J. Duwe	J. Richard Degerstedt	Lester V. Griem
J. Currie Gibson	David R. Jones	Charles M. Chapman

Alumni residing in other cities are:

Harold H. Groth.....	Sheboygan, Wis.
Arthur N. Lorig.....	Akron, Ohio
Fred Nelson.....	Racine, Wis.
Roy B. Ormond.....	Sequin, Texas
Herbert V. Prochnow.....	Fort Wayne, Ind.
William F. Rubert.....	Fort Wayne, Ind.
Arthur T. Nelson.....	Davenport, Iowa
Rollin E. Ecke.....	Cleveland, Ohio
Harvey G. Meyer.....	Knoxville, Tenn.
Carl H. Rusterholz.....	Manitowoc, Wis.
Gordon C. Ballhorn.....	Minneapolis, Minn.
Emil Hoxfsoos.....	Minneapolis, Minn.
Walter H. Sylvester.....	Manitowoc, Wis.
Harold R. Rehberg.....	Janesville, Wis.
Elmer F. Benson.....	River Falls, Wis.
Arthur H. Benson.....	River Falls, Wis.
Paul Schanen.....	New York City
Vincent A. Cox.....	Champaign, Ill.
David W. Smith.....	Dallas, Texas
Wesley Jones.....	Chicago, Ill.

Psi Chapter House
313 N. Mills Street, Madison, Wis.

Members of Omega Chapter of Delta Sigma Pi

THE INSTALLATION OF OMEGA CHAPTER AT TEMPLE UNIVERSITY

TEMPLE University was organized in 1884 and chartered under the laws of the State of Pennsylvania in 1888. It is therefore a comparatively young institution, but its growth has been most wonderful—an educational phenomenon. A young painter came to Dr. Conwell and said that he was anxious to obtain a better education that he might earn a better living for his family; and Dr. Conwell, then pastor of Grace Baptist Church, and pastor still, told the young man to come around to his study in the evenings and he would teach him to teach himself. He came, and with him came others. In a few nights there were seven, and from seven students, less than forty years ago, the university has grown until its present enrollment approaches ten thousand students.

As soon as a temporary building could be secured, the University began day work, and among its pioneer departments, the School of Commerce had its place. It is the largest department now, and its graduates are men of influence in the City of Philadelphia and in the State of Pennsylvania. "Her's has not been a heritage of ivy-clad walls and hoary history, but rather has she been a child of the city streets, hurried and crowded by stern necessity," were the words of one of the graduates, who is now a governing official of Pennsylvania. The University was founded to take care of the student who must work for his living, and it has done its duty well. Its motto has been: "Earn while you learn." It has been called the working man's university, and its courses have been so arranged that it is possible for a young man or a young woman to take a full roster of subjects during the morning hours, reserving the afternoon or evening for work, in order that they might be self-supporting, wholly or in part.

One of the most popular courses in the School of Commerce today, and one which the majority of the members of the Omega Chapter have chosen, is the two-year morning accounting course. This is an intensive course of study given from eight to twelve in the morning, and covers, intensively, as much as other colleges do in three years. The student is enabled to work during the afternoon for some accounting firm or corporation and so pay his way. Finishing this course, it is possible for him to complete an additional two years of work and receive his degree for a four-year course, at all times supporting himself.

Temple has not been favored by the State so extensively as have other older institutions; yet, through the curtailing of unnecessary expenses, though her tuition rates are low, she has contrived, during the past six years, to pay sixty-three per cent of the total cost of operation from tuition fees alone. This record will compare more than favorably with any other institution of higher learning.

She is now constructing the first building—"Conwell Hall," of a great educational plant which will accommodate twenty-five thousand students, who will "earn while they learn."

SENECA CLUB

The Seneca Club was organized at Temple University on November 20, 1921, by a group of ten students for the purpose of assisting one another

in the study of business by inviting successful business men to address the organization and invited friends, from time to time.

The Club has a solid, substantial growth, holding an average membership of twenty students, ever working in the interest of the study of commerce at Temple University, and during the Endowment Fund Campaign were engaged, man for man, in raising funds to be used in the construction of Temple's new building. The Seneca Club has been among the first to offer assistance in any constructive enterprise at the University.

As the Club grew, they started looking out beyond Temple University and were desirous of affiliating with a commerce fraternity whose ideals and aims were the same as their's and the result was that they petitioned Delta Sigma Pi which after due investigation, was accepted and the installation of Omega Chapter was held February 17th, ceremonies taking place at the Rittenhouse Hotel, Philadelphia, and which were attended by about thirty visiting brothers from New York, Washington, Pittsburgh and Baltimore.

The installation was in charge of President Wright who was assisted by Arthur W. Fidelman, Lambda, Arthur W. Gray, Chi, Elmer W. Luecker, Mu, Frank B. Morgan, Alpha, William F. Otto, Lambda, and George W. Young, Alpha, and the following men were initiated as charter members of Omega Chapter:

Arthur Byron Backensto
Stanley Stephen Beers
Adam Dewey Benninger
Cleon Ferre Book
John Sylvester Canedy
Paul Edwin Cassells
John Kenneth Castelbury
Harry Alvan Cochran
Peter Vincent DeLisle
Patrick J. Dougherty
Robert Joseph Gilbert

Vincent Burke Grube
Ephraim Howard Homan
Joseph Aloysius Kane
Joseph Charles Krivan Jr.
Stephen August Malatin
Herbert Edward McMahan
William Perry Nixon
Arthur Ebie Schoener
Milton Forry Stauffer
Fred Benjamin Uhrich
Frank Patrick Walsh

The following officers were installed to guide the destinies of Omega for the balance of this year:

Head Master.....	Cleon F. Book
Master of Ceremonies.....	Patrick J. Dougherty
Senior Warden.....	Peter V. DeLisle
Treasurer	John S. Canedy
Scribe	Ephraim H. Homan
Historian.....	Arthur E. Schoener

All visiting brothers were guests of Omega Chapter and a most tempting banquet was served at the Rittenhouse Hotel during which time they were entertained by a special orchestra.

Brother Dougherty acted as Toastmaster and talks were delivered by the President and the delegates from the various chapters and New York Alumni Club attending the initiation. Plans were immediately put under way for the acquisition of a chapter house and within thirty days after the installation of Omega, they have opened their chapter house at 2106 N. Fifteenth street, Philadelphia, Penn., telephone Diamond 1847-W and invite all visiting brothers to make their headquarters in their house while in Philadelphia.

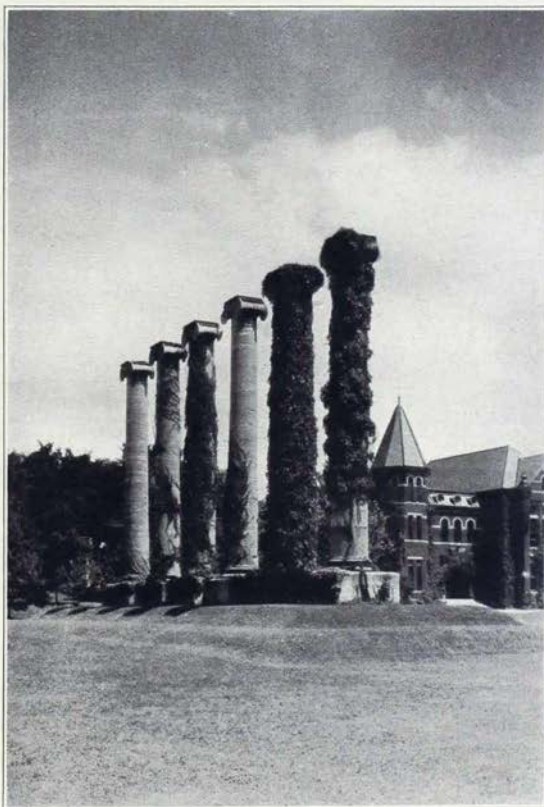

THE INSTALLATION OF THE ALPHA-BETA CHAPTER UNIVERSITY OF MISSOURI

THE University of Missouri is the oldest state university west of the Mississippi River and was established 84 years ago. It has always been an integral part of the States Public School System since it was established by act of the General Assembly of Missouri approved February 11th, 1839.

The University was located at Columbia in the central part of the state on June 24, 1839, and the corner stone of the main building was laid on Independence Day, July 4, 1840. The spring following, April 14, 1841, instruction in academic courses was begun and the class consisting of two members was graduated in 1843. Women were first admitted to the University in 1869.

The Board of Curators of the University of Missouri, recognizing the demand for training for business, established a School of Commerce in January, 1914. Three years later the scope of the school was enlarged and its title was changed to that of the School of Business and Public Administration.

It is the aim of this School to equip students with a thorough knowledge of the general principles of business and public administration and to furnish them with training for the special fields of banking, commerce, commercial education, and social and public service. It is not the purpose to teach the routine details and daily methods or to fully prepare students for the practical work of business or public administration. In this respect as in law, medicine and other professions teaching must in the main confine itself to science and theory rather than attempt to cover art and practice. These latter no school can successfully teach even though it were true that the teaching of them were elsewhere possible. For the most part they must be learned in the school of practical experience.

The Columns and Commerce Building,
University of Missouri

The School of Business and Public Administration has adequate quarters in the Commerce Building on the west campus of the University, the picture of which is shown in this issue. Complete courses are offered in a large variety of commerce subjects and two years pre-commerce work is required before entering the School of Business and Public Administration.

The members of our Alpha-Beta Chapter organized several months ago for the express purpose of petitioning Delta Sigma Pi. A high scholastic requirement is maintained and the entire charter membership comprise some of the best students in the school. Their petition was accepted, our Alpha-Beta Chapter granted and on Saturday, March 24th, this group was installed by President Wright and Brothers Parrot and Larkin of Iota Chapter. The charter members include John Carleton Jones, President of the University and Charles Abram Ellwood, Professor of Sociology and the following graduate students:

Royal Daniel Michael Bauer	Robert Byers Murray
Jacob Roscoe Farneman	Nathan Hale O'Byrne
Edward Charles Freivogel	Curtis Neale Painter
Carl Clough Gentry	George Lester Painter
James Court Greeson	Lester Shepard Parker, Jr.
Leland Joseph Haupt	Loren William Potter
Samuel B. Hodges	Charles Earl Riutcel
James Edwin Kennedy	Harold Frank Sells
Paul Andrew McCreery	Lee Finis Shannon
Alfred Edwin McElroy	Ralph William Stein
Vernette Conley McKinzie	Samuel Paul Stormont
James Hormen Muntzel	Robert Louis Yowell

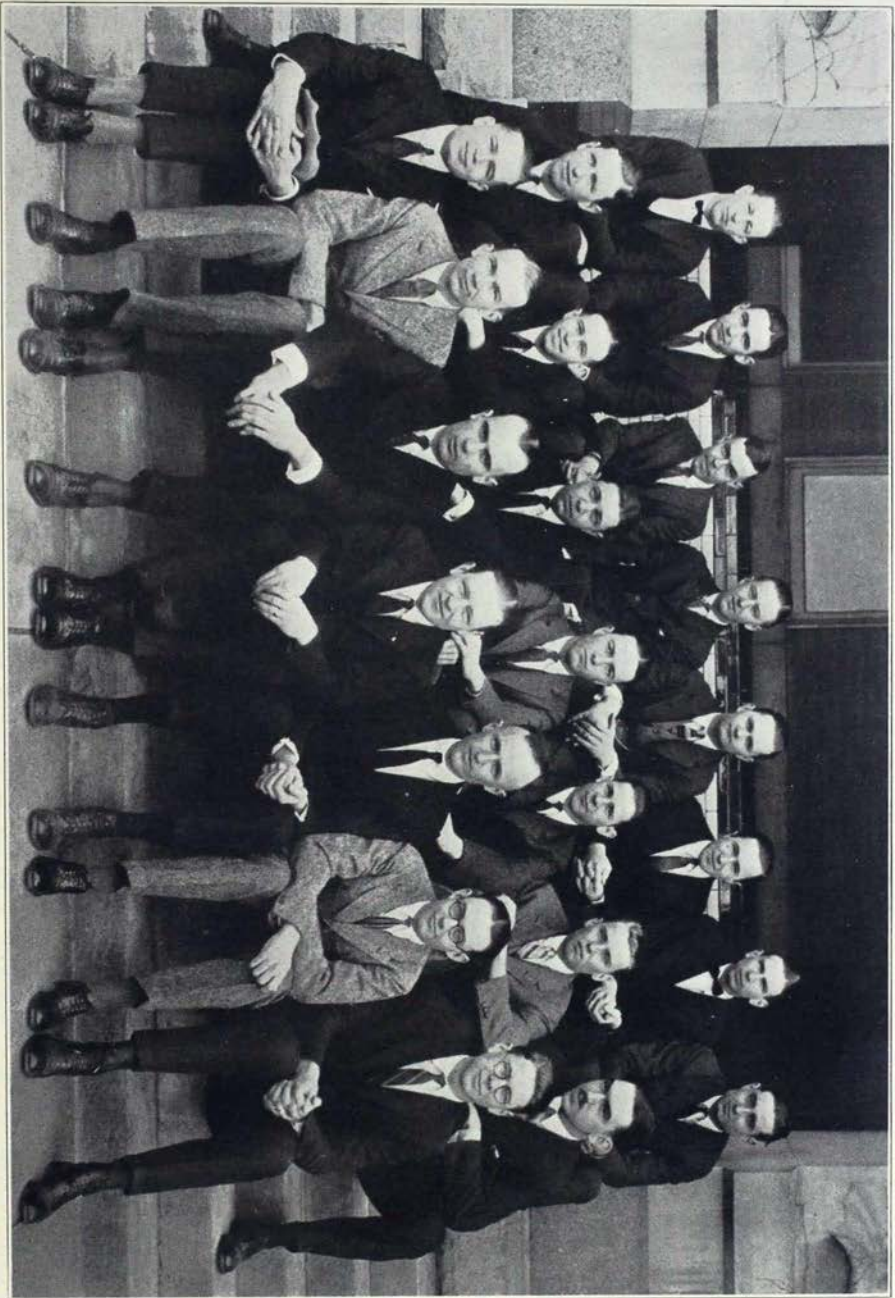

and the officers installed were:

Head Master.....	Royal D. M. Bauer
Senior Warden.....	James E. Kennedy
Master of Ceremonies.....	Loren W. Potter
Master of Festivities.....	N. Hale O'Byrne
Treasurer.....	J. Roscoe Farneman
Scribe.....	Carl C. Gentry
Historian.....	Lester S. Parker, Jr.

Plans are already under way for the acquisition of a chapter house by the beginning of the fall semester and as every charter member of Alpha-Beta has the ideals and aims of Delta Sigma Pi at heart, the members of Delta Sigma Pi can be assured that our organization will be properly represented and will achieve success and distinction at the University of Missouri.

THE INSTALLATION

of Alpha-Gamma Chapter at Pennsylvania State College will be reported in detail in the July issue of the Deltasig.

Members of Alpha-Beta Chapter of Delta Sigma Pi

CHAPTER LETTERS

ALPHA, New York University

SINCE the last issue of the Deltasig, Alpha Chapter has increased to the tune of twelve men. The neophytes who trodded the burning sands are as follows:

F. J. Mantz	Frank Wheeler
B. A. Ross	Geo. Schoroner
Al Clune	N. Kingsbury
P. H. Moriarity	P. J. Stone
Jno. Marrison	J. J. Boylan
Ray McGowan	A. Meyers

Bro. Ross, the worthy keeper of the parchment, gave an unprecedented speech of acceptance.

Bros. Anderson of Delta, and Book of Omega, were present at the initiation and banquet. They welcomed the new brothers into Delta Sig.

The Delta Sig formal dance, the big event of the school year, was held at the Plaza Hotel on March 9. Sixty brothers and their friends danced from 9 p. m. until 3 a. m. Supper was served at 12 midnight. Bro. Al Clune furnished the music.

On March 24, we held our first house dance. Bro. Anderson of Delta Chapter, and Charley Freeman of Beta, are living at the chapter house.

Don't forget our home, Delta Sigs. We are anxious to see all who visit New York City.

J. S. McMANUS, Scribe.

BETA, Northwestern University

THE past few months have been marked with activity on the part of Beta Chapter and with considerable progress along the path of fraternal life.

A number of the brothers attended the installation of Psi Chapter at the University of Wisconsin on February 10th, and reported on their return that our ranks have again been increased by men whom we may proudly call Brother. Distance made it impossible for most of us to congratulate Omega Chapter in person, upon its entrance into our midst, but we were there in spirit with best wishes for the Chapter and know that our Fraternity has added once more to its roll of real DELTASIGS.

Our own chapter rolls have been lengthened by the successful trip of J. P. Williams, H. J. Killberg, George McCambridge, Virgil M. Darnall and Harold Prichard across the mysterious vale of unknown things that every brother has trod. We will remember February 24th as the day that five worthy brothers entered our life but they will likely remember it for several additional reasons.

Several Smokers have been held and those who attended were well rewarded both by the pleasure of good fellowship and the acquisition of considerable knowledge. On January 29th Mr. L. H. McCormick, the well known philanthropist and student of human nature, addressed the brothers and their guests on the subject of Character, as indicated by the Conformation of the Head. The evening had its humorous side as well as the more serious one

but we are all indebted to Brother Muench for his efforts in obtaining Mr. McCormick as the speaker of the evening. The next important Smoker to be held took place on March 12th and Coach Glenn Thistlethwaite spoke to the men on the subject of Athletics at Northwestern University. It is a worthy cause and deserves the support of every student.

Saturday evening, March 10th, the Chapter held one of its famous Ladies' Parties and if the conversation afterward may be accepted as the gauge it was a real Beta Party. The Valentine Dance at the Congress Hotel on February 17th was well attended by the Brothers who reported a Royal Good Time.

Our calendar still contains several important events including initiations, parties, smokers and etc. All visitors in the city are urged to push the button at 72 Cedar St. as often as possible.

MALCOLM G. McEACHREN, Scribe.

GAMMA, Boston University

IS Gamma laying down on the job? No siree! And that may be easily proven by glancing over some of the activities of the chapter at the present time. The old spirit of cooperation and work seems to be more evident than ever.

You perhaps remember from our last News that we initiated six men in November. They are certainly proving their worth. Brother McKenzie was elected Chairman of our March House Dance Committee, and with the able assistance of Brother Gladbach, he staged one of the most enjoyable affairs we've had during the year. Brother McKenzie was appointed Coach of the Freshmen Nine at the meeting of the Athletic Committee. We feel confident that he will meet with as much success as he did last year. He was also recently elected to the House of Representatives of the College of Business Administration.

Our regular bi-weekly get-togethers and smokers have been great drawing cards. Brother McNulty, with his snappy Utahan ideas, manages to make things surprisingly interesting.

In the inter-fraternal basket-ball league, Gamma showed up well, and lost the chance of winning the championship by a very close margin. Brothers Ruane and Shea and the rest of the team, played their game masterfully.

The annual inter-fraternal smoker, under the supervision of Brother Shea, was held February 19, at the Boston City Club, and was a great success. Among the entertainers was Neal O'Hara, nationally known humorist. He explained, in a very delightful manner, the advantages and disadvantages of living in this age. Brother McKenzie rendered a few choice vocal numbers, while Brother Johnson accompanied him on the piano to make the affair complete. Professor Hugh Babb of the Law Department of C. B. A. gave an interesting resumé of the growth of fraternities in the United States.

This time of the year is our busiest season in Beantown. Everybody is planning and talking about Junior Week. The social program is indeed heavy. First, there is the inter-fraternity dance coming on Monday night, of which Brother Shea is Chairman. This affair will usher in Junior Week, and is expected to be novel. Tuesday comes the big annual house dance. This is expected to be the biggest and best we ever had. Now, if any Deltasigs

happen to be in Boston on the evening of April 17, be sure and attend. Wednesday comes the annual show, "My Juliet." Brothers Johnson and Lax have composed some snappy musical numbers for it. After the show there is going to be a breakfast dance at the Copley-Plaza. Brothers Shea and Johnson constitute two of the committee in charge. Thursday comes our first baseball game of the season with our old rival, Boston College. In speaking of baseball we cannot fail to remember Brothers "Jack" Timmons, last year's captain, and "Whitey" Ruane, the regular initial-sacker, and the good work they did on the team. Now, on Friday, we have the topping event of the year—OUR JUNIOR PROM. Every means is being sought to make this affair one which will be remembered by everybody. The best musicians obtainable have been engaged, and the largest ball-room in the city has been reserved for this occasion. No doubt you will all agree that after a week like this we'll all be willing to settle down and work all the harder.

Among the brothers who are working:—Brother Lane was recently elected tax-collector of Hingham, Mass. Brother Lawlor, connected with Gillette Safety Razor Company, and Brother Toohey with F. S. Mosley and Co., Brokers, are doing well in their respective fields. Brother Pitts, Assistant Registrar of the College of Business Administration, forecasts a record registration for next year.

The visitors at Gamma include Walton Juengst of Alpha, who recently spent the week-end at the house; Tom Richey, also of Alpha, now residing at Wollaston, Mass., is a frequent visitor at the "ranch." We may boast that we have virtually stolen Bruce Whittier of Alpha, for he never fails to be present at all of our functions. He is branch manager of the Nullally Advertising Co., Inc., in Boston. Brother McCarty, Kapp, is now pursuing courses at the Graduate School of Business Administration of Harvard University. He manages to be with us during the week-ends.

Gamma sends its regards to all the chapters, and welcomes Alpha-Beta with a wish that it will enjoy all the success in the world.

JAMES J. MAHONEY, Scribe.

ZETA, Northwestern University, Evanston

ON Sunday, February 10, we held initiation for eight of our pledges:

George Fry	Rowe Hinsey
Donald Harker	James Lyons
Lawrence Hass	Glen Magnuson
Carl Johnson	Walter Stegman

They're a mighty fine bunch, and we are more than proud to have them among us. As we have no chapter house the initiation was held at the Deltu U. house, through the kind cooperation of the brothers in Deltu U. The initiation was followed by a big banquet at the Library Plaza Hotel; all active brothers, and several alumni, were present to start the initiates on the right road.

The whole gang went down to Chicago and took in "Sally" at the Colonial Theatre on February 6, and we sure made a swell time of it. The "He-man" element prevailed over the "Tea-Hounds" so the ladies were left

out of the party. All of the other necessary articles were there, however, including "Gig" Wright of international fame.

In addition to the initiation, the following officers were elected:

Head Master.....	Donald Harker
Senior Warden.....	J. Rowe Hinsey
Scribe	George Fry
Treasurer	Walter Stegman

It is expected that these new officers will put pep and ginger into their work. They certainly have it in them.

We are planning to have our dance as the second semester function; the dance planned for the first semester had been postponed.

I'd like to tell you all about what the boys of Zeta Chapter are doing in the school here, but that would make a Chapter Letter in itself, as they are doing everything. I'll leave that job to the new Scribe, who should have written this letter, but who begged off, because he (George Fry) and Rowe Hinsey are pretty busy this week-end as Editor and Business Manager of the Annual—with the Mid-West Student Conference which is meeting here this year. He should turn in a gem next time.

D. B. ROST, Ex-Scribe.

ETA, University of Kentucky

THE last three months have witnessed a number of important happenings for Eta chapter. Every member has put his shoulder to the wheel to make this a banner year for Delta Sigma Pi at the University. In addition to the regular weekly business meetings, we have instituted bi-monthly smokers with a regular schedule of leading business men of Lexington to address the chapter upon practical topics. These smokers have enabled us to get in touch with some of the successful advertising men, bankers, retail sales-managers, and insurance men; the value that we derive from these get-togethers is evidenced by the fact that the attendance has been almost 100%.

Since the last issue of the DELTASIG Brothers Waites, McRee, and Winstead have returned to the University, and Eta chapter feels much stronger with these "old-timers" in the ranks again. Eta Chapter surely has the spirit that a real Deltasig should have, because at every meeting the new brothers keep asking "what can we do to make Deltasig BIGGER AND BETTER THAN EVER?" It is really remarkable how the new brothers have got the spirit, and it has caused the older members a lot of worry because they cannot branch out as the brothers want to.

Eta Chapter is organizing a Commerce Club in the School of Commerce for the sole purpose of bringing all of the commerce students together for talks from prominent men. We will have luncheons, smokers, entertainments, and various other things on the programs to make it worth-while for the other students to attend each and every meeting. Some say that the day for getting students to come together at a meeting has passed, but with 100% spirit by the Deltasig men it will be made a success. All it takes is co-operation and Eta men have that.

Track season and baseball season have now opened at the University and it is a sure bet that Eta will have a large representation in each. Brothers

Cooper, Jones, Mann and Foust are warming up their arms for the "pill" season, while Brothers Waites, Rohs and Anderson are preparing for the track team. Brothers Hall, Atchison and Truitt are busy these days collecting and publishing the Eta News. Others are very active with the pen, trying to find a place to earn their meat and bread after June, for then the check from home will cease to come. So the head of the family says. We have good men here who want to go abroad to do business, and some who want to remain in the dear old U. S. A.

As for other affairs in Eta Chapter, there was never a brighter future before them. The program for the rest of the school term has been arranged and will be one of many surprises and a great deal of benefit to the brothers.

A BIGGER AND BETTER Deltasig is our motto. Let's pull together "For there is a Reason."

T. R. ANDERSON, Scribe.

THETA, University of Detroit

THETA Chapter is proud to add the following new brothers to her chapter roll:

Edward Wehner	Sherwood Bennett	Charles Rapp
George Mudie	Pete F. Paganette	William J. O'Donnell
John M. Mudie	Chester Hill	Edward Long
Edward Lynch		

The initiation of March 24th, 1923, goes on record as the most rigid test that was ever inflicted upon our Neophytes. The foregoing brothers proved their metal conclusively and earned the honor of membership.

Brother Thomas M. Simpson was recently elected to the office of Secretary of the Continental Motors Corporation. He is also Vice-President of the Detroit Association of Credit Men. Brother Simpson, Charter Member, is rapidly climbing the ladder of success on individual merit. His brothers at Theta Chapter are proud of his achievements in the business world and their admiration and best wishes accompany his advancement.

The Alumni Brothers meet every Monday night at the Detroit Union House, our temporary chapter quarters. The purpose is to further the plans of an Alumni Club for Deltasigs at Detroit. An election of officers will take place in the near future and the Club should be firmly established by fall.

Acquisition of a site for Theta's permanent chapter house is our aim. Plans are being formulated to obtain funds and to purchase the lot which will be in the locality of the site acquired for the New and Bigger University of Detroit. In the interim, we will be obliged to obtain a temporary chapter house in a convenient location, as we are rapidly outgrowing the rooms which are very kindly allotted to us by the Detroit Union.

A very tempting invitation has been received from our Xi Brothers, University of Michigan, Ann Arbor, Michigan, to partake in a joint initiation at Ann Arbor April 21st, 1923. Xi's hospitality still lingers in the hearts of all our brothers who attended their installation and other social functions. Theta Chapter looks forward to this happy event with great enthusiasm.

"To Old Ann Arbor Town—April 21st" is the glad song on the lips of every brother of Theta.

ELMER W. HESS.

IOTA, University of Kansas

SINCE the last DELTASIG, Iota has had a busy time, both with fraternity activities and with class work. The first semester has closed, and Iota men came thru with a good record. Comparative scholastic records are not yet available, but it appears certain that Iota will rank high. For the benefit of the few men who were low in grades, a scholarship committee has been appointed, to advise and coach them in their work.

Two members of Iota, Brother Esterly and Brother Walker, were elected to Phi Beta Kappa, and Brothers Walker, Esterly and Boyer were elected to Pi Sigma Alpha, an honorary political science fraternity.

Brothers Stover and Hewett took their degrees at the end of the first semester, and are now located in Kansas City. They were active in fraternity affairs, and are missed by all of Iota.

The two men who have just returned from the installation of Alpha-Beta chapter at Missouri University brought back fine reports of the chapter there, and Iota looks forward to a close and pleasant relationship with her new and nearest neighbor.

Iota has had one smoker since the beginning of the year, and as a result of it, and of much looking around by the members, and guest-nights at the house, has pledged several very promising men. It is planned to hold an initiation sometime in April, but the exact date has not yet been set. A dance is also on the program for April, and the committee promises that it will be a "mean party."

It is probable that Iota will be in the same house next year that it is now, although the lease has not yet been signed, and it is not yet certain. There is a need for a larger house, but it does not seem that we will be able to get one that will be more satisfactory than the one now occupied.

The spring elections for the Student Council and other school offices are approaching, and three of Iota's men are running for office. It is the prediction of the chapter politicians that three of them will be elected.

Iota extends a sincere invitation to any of the brothers who are in this section of the country, to pay us a visit. It is seldom that any of the brothers from other chapters get out this far, but Iota wants all who do, to be sure to drop in and spend a day or two.

PHILIP M. OSBORNE, Scribe.

KAPPA, Georgia School of Technology

BEFORE the April Issue of the Deltasig comes off the press, Kappa will have initiated ten of the best men in the upper classes of the Commerce department. The initiation ceremony will be held at the Daffodill Tea Room, preceded by an informal banquet.

At last we have been able to put over the weekly meeting of alumni and active men; it was impossible for us to use the Thursday Noon Luncheon Plan which is employed by a majority of the chapters, so we decided on Sunday Night Suppers. To date we have had fifteen "Suppers" and so far they have been up to our expectations.

Delta Sigma Pi continues to insist upon its fair quota of honors among the undergraduate activities at Tech. Since last fall, when we were ably represented on Tech's Championship football team by Brothers Barron and

McIntyre, our chapter has continued its activities. Barron was this year's captain, while McIntyre has been chosen captain of next year's team. Brother Joe Eckford has held down a regular berth as center on the Varsity basketball team for the past two years. He will be alternate captain of the team next year.

Just at present baseball is looming uppermost in the minds of all Deltasigs, especially since Kappa is represented on the team by no less than four brothers. Brother Eddie Morgan is Captain, Brother Tobe Edwards is playing his second year as Varsity first baseman, while Brothers Hill and Gassen are alternate second baseman and catcher respectively.

In track we find again that star of stars, David Irenus Barron, the school's champion dash man. Brothers Sessions and Johnson will no doubt make the coveted "T" in track this season.

Engaged in some of the other activities are Brothers Smith, Withers and Lynn, members of the recently formed golf club; Carr and O'Brien, members of the Glee and Instrumental Clubs; McIntyre, Student Council and Anak Society; Withers, Carr, O'Brien and Allen, members of the Cotillion Club; Spitzer, President, Senior Class at the night school; Sessions, O'Brien and Carter, members of the Scull & Key—Sophomore Honorary.

Last fall we made tentative plans for a formal dance to be given this spring, but before we could reach a definite decision, all of the Friday nights were taken, so our dance was necessarily postponed until the early fall.

We wish to extend our greetings and best wishes to the recently installed chapters at the Universities of Maryland, Wisconsin, Temple and Missouri. Fine work, Brother Wright!

WILLIAM B. CARR, Scribe.

LAMBDA, University of Pittsburgh

THREE strong and sturdy yeomen weathered the excessive physical torture and mental strain, thereby earning the right to be called "Brothers," at our last initiation on Saturday afternoon and evening, February 24, at the Fort Pitt Hotel. Full justice was given an elaborate feed which followed the initiation ceremonies.

The new brothers add considerable quality to the chapter. John W. Eickenberg of Iron City Produce Co. fame, prepared for his work at "Pitt" in the 1907 class of Park Institute. Arthur C. Johnson, a native of our beloved city, Pittsburgh, spent his childhood days in the South High School. The third new brother hails from the now "Mecca" of America—Ottawa, Canada,—where he attended the Ottawa Collegiate Institute. By the way, "Bill" English is a hockey player of no mean ability.

Brother Otto, our official representative at the installation of Omega Chapter at the Temple University in Philadelphia, made a fine report of his visit. Our sincerest wish is that the Brothers of Omega Chapter may succeed in every way in making the Fraternity a real help both to themselves and to their University.

It is a matter of real pleasure to see the steady growth of the Fraternity. Frequent reports of new Chapters installed reach our ears. We wish them all success and assure them that Lambda Chapter stands ready at all times to do everything possible to aid them in attaining their high ideals.

P. F. McCOY.

MU, Georgetown University

THE advent of spring finds Mu Chapter well started on its way in the prodigious task of adopting a new administrative system based on committee and budget co-ordination. This change had been formulated by the previous administration and came into being with the installation of the officers elected in February. Under the old system much dissatisfaction prevailed because of the large amount of detail the Chapter was required to act upon. It was in an endeavor to eliminate this deficiency that the new system came into existence. That it has already met with success is evidenced by the fact that since its inception the only matters which have really required the action of the Chapter as a unit have been those of voting on prospective candidates, and of determining the policy the Chapter should follow.

Our initiation held on February 10 was one of the best in the annals of this Chapter. Ten brothers from Chi were present to witness the ceremonies. After the smoke of battle had cleared away, there emerged fourteen new brothers, one of whom is an honorary member. Grosvenor M. Jones, Chief of the Finance and Investment Division of the Bureau of Foreign and Domestic Commerce, a man of national repute in finance and shipping, became our second honorary member. The other neophytes were as follows: P. A. Bonet, Havana, Cuba; Edgar R. Bjorklund, Henning, Minnesota; John W. McDermott, Olean, New York; Ferdinand E. Becker, Tell City, Indiana; Earl A. Nash, Nashville, Tennessee; Chester R. Norman, Minneapolis, Minnesota; John B. Davis, Washington, D. C.; Joseph J. Akston, Warsaw, Poland; Leo J. Wresinski, Bloomington, Illinois; Albert E. Ellis, Des Moines, Iowa; Harold M. Slater, Sarnia, Ontario, Canada; Joseph P. Henneberry, Chicago, Illinois; William B. Showalter, Clarksburg, West Virginia.

The initiation was followed with a banquet at the Wyoming Cafe, at which time Brother Akston was elected Keeper of the Parchment Roll. Upon being presented with the seal of his office he responded with an excellent address which was marked by its sincerity and honesty of purpose. That's the real fraternity spirit.

Approximately fifty new students have registered in the school for the spring semester. Several smokers have been held for the purpose of looking over these men; the one of March 10 being particularly noteworthy. Numerous informal teas, which have proved to be a very popular form of diversion, have been held at the Chapter House.

On March 3, Mu Chapter was the honored guest of Chi at a dance given in Baltimore. It is interesting to note that these exchanges of visit have redounded to the benefit of both chapters. Such exchanges of visits should by all means be encouraged throughout the entire fraternity wherever the proximity of chapters permit.

The Chapter is receiving many letters from its men abroad. We are justly proud of our brothers who are promoting the interests of American overseas trade and are carrying the good-will of America to foreign lands. Mu Chapter has been styled the "Foreign Service Chapter of Delta Sigma Pi," a title which is very appropriate to a chapter located in a school in which the primary object is to train for foreign service.

Brother Banda is the founder of the Pan American Students Association, which was formed to foster a closer relationship between the students of the western hemisphere. This organization was formally inaugurated at the

School on January 28 in the presence of the entire diplomatic corps of Latin America.

Brother R. P. Butrick has been placed temporarily in charge of the American Consulate at Iquique, Chile, being transferred to that post from Valparaiso. Brother I. G. Seminouk is now in Russia in the interests of his firm, the State Universal Stores Corporation of New York City.

Brother W. R. Long, of the Transportation Division of the Bureau of Foreign and Domestic Commerce, has compiled a handbook on "Steamship Services from United States Ports," published by the Government Printing Office. Brother C. O. Frey of the same division, and Brother Long, are compiling a handbook on Latin American Railroads, which will be published in the near future.

G. STANLEY SHOUP, Scribe.

NU, Ohio State University

NU CHAPTER is embarking upon the last quarter of its most successful year. Prospects for the coming year are even brighter, since a four-year course in Commerce was recently approved by the University Board of Trustees.

A series of smokers have been planned for the next few weeks in order to get new material to fill the gaps that will be made by the seniors that are leaving in June.

Nu Chapter is proud of the part its men have taken in the activities of the Commerce College. We have three representatives, Brothers Packer, Krigbaum, and Reyer, on the new Commerce Council which was just recently established. Brother Packer was chosen as its President at its first meeting.

We have been playing a prominent part in bringing about the joint dinner of the students of the College and Columbus business men that is to be held at the Chittenden Hotel, Tuesday, April 17. Brother Krigbaum is chairman of the dinner arrangements and Brother Packer has charge of the work of securing the attendance of the business men. It is hoped that this dinner can be made an annual affair, thus promoting greater co-operation between the College and downtown business men.

Our Spring dance is to be held at the Elks Country Home on April 7, and if the social committee's predictions are true, it will be some party.

We extend our greeting to the newly installed chapters and wish them future success.

PAUL HAPNER, Scribe.

XI, University of Michigan

XI CHAPTER pulled through the first semester in grand style, and with a higher scholastic standing than ever before.

Brothers Lodge Staubach and Harold Stephens are now working on the initial issue of the Xi Chapter News, which will be ready for distribution about March 30. This paper will be printed monthly thereafter.

Plans are being made for a dance to be held at the local golf club sometime in May, and we are hoping that many of our alumni brothers will be able to attend.

The Chamber of Commerce of the University of Michigan under the leadership of Brother Reinke is now functioning as a live organization. Brother Reinke lacks no assistance from the chapter as seven of our men are with him on the board of directors. The purpose of this organization is to bring the men in close contact with leaders in various lines of business. The field has been divided into four parts: general business, banking, accounting and transportation, and experienced men in these divisions are brought before the Chamber of Commerce to discuss certain problems with the members. The advantages of such a system are obvious.

Under the auspices of the Chamber of Commerce an Economics Smoker was held at the Michigan Union on March 13, Professor Day, Chairman of the Economics Department, acting as the principal speaker. This affair will go down on record as one of the most successful ever undertaken.

WILLARD F. GRUSCHOW, Historian.

OMICRON, Vanderbilt University

DELTA SIGMA PI is well on the way to becoming one of the settled organizations in Vanderbilt, equaling any of the other professional fraternities, both in spirit and size.

On February 15th, Omicron Chapter held its first initiation for this year, and to say that it was a lively affair is to speak conservatively. Eight new men were added to the chapter at this initiation, as follows:

T. P. Flinn, Jr.
J. G. Wynne
F. A. Godchaux, Jr.
E. J. Evans, Jr.

J. M. Davis
B. P. Moore, Jr.
J. S. Crutcher, Jr.
Thane Smith

It is planned to have another initiation sometime the first of the spring term.

Omicron Chapter is planning for some good social events. We find the Thursday night dinners a very acceptable addition to our program, as well as the addresses by local business men at these regular meetings.

Many comments have been heard on the improved appearance of the January issue of the DELTASIG. We wish to compliment Brothers Kerber and Brumm, and trust they will keep the good work going.

THURMAN SENSING, Scribe.

PI, University of Georgia

PI CHAPTER has been making great progress in 1923. Upon our return, after Christmas, it was unanimously decided to have weekly luncheons at the Cloverleaf Tea Room. At these luncheons we have been very fortunate in having several very prominent business men speak to us, all of the subjects being of commercial interest.

The first speaker was Brother Heckman, who is Head of the Accounting Department of the Commerce School. Brother Heckman spoke of the good that could be gained from these weekly luncheons, and then on co-operation

in the chapter, and how to study certain business problems. His talk was very interesting and we appreciate the interest he has shown by attending practically all of the luncheons.

On the night of March 12th we initiated fourteen new members. Among those initiated are the most promising students of the Commerce School.

We have been very fortunate in having two of our brothers receive high distinctions, one in athletics and one in scholarship. Brother Ed Gurr has been re-elected captain of basketball for 1924. Brother Gurr's playing during the 1923 season was exceptionally good, and warranted his being named as captain of the Georgia 1924 Five. Brother Strickland has made Beta Gamma Sigma, a distinction which every commercial student desires, but is obtained by only a few. We are glad and proud to say that one of our members received this honor and we will lose a fine student when Brother Strickland graduates in June.

Pi Chapter extends its most sincere wishes for the success of the other chapters of Delta Sigma Pi. M. R. BELL, Head-Master.

RHO, University of California

RHO Chapter enjoyed a very active first semester, and is now winding up an even more successful second half-year.

Perhaps the most important fraternity event during the former was the Delta Sig formal, which took place at the Alpha Sigma Phi house on December first. Decorations consisted principally of flowers, and the music and food could not have been better. Every one of the brothers thoroughly enjoyed the evening, and entered the final exam period in better spirits on account of it.

Besides our regular meeting every Monday evening, our program includes either a dinner or a luncheon every other Wednesday. At these meetings we usually have some outside speaker present who is of interest to the brothers.

With the opening of the Spring Semester, Brother Owens succeeded Brother Hopkins as president of the Commerce Association, and at the same time Brother McMahan was elected to an important place on the Welfare Council of the Student Body. Throughout the semester the chapter has supported these men in every way possible in order to make the Association a success. The "Fire-side Meetings" with Brother Storer in charge, provided all those in the College of Commerce with many enjoyable evenings. These meetings were held bi-weekly, the programs consisting of dancing, a speaker, and refreshments.

At our Spring Initiation and Banquet, we were fortunate in having Brother Guernsey, Alpha, with us. He very materially aided us during the ceremony, and was one of the speakers at the banquet. The ceremony took place at the Lambda Chi Alpha house, on March 18. At this time the names of the following new men were added to our Chapter Roll: P. S. Taylor, faculty, Edward C. Christian, Harvey J. Rudolph, Oliver J. Olsen, Charles S. Marston, Sinclair A. Greer, Burton A. King, and Wallace E. Bruener.

"Chuck" Marston, assistant Varsity Yell Leader, showed his political tendencies by winning the election for Keeper of the Parchment, in spite of all that his opponents could do to block him.

On February, 17, the chapter acted as hosts at the first College Night Dance to be given in the new Stephens Memorial Building. The affair was pronounced a decided success, a very large number of persons thoroughly enjoying the evening's entertainment.

The big event of the year was the Commerce "Derby" Day on March 30, of which Brother McMahan was general chairman. In the afternoon, an All-star baseball team representing the students, met the invincible Faculty aggregation. Although the game was a tie, the superiority of the latter was so evident, that at the banquet in the evening, Captain Dean Daggett was awarded the valuable perpetual trophy, the "Gold Derby".

Following the faculty game the Delta Sig. team met our natural rivals, the Alpha Kappa Psi, in a gruelling baseball duel. The out-come was to our entire satisfaction since we were on the long end of a 13-3 score.

The banquet in Stephen's Union in the evening, was attended by some 200 students. The "Derby" dance later in the evening, was a fitting climax for the whole day.

FRANK H. Mac RAE, Historian

SIGMA, University of Utah

SIGMA CHAPTER has elected officers for the coming year and we are celebrating our first Birthday with a dance on April the sixteenth.

This year all of our efforts have been devoted to the securing of recognition and prestige and the building up of a live unit which will carry forward the work.

May of the charter members are leaving this year but we are looking forward to their co-operation through the alumni club which will soon be formed.

E. Conway Stratford, the head-master for the coming year, has been very active on the campus and will be a strong candidate for the Student Body President.

The other officers are:—

Clifton Jacobsen.....	Senior Warden
Elwood Thomas.....	Master of Ceremonies
Vaughn Driggs.....	Master of Festivities
Blaine Murdock.....	Treasurer
A. Keate Cook.....	Scribe
Sidney A. Williams.....	Historian

TAU, McGill University

ON February 3rd TAU held their second initiation for this session. Those initiated were: Brothers B. K. Sandwell, Paul Villard, P. B. Wilson as Honorary members, and Brothers R. S. O'Meara, K. Clare, H. Hayes, D. Lunan, C. Ryan and L. Webster as active members.

The ceremonies went off swimmingly in more ways than one, after which the brothers attired themselves in their evening duds, and proceeded to the scene of the feast.

The banquet was held in the Queens Hotel, in the same room as that in which Tau Chapter first saw the light of day. After the epicures were satis-

fied, Brother Leckie, acting as Toastmaster, called upon Brother O'Meara to propose the toast to the School of Commerce, which request was ably compiled with. Dr. Villard answered the toast, and related the history of the School from its earlist infancy. He offered any assistance he could give the brothers in any of his capacities as a doctor, minister, professor or brother.

Brother Leckie then called upon Professor Sandwell to propose the toast to the Fraternity. Brother Sandwell, in a speech full of the rich humour for which he is noted, said that he considered it a great honour to be one of us, and that he hoped we would forget that he is a professor, while out of the lecture-room and regard him more as a writer, economist, dramatic critic, musician or any other of his varied capacities. Brother Hughes, in replying to the toast of the Fraternity, emphasized the need for co-operation, and told of the spirit which was manifested at the convention in Chicago, last Fall. His speech was heartily applauded.

After this a few impromptus were listened to, and then the banquet concluded with the McGill yell.

On February 22nd, Mr. Egan, Canadian Trade Commissioner for South Africa, gave us a very interesting talk on that country. The meeting was held in the House, and was attended by all the Brothers and a number of men in the School who were invited in for the afternoon.

On March 8th the biggest affair the School of Commerce has ever attempted was held in the big banqueting hall of the Mount Royal Hotel. A Deltasig, Brother Harry Galley, was responsible for the idea, and started the wheels turning a few weeks ago when he came into the house and announced his plan to the Brothers. The subject was broached by Brothers Buzzell and Galley to the leading men in each of the three years, who became very enthusiastic about it and promised their support, as did about 90 per cent of the students.

Accordingly on March 8th the Commercial Society were hosts at a banquet given to the leading business men of Montreal and members of the staff of the University, at which about 175 were present. The whole affair was a huge success, and according to all reports the business men of this fair city have had an eye-opener to the esprit-de-corps of the School of Commerce at McGill, and to the Course in general.

It is generally known that it was the Deltasigs who started the ball rolling, and the importance of Delta Sigma Pi has increased substantially thereby in the eyes of the students of Commerce. May it continue to do so by leaps and bounds!

CLIFFORD P. WILSON, Scribe.

UPSILON, University of Illinois

WITH twenty-eight active members and fifteen pledges, Upsilon Chapter has entered the second year of its existence. Only two men were lost by us through graduation. Everything indicates another successful semester, and at the present time we are going "full speed ahead."

It has been a pleasure to us to take into our midst Brother V. Y. Cox, who came to us from Psi Chapter, just installed at the University of Wisconsin. Our Head Master, J. L. Williamson, gave us a very interesting account of his trip to Madison and he assured us that the new chapter is an acquisition to be proud of.

Brother Roos is the manager of the student opera "The Red Flamingo," which is being given this week-end, and is working hard to make it a success. Brothers Gulmeyer and Gallagher are to take part in this show, the former as one of the leading characters and the latter as one of the "chorus ladies."

Brother Alberstett brought honor to the organization by having his plans in regard to the formation of an employment bureau for graduating Commerce Seniors accepted by the Dean of the College.

According to the latest reports, Brother Corrington, our ex-Head Master and one of the members just graduated, has taken unto himself a better half and has left for Harvard University where he will take a two year course in Business Administration.

Brother Kinney, who also was graduated at the end of the previous semester, is now employed by Libby, McNeill and Libby of Chicago.

Last Friday night, March 16, Upsilon gave its first dance of the season at the new Chi Psi Lodge. About sixty couples were present and it was the consensus of opinion that "a good time was had by all." We were disappointed when Brother H. G. Wright informed us that he could not attend as he had planned to.

The luncheons are being held every other Thursday, as usual, and are always well-attended and looked forward to.

As it is almost impossible to secure a satisfactory house for our organization, we have been looking for a suite of rooms which could be used for our headquarters. The committee in charge of this matter reported at the last meeting that they had found a suitable place close enough to the campus to be used for meetings and as a lounging place for the members between classes and during leisure hours. We will state the exact location of these quarters as soon as the project has been favorably voted upon.

We have not had any news for a long time concerning the Upsilon Delta-sig representative in Persia, Professor E. L. Bogart, but we trust that his work is progressing nicely and that he will be with us again soon.

J. F. ENGBERG, News Editor.

PHI, University of Southern California

PHI CHAPTER is keeping step with a rapidly growing University and College of Commerce. Members of the Chapter are already among the foremost in the activities concerned with this development, and Phi looks forward to a future rich in promise.

There is now under way, at the University of Southern California, a campaign to raise ten million dollars for the building of a Greater University. The goal which has been set is the highest in collegiate history and the students and community, in undertaking the inauguration of the campaign have accepted a mighty task.

It is in times like this that the spirit of Delta Sigma Pi shines brightest in upholding the ideals of the fraternity and stimulating the enthusiasm, determination and co-operation which is necessary to the success of this undertaking. Phi Chapter, in approaching the close of its first year, realizes and appreciates the opportunity which has presented itself, to help build a great institution and to contribute to the glory to Delta Sigma Pi.

ROLLAND S. PARKER, Scribe.

CHI, University of Maryland

SINCE January, Chi Chapter has been very active, meeting practically every week, even though the regular meetings are scheduled every first and third Tuesday evenings of the month. This alone will indicate that something is being done.

The second semester was started off with the initiation on February 3rd, of fifteen neophytes, followed by a banquet with our "Good old" Brother Baker as toastmaster. Talk about a time, . . . This was our debut in the initiation line, but our work speaks for itself. Ask any of them, especially Oswald Schmidt (O! for Heaven sakes) who was elected Keeper of the Parchment Roll. Those initiated are as follows:

Wm. L. Canton	Robt. E. Stunz
Millard F. Wright, Jr.	Herbert G. Beyer
Thos. F. Bridges	Theo. R. Clemens
Robt. S. McCahan	Oswald Schmidt
Benj. H. Schooler	Irvin W. Gutberlet
Rudolph W. Gleichman	Lawrence G. Thomas
Russell C. Robinson	Clarence E. Dawson
Jas. R. Yates	

February 17th was another day which a number of us will find it hard to forget. Il est defendu! Ten of us (me too) journeyed to Philadelphia for the installation of Omega Chapter, Temple University held at the Rittenhouse Hotel on that date. Say "fellers," that was some installation! And a better bunch of real fellows you never saw. They looked fine,—well, we all did,—and felt better. As a matter of fact, "Gig" Wright said,—I'll say he did,—that it was the best installation he had presided over for a long time; but he tells all of us the same thing; nevertheless, just keep your eye (the good one) on Omega Chapter and watch them "strut."

Our next social function was a dance held at the Altamont Hotel in honor of Mu Chapter. Bob Iula (the old boy himself) giving us plenty of that "come and take me" music. And here is the place to say that the writer urges,—in fact, insists, upon every Chapter that contemplates holding a dance, to take along their "Yours Fraternally In Delta Sigma Pi" and let the musicians do the rest. Bob Iula, an authority on dance music, said it was the only fraternity song he had seen that was so easily transposed to jazzy fox trot music. Try it brothers and if you hear some one yell: "Firemen, spread your net!"—don't worry because its only that catchy,—you know? But dance on and give it a boost to the other Chapters forgetting not the composer and the one to whom it is dedicated.

We are starting off with our Thursday noon-day luncheons March 28th, and delinquent Chapters take notice thereof and start yours. Who'll be the next one?

"Fatty" Sullivan handed over the editorship of the Chi Crier to Howell A. King who is issuing the same weekly,—get the "*weekly*"—and should you fail to receive a copy, don't hesitate to write Howell and cuss him out because he's old enough to understand, and means well.

We have ten pledges on the docket, and we mean to give them the real stuff April 14th and should any distant brothers be in Baltimore on that day,

we extend you an invitation to drop in and see us,—and the pledges too. A smoker was held on the evening of March 23rd.

At the present writing, our House Committee is out looking over several houses with the view of taking one and we wouldn't be surprised at all, if at the meeting next Tuesday night, they announced the street number of the house.

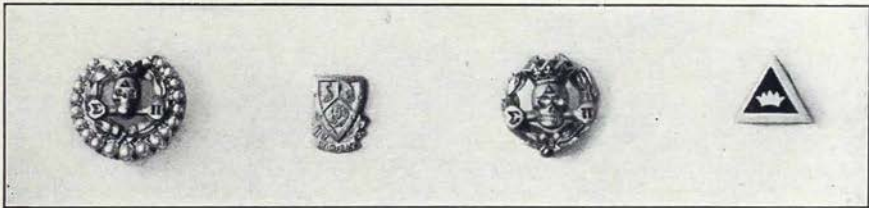

We too, want to be among those congratulating the editor and manager of the DELTASIG, as it is a commendable piece of work and we know its development into a real live magazine is a surety.

We are informed of the installation of Alpha-Beta Chapter at Columbia, Mo., to take place March 24th, and ere this goes to press you will be one of us, Alpha-Beta and proud we are to have you; may your chapter be as successful as your name-sake chapters, for you are thus honored in having their name bestowed upon you,—the father and mother chapters of our illustrious fraternity.

PORTER T. WHITE, Scribe.

Official DELTA SIGMA PI Jewelry

All orders for Delta Sigma Pi jewelry must be sent with remittance to Charles Cobeen, Secretary-Treasurer, 129 Thirteenth St., Milwaukee, Wis. A complete stock is carried on hand at all times.

1

2

3

4

1. Jeweled Badge, whole pearls, crown set \$22.00. Diamond and pearls alternate \$60.00. Diamonds entire, platinum set \$125.00. Note: The jeweled badge is the official sister pin. It may also be worn by alumni but not by undergraduate members.

2. Coat-of-Arms in solid gold, watch charm or scarf pin \$3.00.

3. Standard Plain Badge for active members \$4.00.

4. Standard Pledge Button, enameled \$1.00 each.

Add 5% war tax to all prices.

The JULY issue of THE DELTASIG

will go to press on June 15th. All chapter letters, write-ups, etc., should be mailed so that they will be received before that date. Let us have a report of initiations, social functions and chapter news. Mail all communications to

Alumni Notice

YOU Deltasigs who have graduated and scattered to the four corners of the world want to keep in touch with what is going on in Delta Sigma Pi. We want your support; we want to hear from you frequently. Let us know what you are doing so that we, in turn, can keep the membership informed.

We want to make the DELTASIG larger and more complete each issue. We want to add many new features, but this all costs money. Each undergraduate brother, through the chapter contributes annually to the International Fraternity of Delta Sigma Pi. Each alumnus who holds membership in an Alumni Club likewise contributes in the form of dues, to the maintenance of our organization. These annual dues, together with the fees received from initiations at the various chapters is our only means of support and makes possible the printing of sufficient copies of the DELTASIG and our Annual Pocket Directory to be distributed to those contributing members.

After this issue, no copies of The DELTASIG or the Pocket Directory will be distributed except to contributing members; in other words, all undergraduate and Alumni Club members will receive these publications gratis, because the former, through the undergraduate chapter, pays \$5.00 annual dues, and the latter, through the Alumni Clubs, pays \$2.50 per year dues to our national organization. Every other alumnus can, by payment direct to our Secretary-Treasurer, of annual dues of \$2.50 per year, be included in this list, and I urge every alumnus Deltasig to express his loyalty to the fraternity by voluntarily sending in to Brother Charles Cobeen, 129 Thirteenth Street, Milwaukee, Wis., his check or money order for \$2.50 for annual dues. A membership card will be issued and you will receive regularly all our publications.

Do this without delay; your support is needed to make the DELTASIG and Pocket Directory what YOU would like to see it.

H. G. WRIGHT, President.
