THE DIRECTORY OF DELTA SIGMA PI

★

Founded at New York University, School of Commerce, Accounts
and Finance, on November 7, 1907, by Alexander F. Makay,
Alfred Moysello, Harold V. Jacobs and
H. Albert Tienken.

A fraternity organized to foster the study of business in universities; to encourage scholarship and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial world and students of commerce, and to further a high standard of commercial ethics and culture, and the civic and commercial welfare of the community.

THE DELTASIG

OF DELTA SIGMA PI

The Editor's Foreword

THE sixth membership directory of Delta Sigma Pi is presented to our membership herewith. For the first time in the history of the fraternity we are publishing a membership directory as a regular issue of our magazine. This has several advantages, chiefly that it enables us to provide a much wider distribution of the directory by utilizing the facilities of The DELTASIG for one issue.

IT HAS been interesting to examine the previous membership directories published since the founding of the fraternity. Brother Wesley C. Steele of Alpha Chapter compiled the first membership directory in 1917. The fraternity had a relatively small number of members at that time, and this, as well as several other of the earlier editions, was unpretentious, and of vest-pocket size. Brother Clarence B. E. Rosane of Gamma Chapter compiled the 1920 edition, while Brother Bert C. Brumm of Beta Chapter compiled both the 1922 and 1924 directories. With the establishment of the Central Office shortly thereafter, directories published since that date have been compiled by the Grand Secretary-Treasurer of the fraternity. The fifth membership directory, containing 4632 names, appeared in the fall of 1927. Naturally this edition proved to be obsolete in a few years and there has been an increasing demand for a membership directory by our members. Therefore the current edition, which is as complete and accurate as it is humanly possible for our staff to make such a volume. Your cooperation in reporting promptly all changes of address, and also in locating lost members, will be appreciated.

IT IS hoped that the new arrangement of data in this membership directory will prove of interest and value to our members. The entire membership of each chapter has been arranged in an alphabetical manner, enabling individual chapters and the members thereof, to have a complete mailing list of both alumni and actives, and this arrangement also enables individual members to easily locate their college class mates. This current membership directory contains approximately 9800 names, less expelled members. The members have also been arranged geographically so that you are enabled to know just what members of Delta Sigma Pi reside in any city throughout the world, according to our records. The actual address of these members is ascertained by referring back to the alphabetical chapter list. The opportunities for making interesting and enjoyable fraternity contacts are manifold in Delta Sigma Pi because of its very size and distribution of members. It is hoped that our membership will utilize this directory as a medium whereby their acquaintanceship among the other brothers may be greatly enlarged, with benefit to all. Here's hoping you have many happy hours browsing through the columns of this directory!
